Sir,-

I have your letter of the 4th instant, regarding the repairs which you authorized be made to the pipes connected with the sink at the Oka Country Indian Day School. In this connection, I have to say that the action taken by you is approved as these repairs were in the nature of an emergency. In future, however, I have to request that, before incurring any expenditure, you will obtain the authority of the Department. You should report to the Department all matters regarding repairs, etc., stating fully what is required and the approximate cost of same and receive authority before undertaking the work.

After the repairs have been made to the pipes, you should forward an account in duplicate on the form provided for that purpose, properly certified, covering the expenditure incurred.

Sir:

I have your letter of the 15th instant, relative to the request of the teacher of the Oka Country Indian Day School to be supplied with varnish, paint and supplies for the school, also for the erection of a garage.

In reply I have to say that you may arrange for the purchase from a firm on the list to receive consideration, in accordance with departmental instructions, of the following supplies: 2 gallons varnish; 2 pints paint, (1 grey, 1 white;) 1 mop; 1 scrubbing brush; 3 dozen enamelware drinking cups and 1 pane glass for storm door. It is to be understood that the teacher will carry out the varnishing and painting without cost to the Department. After the purchase has been made, you should forward itemized accounts, in duplicate, properly certified, covering the expenditure incurred.

Relative to the teacher's request for the erection of a garage, I have to say that we have no funds at the present time to provide the cost of having this work carried out.

Relative to the suggestion of the teacher that an outlet be made to carry off the water that is seeping into the cellar from the outside, I have to request that you will state what arrangement you would recommend be carried out to provide a proper outlet to drain the cellar. You should give full particulars as to the work involved and the approximate cost of same. When the Department has this information, consideration will be given to authorizing having the work carried out.

OFFICE OF
INDIAN AGENT 20-1-5

Oka, May 14, 1932

Sir:-

Referring to your letter of the 18th of March, about the suggestion of the teacher that an outlet be made to carry off the water in the cellar of the Oka Indian Country Day School and asking for full particulars as to the work involved and the cost of same,, I beg to say that there are two ways to repair the cellar.

First; to fix a pipe from the cellar to a gully located at the back of the School (a distance of 120 feet) this would require the digging of a trench of 9 feet deep and to break the cement of the cellar's floor to fix the pipe,, the cost of this work would amount to \$115.00.

The second proposition, which is the best but more expensive,, would be to have the inside of the cellar recoated with waterproof cement,, this would cost around \$300.00.

In the first proposition the water would come through the cellar and leave by the outlet,, while in the second there would not be any water coming in.

Sir:-

Referring to my letter of May the 14th, relative to the repairing of the cellar of the Oka Indian Country Day School, I beg to say that there was an error in the estimation of the cost of the work for having the cellar recoated with waterproof cement.

Marinier Brothers, Contractors, would undertake this job that is to say, to put a 4 inches coat of armed waterproof cement on the floor and on the walls of the cellar for \$175.00, they would employ Indians only at this job under their supervision.

This job would be guaranteed.

Sir:

I have your letters of the 14th and 21st instant, with reference to draining the cellar of the Oka Country Indian Day School. The Department is not prepared to consider water-proofing the basement but is interested in the possibility of draining it satisfactorily. At the time the school was built, there was a drain installed to keep the lot clear of water, and it should be possible to connect up with this at much less expense than a total of \$115, which you estimate. Please ascertain who installed this other drain, get a definite idea concerning its location and let me have a further report with estimate.

Sir:-

Referring to your letter of May the 26th, relative to the draining of the Oka Country Indian School, I beg to say that I went at the School with the man who has worked there when it was installed and that my last estimation to dig a trench and replace the drain properly is \$70.00, providing the tiles pipes are in good order.

At my visit at the School it had not rained for three weeks the soil was very dry everywhere, but the water was still running through the floor and the walls of the cellar, it seems that the ground (which is mostly composed of clay) on which the School is built is waterproof like, and that the drains which are under the floor of the cellar connected with the outlet are useless.

As the children attending School are now away I would kindly ask you to delay for this work until the next visit of your Inspector, because I hesitate to recommend an expense of \$70.00 which will not improve the conditions of the cellar of this School.

Referring to the drainage in the Oka Indian Country Day School I must inform you that there is six inches of water in the cellar it will be almost impossible to store the coal there unless you give authorization to buy lumber to replace the actual coal bin which is out of use owing to water and dampness, the lumber required would be for a bin of 8 feet long by 7 feet wide, a little extra lumber would also be required for the floor of the cellar in order that the teacher can have access to the shelves where he stores his provisions for the winter.

Replying to your letter of the 20th with further reference to the drainage in the Oka Indian Country Day School, I beg to say that you may purchase the lumber required to repair the coal bin and a small extra amount for the floor.

With reference to the water in the basement would you kindly obtain and submit to the Department a price for the installation of a drain from the cellar floor and connected to the drain that lies along parallel with the school building, and was installed at the time that the school was built to take away the surface water. This drain empties into the gulley at the rear of the school and I am under the impression that it is deep enough in the ground to provide for drainage in the basement.

Sir:

Regarding the cellar of the residence of the Indian Country Day School I wish to state that it is still flooded with water and as this is very unhealthy to my pupils and family and as I am held responsible for their welfare I shall have to report the situation to the Department of Health.

When Mr. M. Lockin was here in August he made a written report but since then nothing has been done.

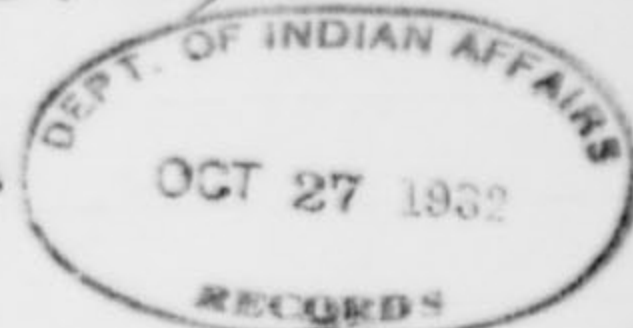

Our coat has been delivered and piled in the yard as we cannot put it into the water in the coat bin. Something will have to be done immediately.

May I ask for your earnest and earliest consideration of this problem.

Yours very respectfully,

Relative to the soup supplied to the children attending both Schools at Oka for the last two years, from December to March the 31st, I beg to say that I would recommend same for this year for the Country School only, and at the same conditions as in the previous years that is : \$15.00 a month with the supplying of all the ingredients. Mrs Smith would be willing to serve this lunch at the above mentioned conditions, mostly every children attending this School are living far from it thus unable to have the lunch at home.

As to the Village School I do not see the necessity of having a hot lunch served there, this School is located in the center of the village all the pupils attending are living near, consequently they can easily go to their own places for this meal as pupils of other schools are doing here.

I have your letter of the 15th instant, regarding the supplying of a midday lunch for the pupils of the Oka Country Indian Day School and recommending that the lunch be authorized on the same conditions as last year.

In reply I have to say that the Department will approve of Mrs. Smith, the wife of the teacher, arranging for the supplying of the lunch at midday for the four months' period from December 1st, next, to the end of March, following. She will be allowed the sum of \$15 per month for this service, which is to include the supplying of the food required. As this payment is in the nature of salary, it will be subject to a deduction of 10% during the present fiscal year. It is to be understood that Mrs. Smith will prepare and serve the lunch and supply the food required for the above amount. Please inform her accordingly and arrange that the serving of the lunch commence on the date mentioned. You should prepare and forward from time to time a voucher, in triplicate, for the amount due Mrs. Smith at the above rate.

It is noted that it will not be necessary to serve a hot lunch to the pupils of the Village School.

In reply to your letter of the 24th ultimo, relative to a voucher for \$2.42 in favour of J.A. Cadieux, covering the cost of oil and globes for the Oka Country Indian Day School I beg to say that this oil etc. was to light the class and also the residence of the School, which, as you know is not lighted electrically like the Village School. This expense was incurred when the teacher, Mr Smith, called at my office to be given an order for the above mentioned articles as it has always been done in the past for such expenses. I am quite sure that this expense was very necessary.

Mr. G. Brisbois,

Dear Sir:

I am sending out the can for coal oil again this morning. We have saved as much on lights as we can but it seems to be of no avail.

We are not wholly to blame for using so much coal-oil. The people here hold services (church) in the school two nights a week. The lamps are lit for two hours each night and as there are eight lamps it takes a lot of oil. You may bring this to the notice of the Department if you wish as services here are unnecessary when they have the church in the village and anyway I do not see why the Department should have to pay for the lights for church services here.

When I took charge here I was promised light and heat by the Department.

Yours truly,
Albert E. Smith.

You will find herewith voucher no 317 amounting to \$2.63 in favour of J.A. Cadieux together with the original of a letter sent me today by Mr Smith teacher relative to the large expense of coal oil at the School.

As explained by Mr Smith it seems that the holding of services in the School is responsible for the use of so much oil. I would be glad to receive orders from you relative to these expenses, because at present I cannot refuse to authorize the purchase of oil although I know that they are using the School too much for all kinds of meetings.

Sir:

The Department is in receipt of your letter of the 16th instant, enclosing account for \$2.63, for coal oil used at the Oka Country Day School. This account is being paid.

It is noted, from the teacher's letter, that the use of a large amount of oil is due to the fact that church services are frequently held in the school. As our Appropriation for Indian Education is greatly reduced, it will not be possible to consider payment of similar accounts in future. If these meetings continue to be held, it will be necessary for those interested to make other arrangements for securing oil.

Sir;

Will it be possible for me to use a few storm windows off the school in order to make a hot bed for the growing of plants for the School Fair for the children. If so I intend building the frame at a neighbours place where manure and soil is handy. I can promise that if the sash or glass is in any way damaged I will replace same.

I am pleased to report that the proceeds of the concert held recently, were sufficient to buy seeds and prizes for this venture for the year. The children take a great deal of interest in it and they have profitted by last years fair work.

An early reply would be greatly appreciated.

It was proposed by Harry Oke seconded by Willie Cree, that the Department be asked to paint the outside of the Oka Indian Country Day School which needs paint very badly. It is also suggested that, if, this proposition is accepted, to have this work made by Indians instead of giving the contract to white people as it used to be done in the past.

I would recommend this work as this school needs painting in order to protect it and I would also recommend to employ Indians on the relief list for this job.

Oka, June 2nd, 1933.

Sir:-

I have your letter of the 26th ultimo relative to the painting of the exterior of the Oka Indian Country Day School, in which you inform me that the Department has decided to grant same favourable consideration.

In reply I beg to furnish you the prices of the materials required and also an estimate of the cost of the labour. Prices are as follow, Paint Ramezay "Unicorn" \$3.95 a gall, quantity required approximately 9 gallons of white and 2 gallons of green paint. Shellac $\frac{1}{2}$ gall, \$3.00. Porch paint 1 gall, \$3.95. Green stain for roof 9 gallons at \$1.50. Paint brushes 5, 3 large ones and 2 small ones \$4.50. 1 Steel brush for scrapping the old paint \$0.50. Labour at \$2.25 a day, approximately \$50.00, there will also be the cost of replacing a few window panes and of a few pounds of putty. It is understood that the work would be made by indians on the relief list and preferably by head of large families, providing they can work satisfactorily as painters. The above mentioned estimate was made to the best of my knowledge, and I beg to assure you that this work, if authorized, will be supervised very closely in order to keep it as low as possible.

Sir:

I have your letter of the 2nd instant, giving an estimate of the cost of the material and labour in painting the exterior of the Oka Country Indian Day School.

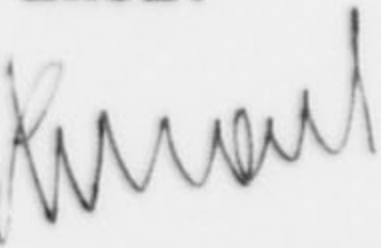

In reply I have to say that the Department will approve of you arranging to have the painting of the exterior of this building carried out during the coming summer holidays. You should arrange for the purchase of the quantity of paint and roof stain, also paint brushes and one steel brush for scraping the old paint. The purchase should be made from a firm on the list to receive consideration. The work should be performed by Indians on the relief list, provided they can do it satisfactorily. You should supervise the work as closely as possible and see that a satisfactory job is completed.

Please obtain itemized accounts, in triplicate, covering the cost of the paint and other materials. These, you should attach to proper voucher forms, certify in the usual manner and forward for payment. Proper returns of the labour employed should also be kept, in triplicate. Each column on the return should be filled in, as requested under the various headings, and the return should be certified by yourself and forwarded for payment.

I enclose an Encumbrance Certificate, authorizing the funds to cover the cost of the material and labour to an amount which must not exceed the sum of \$125. When forwarding the vouchers, as requested above, please state on each copy that the expenditure was incurred under authority of E. R. No. 639.

The Department will expect you to see that, while a satisfactory job is completed in the exterior painting of this building, all expense is kept as low as possible.

Oka, July 18, 1933.

Sir:

You will find herewith voucher no 494 amounting to \$61.88 in favour of J.A. Cadieux, Merchant, for material supplied towards the painting of Oka Indian Country Day School. I beg to point out that my estimates of \$125.00 in my letter 20-1-5 June 2nd, 1933, have been exceeded by \$7.28 as follow; for labour \$70.40, material \$61.88, instead of \$50.00 for labour and \$75.00 for material as per my estimation.

Relative to the cost of the roof stain the merchant had given me the price of \$1.50 per gallon while it is charged \$1.75, the explanation for the difference in the price is that Mr Cadieux had not any stain in stock when he gave me the prices and when he received same from the wholesale dealer he found himself unable to sell it for the price he had mentionned. All the paint, stain etc, that has been employed was of the best quality.

Sir:

Mrs. Paul Gabriel visited the Department recently and stated that a hot drink at noon is required at the Oka Village Day School, owing to the fact that a number of children from the country attend this school. In your letter of November 15, 1932, you stated that a hot lunch was not required at the Village School as all the pupils attending it lived close to the school and consequently could easily go home for their meal. I would appreciate your advising if children living at any distance are attending the Village School this year.

I may add that our funds have been so reduced that it is doubtful if we can provide any large amount for midday meal purposes. A definite decision will not be made until your reply is received, but in the event of your recommending a hot drink at the Oka Village School, it is considered that the same should be allowed at the Oka Country School.

OFFICE OF
INDIAN AGENT 20-1-5

Oka, October 19, 1933.

Sir:-

I have your letter of the 11th instant relative to the request of Mrs. Paul Gabriel for a hot lunch at noon at the Oka Indian Village Day School, owing to the fact that a number of children from the Country are attending this School.

In reply I beg to advise you that 12 children in school age from the country are supposed to attend the Village School this year, but out of this number only four are attending regularly since the beginning of School in September. It is not well understood why Mrs. Paul Gabriel requested a hot lunch for her children at School as they are the most irregular in attendance at the Village school. Last winter none of her four children went to school, according to the teacher, and at present only one of this family is attending. The children from the Country attending the Village school are very irregular in attendance and I would not recommend any expenses for a hot lunch.

According to the teacher Mrs. Tupper the giving of soup at the School by the Department is a waste of money. When a hot lunch was served at this School the Department was paying \$15.00 a month for five months a total of \$75.00, this amount was paid to feed an average of three or four children from the country every day. When this hot lunch was discontinued last year, the Indian parents did not request same and this year apart of Mrs. Gabriel I have not had any request for the lunch.

Instead of paying for a hot lunch I would rather recommend to supply the few pupils from the Country attending the Village School with a "Thermos bottle" this arrangement would avoid any waste of food, and the parents who really want their children to have soup would supply same themselves when their respective children would be going to School. It would also cost less than the price of a lunch during the whole winter.

Sir:

I have your letter of the 19th instant, regarding the supplying of a lunch at noon to the children from the country who are attending the Oka Village Indian Day School.

It is noted that the teacher and yourself consider that owing to the small attendance of these children, it would be a waste of money to continue the serving of a lunch. The Department, therefore, approves of it being discontinued during the coming winter.

We are not prepared at the present time to supply a thermos bottle to the few pupils from the country who attend this school.

Mr. F. Brisbois,

Indian Agent,

Dear Sir :

May I ask why there is a shortage of coal delivered to this school this year ? By my computation there is approximately a half a ton of a shortage. I cannot do with any less than seven tons.

Will you please communicate with the department and ascertain whether they intend to continue the supplying of soup to the school children this year from December 1st. to March 31st.? And if this is the case, will Mrs. Smith serve it as in former years ?

Will you also ask if we are to get the usual treat of candy for the pupils of this and the village school ?

I am obliged to requisition the Department for the following :

Laundry soap to the value of 25 cents. (Janitor work)

1 cake of Bon Ami. (For cleaning windows)

Toilet soap to the value of 25 cents.

4 yds. cheap roller towelling.

1 Floor mop.

1 small bottle of O Cedar polish for dusting school desks.

1 stove shaker to fit Legare's Jewel heater.

The school clock is broken. I believe it is the spring, as it seemed to uncoil when I was winding it one day last week. Will you see about getting it mended and at your earliest convenience will you get me a time-piece of some sort as I have no watch and we have to use the kitchen clock which makes it very inconvenient.

Will you also arrange to have the school water-tank mended if it is at all possible ? Every time the inspector comes he complains of the open drinking water container. It has been out of order now for nearly two years and I am of the opinion that it can be mended if taken to a competent person.

I should like it very much if you would write also regarding the supplying of coal oil to this school residence this year. Please make it clear that the bill last year which seemed exorbitant was really for two months supply of oil. When other residences are lighted I do not see why this one is not.

You will also inform the Department that from now on I will not be held responsible for any damage to the school desks and walls as long as religious meetings are conducted in the class-room. I have tried hard to make the people see that they must not scratch the desks or write on the walls, but it continues and I am at a loss to know what to do further regarding these defacements.

All of the above is very respectfully submitted and I ask for the co-operation of yourself and the Department at the earliest possible date.

Yours respectfully,

Albert E. Smith

Sir:-

I beg to transmit you herewith the original of a letter received from Mr. A. E. Smith, schoolteacher, in which he is requesting some articles to use at the School of the Country at Oka.

I would recommend to supply the School with the articles such as laundry soap, Bon Ami soap, toilet soap, roller towelling, one mop, Cedar polish and also with a stove sahker. I would also recommend to have the clock repaired and the water-tank of the School mended.

Relative to the supplying of coal oil I beg to say that this item was cut off last year.

In connection with the supplying of soup and also to the usual treat of candy for the pupils of both School I will send you a recommendation in a few days.

Sir:

I have your letter of the 6th instant, enclosing copy of a communication which you received from the teacher of the Oka Country Indian Day School. In reply I have to say that you may arrange for the purchase and delivery of the following:-

6 cakes laundry soap,	4 yards cheap roller towelling,
1 cake Bon Ami,	1 small bottle O-Cedar polish,
6 cakes toilet soap,	1 stove shaker.

You may also purchase a clock of the Big Ben type. It is considered that this would be cheaper than to have the school clock repaired. After you have made the above authorized purchases, you should obtain an itemized account, in triplicate, covering the cost. This, you should attach to proper voucher forms, certify in the usual manner and forward for payment.

With reference to the repairs requested to the school water tank, I would request that you state the cost of having this tank placed in a satisfactory condition. The Department is not prepared to furnish the teacher with coal oil for the residence. Regarding the supplying of soup for the midday meal and the usual treat of candy for the pupils at Christmas, it is noted that you will make a recommendation in the course of the next few days.

Country Day School,

Oka, Que., Dec., 18th., 1933.

Mr. F. Brisbois :

I wish you would ask the department if I may have 5 links of stove pipe. The school is too cold this year and I intend taking the stove out of the dining room in the residence and setting it up in the school. On a very cold day such as we had last week I find it impossible to keep the school warm enough for the pupils or myself to keep warm enough for good work. The residence is so cold that we are going to close the living room and use only the kitchen and dining-room which can both be heated by the kitchen stove.

The first winter we were here we found the place quite warm but last winter it was pretty cold and this winter it is worse. It would seem as if the building had been built of green lumber and it shrinks as it dries thereby making cracks between the boards.

I shall need a new ash sifter. The one I have was worn out last year and I thought I could patch it up to do the year, but it is going fast so I shall have to have a new one. I also need a mop.

Will you please send me 4 report forms for reporting the attendance for the term. Will you send me a couple of requisition forms as I have need of books for pupils who have passed to a higher grade.

I should like if you would find out if the department is willing that the children have soup at school during January, February and March of 1934 and if so will it be under the same terms as last year and the year before.

Dear Sir:

Yesterday just after you left we discovered that the kitchen pump refuses to function. I am not sure whether it is the pump broken inside or perhaps it is a shortage of water. However the plumber could tell by the sound. The drain pipe is disconnected at the floor, it will need to be soldered so if you send in the plumber he can do both jobs at once.

Thanking you,

Oka, July 6, 1934.

Sir:-

You will find herewith voucher no.901, amounting to \$3.00 in favor of D.Vaillancourt, for repairs made to the water pump at the Oka Indian County Day School.

This water pump had been repaired in April but it again went out of order at the beginning of June last. The teacher was obliged to take the water for use of the children attending School at a well located at Simon K. Simon, neighbor of the School, which well is behind Simon's barn and at a lower level than the barn.

As there were a few cases of "scarlet fever" on the Reserve I thought advisable to have the necessary repairs to the pump made immediately, this in order to prevent the spreading of the disease through the use of water coming from an unsanitary well.

Oka, September 18th, 1934.

Sir:-

Mr. Smith, teacher at Oka Indian Country Day School, is requesting the Department to replace the two ordinary coal stove presently in use at his School by a hot air furnace. The teacher claims that it would be more convenient for him to have only one fire to make than two, as it is presently. I do not recommend to make any change in the present system of heating the classroom and the residence as it gives ample satisfaction and also because the buying of the furnace requested would cost over \$100.00.

Mr. Smith also requested to be supplied with 1 large dish pan, 1 covered sauce pan, 2 yds. of white oilcloth to cover the bench of the kitchen. None of these are articles are recommended as the teacher should buy himself the necessary utensils for the use of himself and his family.

Mrs. Smith, janitor of the School requested to be supplied with 2 brooms for her work and also with one gallon of linseed oil for the floor of the classroom. I would recommend to supply her with the oil requested and with 1 broom. The cost of oil is \$1.20 a gallon and a broom 0.50.

Dear Sir:-

Mr A.E. Smith teacher of the Country Indian Day School, recently called at the office and ask, if it is the intention of the Dept, to authorize Mrs Smith to make soup for the children for the noon-day meal as in former years except last year.

And he ask the Dept, if you are prepare to give the children the usual Xmas treat of candy as in former years, and Mr Smith applied for 8 window-glasses 10x12 cost 0.7 each and 1 $\frac{1}{2}$ putty, the amount will be 0.75 .for all.

In that case I recommand \$5.00 for Xmas candy and the glasses, but not the soup for children, because in Oka we hve many Country Schools for the white children and none of those schools give soup for the noon-meal, then I do not considered as very necessary, and if the children break some dishes, Mr Smith will ~~claim~~ claim a payment and it would cost dear to the Dept, at the end of the winter.

The Indian Country Day School,
Oka, Que., Dec., 10th., 1934.

Mr. F. Brisbois,
Indian Agent,
Oka, Que.

Sir,

We are just about frozen in the school here to-day. I have had a fire on all night and still the school is too cold for either the children or myself to work in. There will have to be another stove set up. Will you please get in touch with the Department and find out what can be done. If possible get one without a jacket so that the children can get to it to get warm. They arrived here this morning crying with the cold and we had to take them out to the stove in the kitchen to get warm. I never was so dissatisfied with anything as I have been with this jacket stove. As I told you before I rented a stove last winter for the school and paid for it myself but I do not intend to do that this year. If the Department can not rent a stove we will do without, but I will not hold school in a building that is not properly heated. The fault lies in the material used in the building in the first place. The only way that this can be remedied now is to install a furnace in the basement.

For this winter an old stove will do providing it will burn coal. There is a small one at Ernest Simon's that would do well if they would rent it for the winter. We shall need some new pipes too if you get a stove, because the old pipes are full of holes from rust.

Thanking you for past favours,

Yours truly,

Albert E. Smith.

Mr Smith ever spoke to me about a stove, but
in that time he was not in need of a stove because the
weather was very mild, but now he pretend, that it is too
cold in the class to stay, and if the Dept. do not want

Sir:

The Department is informed by Inspector McGookin that a woodshed is required at the Oka Country Indian Day School. If a suitable woodshed can be erected at a cost not exceeding \$60, the Department is prepared to authorize this expenditure. Please obtain an estimate of the cost of a suitable woodshed and submit same to Mr. Agent Brisebois, who will forward your estimate to the Department for consideration.

In obtaining prices for the lumber required, you should ascertain from Mr. Brisebois the names of the firms on the approved list who handle same.

The Indian Country Day School,
Oka, Que., Sept., 30th., 1935.

A. F. Mackenzie,
Secretary,
Dept. Of Indian Affairs,
Ottawa, Can.

Sir,

Reference your letter to me dated Sept. 19 # 20-1-5.
Regarding estimate of the cost of construction of a wood-
shed at the school here.

I have given this my spare time and thought
and have arrived at the following conclusion; After asking
the price of lumber from Mr. Marinier of Oka who is on the
approved list I find that his price is prohibitive and that
we could not erect even a very small shed of rough lumber
for \$60. if we were to buy the lumber from him. I have been
to visit several mills not on the list and find that the
one situated at St. Andrews East has the best grade of
lumber and at the same time the cheapest \$24.50 per M. This
is the price delivered here. Planed spruce is \$31 per M.
May I make a suggestion that the contract be given to an
indian here, Lindsay Bonspille, who has had experience in
building, having helped me erect a summer home at Restoule.
After talking to him in this respect he thinks that it would
be possible for him to get his material from St. Andrews
and put up the building for \$60 but only out of rough lumber.
If the Department were prepared to allow an extra \$20 making
\$80 in all he could put it up using planed spruce.

I am taking the liberty of enclosing a plan
which I have in mind. The plan is not well done as I have
had no experience in blue print work but I hope that I may
make myself understood by it. The size would be 12'X18'.
There is very little use in putting up a shed unless it is
to be used as a garage. I have not got a car but I may have
before I leave, or my successor might have one.

Indian Affairs. (RG 10, Volume 6096, file 323-5, part 3)

ARCHIVES PUBLIQUES

The length would have to be 18' so as to accommodate the new build of cars. On the width 9' would be allowed for the car and 3' for the wood which would be piled along the side. The roof would be flat and sloping with sufficient slope to allow for drainage of water. A slide window in the back and a small door in the side besides the two large doors in the front.

The following is a list of the required materials with the approximate cost of same:-

1012 B.F. rough inch @ \$24.50 will cost	\$24.80
335 B.F. 2" scantling etc. @24.50 "	\$ 8.20 approx.
3 rolls roofing @ \$3.00.....	\$ 9.00
2 small windows @ 2.40	\$ 4.80
35 lbs.nails @ 5 ¢	\$ 1.75
Hinges, hooks, etc allowing.....	\$ 1.65 lowest.

	\$50.20

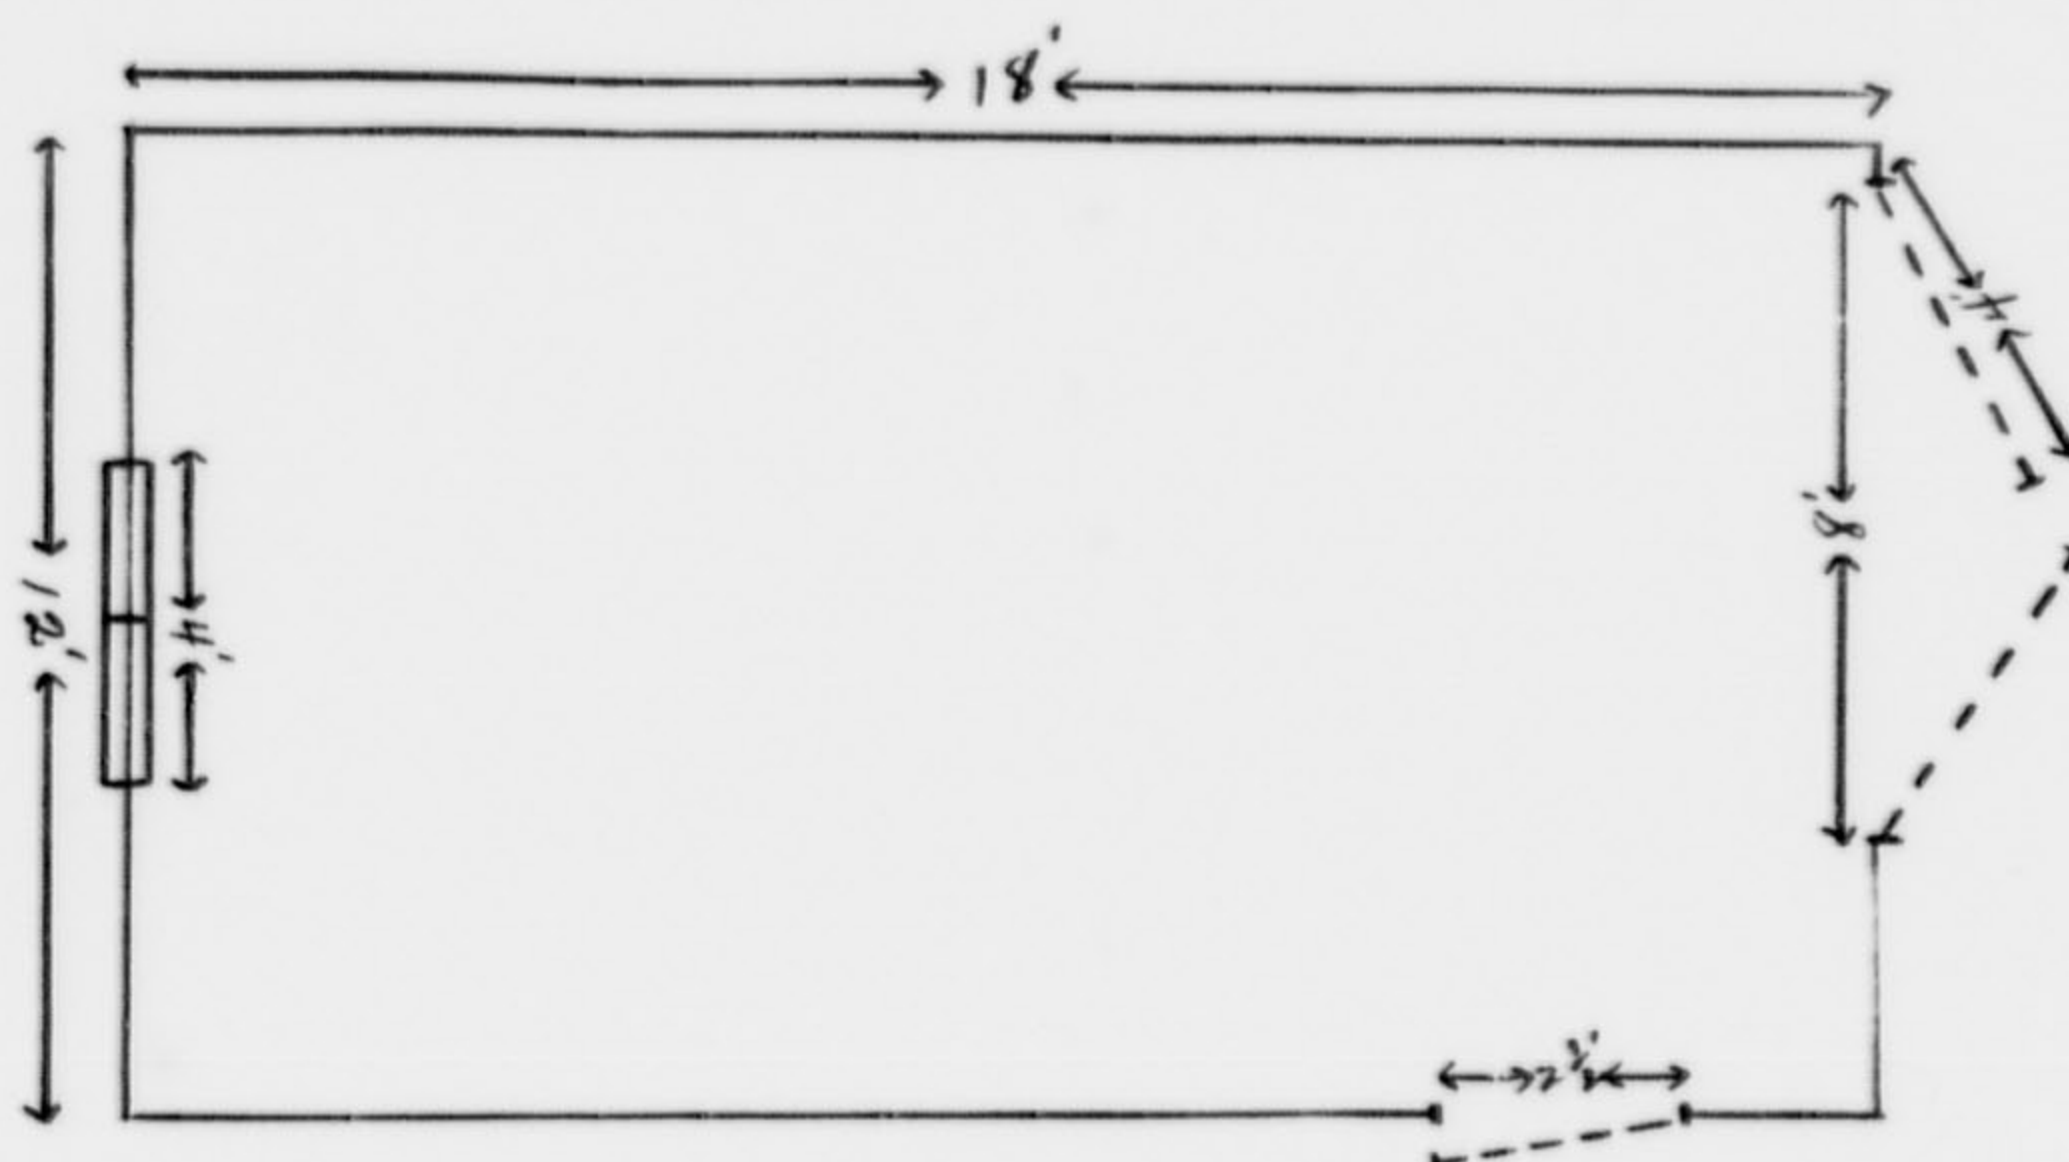

This, you see, would allow the man \$9.80 for his labour in putting it up. This is figured on the basis of a shed 12'x18' of rough lumber only. As I consider it inadvisable to erect one any smaller that is the only material we could use, but as I pointed out before if the Department will allow an extra \$20. it would be possible to erect one the same size of planed spruce.

The estimates and drawings have been done to the best of my ability. If I have been of any service to you in this respect I am very thankful to have been offered the privilege of so doing. It has been one way in which I can thank the Department for the many favours conferred in the past.

Yours very truly,

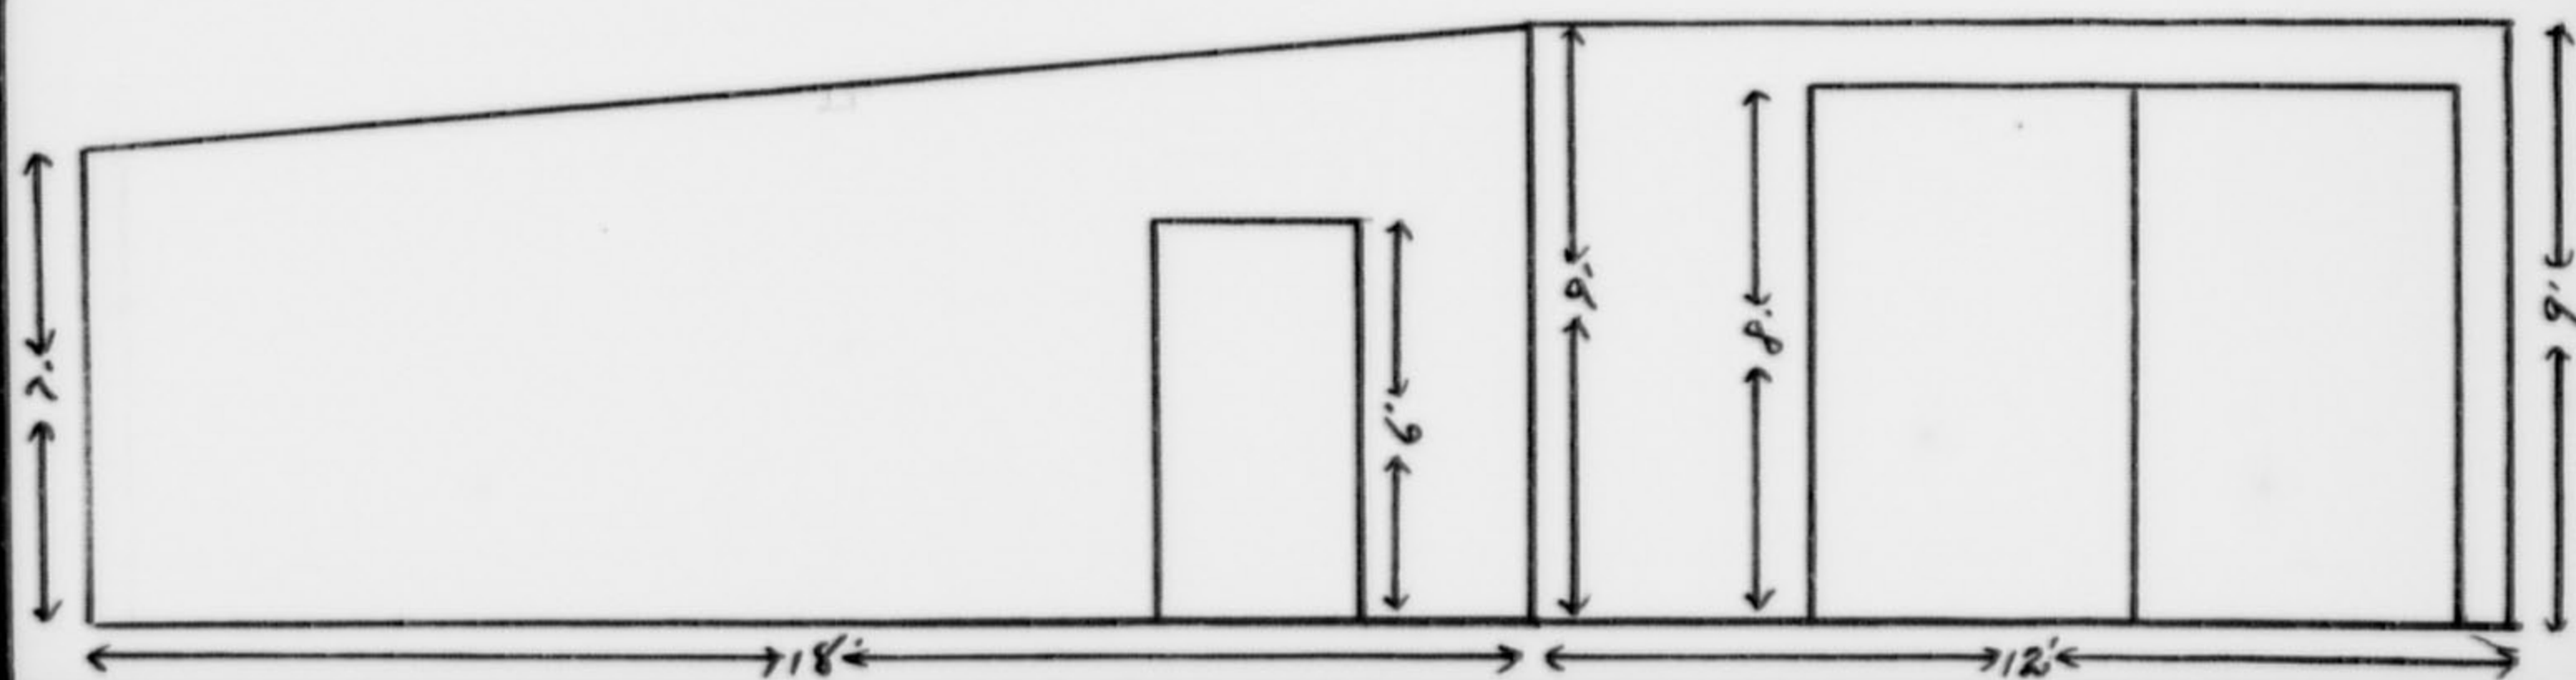

Albert E. Smith.

◆ Suggested plan for a woodshed to be erected at the
Oka Country Indian Day School.

In my estimate on page 2 of my letter I did not allow for
suitable foundation. This, we had thought, could be done with
4 Butternut or Cedar logs 18' in length. The cost would be
about \$3.50 for the four logs.

Sir:

With reference to your letter of the 30th ultimo, enclosing communication received from the teacher of the Oka Country School, I have to say that you may authorize Mr. Smith to engage Lindsay Bonspille, an Indian, to build the woodshed. It is noted, from Mr. Smith's letter, that the cost of material and labour will not exceed \$60. In order to keep the expenditure within this amount, the woodshed might be built a little smaller than the plan shown by Mr. Smith. The Department sees no necessity for building this woodshed large enough to serve as a garage. The Department only wishes to supply a woodshed for this school.

With reference to your letter of the 10th instant, regarding the woodshed for the Oka Country School, I beg to say that you may inform the teacher of this school that the Department is only prepared to expend \$60 in the erection of this building. This amount is intended to cover the cost of both materials and labour.

As you were informed in official letter of the 4th instant, the Department does not consider it necessary to build as large a woodshed as that shown on the plan submitted by Mr. Smith. The Department finds it necessary to return the account which you submitted covering the cost of the woodshed at the Oka Country School.

The printed account reads, "J. Marinier Freres", while you entered on the voucher, "Marinier & Frere, Undertaker". The entry on the voucher should be similar to the letter head of the firm.

The account requests 6% sales tax on the total bill. In this connection I would point out that 6% should not have been charged for the following items: roofing paper, hinges and nails.

The Indian Country Day School,

Oka, Que. Feb. 8. 1936.

Mr. Paul Brisbois,
Indian Agent,
Oka, Que.

Dear Sir,

The farmers in this community are working very hard to get the electric light through this part of the country. They have almost enough names on their list now. I was approached by one of them last night to see if it would be likely that the Department of Indian Affairs would put the lights in the school if the line went through.

I am accordingly writing to you to have you write to the Secretary and see if they would be willing to wire the school and residence for the lights.

Since I have never asked for a raise in salary in my five years work here I do not feel that I am asking too much in this request. It is so unhandy getting coal oil in from the village and lights are such a convenience, much more so since we have been accustomed to them before coming here. I do not know how much would be the cost of the wiring, but I know that there would not be the extra expense of poles or extra wire as the school is right on the highway # 29.

If you would write at once and ask for an early reply as they want the information complete by Feb. 15th.

Thank you very much,

The Country Day School,
Oka, Que., Sept. 16. 1936.

The Secretary,
Dept. of Indian Affairs,
Ottawa, Can.

Sir,

On Sept. 2nd. I asked Mr. Brisbois, the agent, for a broom, a boiler, wash tub, wash board, and a bread box. An indian asked him a few days later for the job of painting the wood-shed. Brisbois called today and brought a broom and said that you had not mentioned anything about the other articles on my requisition. He also brought a gallon of white paint and part of a two quart can of green paint which was left from painting the village school this summer. He said that you had said that I was to paint the wood-shed myself. I doubt that very much. In the first place I was hired here as teacher and not as painter. Secondly it puts me in a bad light with the indians as they will think that I am being paid for it when some of them should have the job. Thirdly, there are very few people who work for the government for nothing. I would advise that the work be given to one of the indians, four dollars I think should be ample. Regarding the articles mentioned they were here when we came but the bread box got so rusty that we had to discard it. The painters stood on the boiler to paint the school two years ago. The wash tub and board just plain wore out. May we not have them replaced?

While we are at it, may I know why it was that we were not given new pipes for the school last winter. I can show you stove pipes we used last winter that had holes in them as large as quarters. I asked twice for them but funds were too low. The insurance company would not care about such evidence were it presented in case of the place being damaged by fire. May I ask also why the supply of kerosene has been cut off. When I came here in 1930 Mr. Ferrier told me that the Dept. supplied lamps and oil. Two years ago it was out off. That is quite all right providing the payment of lights is curtailed in other schools and residences. But it is still being paid for other schools and teachers. It seems a little unfair.

Please pardon me for writing this letter direct to you but I can do nothing else. I have proof for all these statements and am willing to furnish it when needed. I do not blame you for the above. You and Mr. Mc.Gookin have been very nice about anything I have asked for in the past, and I thank you both for it.

Yours truly,

Albert E. Smith.
Teacher.

Dear Sir:

I have to refer further to your letter of the 9th instant, regarding the request of the teacher of the Oka Country Indian Day School, to be supplied with certain equipment. After giving this request further consideration, it has been decided to authorize the following equipment:-

- 1 wash boiler (copper bottom),
- 1 tin bread box,
- 1 bottle O'Cedar,
- 1 zinc wash tub and board.

It would be well for you to consult the teacher before making the purchase and ascertain the type of the above equipment he requires. You should then arrange for the supplying of same.

Regarding the painting of the woodshed, you may engage the services of an Indian to do this work, under the supervision of the teacher. It is understood that you have already supplied the paint required.

The Department understands that new pipes are required for the stove. You should arrange for the purchase and supplying of the quantity of stove pipe necessary.

Please obtain itemized accounts, in triplicate, covering the cost of all authorized purchases. These, you should attach to proper voucher forms, certify in the usual manner and forward for payment.

The teacher has requested that a supply of kerosene and some lamps be supplied. The Department has not furnished oil to this school during the past two or three years, but, in view of the fact that accounts are paid for lighting at the Village School, it is considered that the teacher at the Country School should be allowed a reasonable quantity of kerosene for lighting purposes only. You may purchase, in a suitable container, 5 gallons of kerosene and also, if the teacher requires same, two lamps of an inexpensive type. We are informing the teacher that you have been instructed to arrange for the above purchases.

Yours truly,

Paul E. Brisebois, Esq.,
Indian Agent,
O k a, Que.

A. F. MacKenzie,
Secretary.

EX'D.

Ottawa, September 19, 1936.

Dear Sir:

I have your letter of the 16th instant, regarding the supplying of certain equipment, which you requested for use at the Oka Country Indian Day School. In this connection I have to say that Mr. Agent Brisebois has been instructed to arrange for the purchase of the following:-

- 1 wash boiler (copper bottom)
- 1 bread box,
- 1 bottle O' Cedar oil,
- 1 zinc wash tub and board.

The Agent is also being requested to arrange for the services of an Indian to do the painting of the woodshed. In this connection I may say that it was considered, as only a small amount of painting was necessary, that you would be able to do this work. However, in view of your letter, the Department has authorized the Agent to arrange, as stated, for an Indian to do the work. I should be pleased, however, if you will see that a satisfactory job is completed.

Mr. Brisebois is being instructed to purchase and supply the quantity of new stove pipe required and also to arrange to supply, in a container, 5 gallons of kerosene and two lamps of an inexpensive type.

Yours truly,

A. F. MacKenzie,
Secretary.

Reference to hot lunch which was discontinued a few years ago. I should like to see this carried on. There are a great number of underprivileged children in this school they need it. There are 28 pupils who live an average of 1 and $\frac{1}{2}$ miles from the school. They need it very badly when we consider the weather and roads they have to contend with in the winter here. In past years Mrs. Smith served the lunch supplying everything herself and being paid at the rate of \$15.00 per month. When she counted up at the end of the term she had an average of \$4.60 a month for her work. She served soup which was a good nourishing meal in itself. Why not consider the lunch as in former years for the four months of Dec. Jan. Feb. March. It really is needed badly here.

Dear Sir:

It has been decided to allow a grant of \$7.00 for prizes for the school fair which will be conducted next Fall by the teacher of the Oka Country School for the pupils attending that school. You should so inform Mr. Smith.

The teacher requests that funds be provided to serve a hot drink to the pupils at noon. Do you consider this necessary? If so, please give an estimate of its cost. In the event of a hot drink being served at the Country School, would a similar application be received from the Village School?

Dear Sir:-

I have your letter of the 17, instant in connection with a request made by Mr. Smith teacher at the Oka Country Day School, that funds be provided to serve hot soup instead of hot drink,

In reply I beg to tell you that I saw Mr. Smith in connection with the said matter, the price per bowl of soup will be 0.3, this might cost about \$12.00 to \$15.00 per month according to me as the Department supplied Cod liver oil, I do not consider that soup or hot drink will be very necessary, now, if the Department want to supply soup to the Children I recommend only for three months December, Jan, & Feb, the cold months.

I beg to transmit you the request made by Mr. Smith 25 yards of weather stripping for four doors, and suitable tacks for applying same, 20 stove pipes, 2 damper pipes, 1 elbow, and 1 "T", 2 towels and 2 bars of toilet soap.

In the past years, the Department used to give each school, village and country, an amount, \$8., I think, to purchase candies for the school children, as a Christmas treat.

I have been asked by both teachers, if the Department would authorize the same this year. Please let me know at your earliest convenience your authorization for same, as I presume this request will be granted.

The village school needs a tin stove guard for the residence, and I would recommend same.

The Country school needs:
one gallon of floor oil - one mop and one broom, which I also recommend.

Mr. Smith is asking that soup would be served again this year, for the months of January, February and March, and his wife would be ready to make this soup, supplying the materials herself, but he claims that last year, Mrs. Smith just broke even on expenses, having nothing for her work, and he is asking for a salary of \$10. or \$12. per month.

The Country Day School,

Oka, Que., Sept. 17, 1932.

Mr. F. Harbour,
Indian Agent,
Oka, Que.

Dear Sir,

I should like to know if you have made any further arrangements regarding the installation of a furnace in the school and residence here.

You will remember that, at the time of the visit of Mr. Thibault in May, we discussed with him the advisability of putting a stove in the basement and decided that the fire hazard would be too great. I understood then that the matter would be taken up at Ottawa and that steps would be taken to have a furnace installed which would heat both school and residence.

A furnace to supply the required number of units of heat for the cubic footage of this whole building should not cost very much. There is a place in the basement for a furnace with smoke and heat pipe holes already arranged.

If a furnace is not installed there will most certainly have to be a stove set in the basement to warm the floors. This would be a waste of time and money because there will have to be a furnace installed eventually. If the furnace is not put in we will have to have new lining for the both stoves in the school and for one in the residence. There will also be 20 new pipes bought to replace the ones which are now too old to do further duty. The saving on coal I believe would pay for the furnace in a few years. I would be willing to give any labour I could to help with the installation of the outfit. I am always willing to help in any way so as to save on the cost of any repairs here.

2.

Last winter we had two stoves going in the school and two in the residence and then we could not warm the floors. There seems always to be about a foot of cold air on the floors. Every winter we have to close school a few days owing to the cold; I teach on Saturdays to make up lost time but I do not feel like continuing this plan since the place could be warmed by a furnace.

When I took charge of this school eight years ago I was assured that, the place being new, it would always be warm. From our first winter here we have found it to be anything else but warm and it gets worse from year to year. We have a four months old baby this year and she will have to be on the floor for a part of each day. I do not see how we can warm the floors if there is no other way of heating the residence than the method now employed.

You would be doing the pupils, my family and me a great favour if you would take this matter up with the proper persons at Ottawa and give me their decision in the very near future.

Thanking you for all past favours, I am,

Very sincerely yours,

Albert E. Smith.

Dear Sir:

With reference to your letter of the 21st ultimo please let me have full details regarding the furnace that would be required at the Oka Country School. You should also let me have an estimate of its cost. Do you consider that there is sufficient room in the basement of this school for a furnace and can it be taken in through the present door leading to the basement?

I think it would be well to have the outside of the school banked. This could be done at a very reasonable cost by employing an Indian.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 19th. instant, regarding the furnace to be supplied at the Oka Country Indian day school.

In reply I beg to say that it is only this morning that I could get an expert from a company to come and see the school house and give me an estimate of the installation of a furnace in this school.

The Legare Company of Montreal could instal a furnace of 25 to 35000 cubic feet for the price of \$349.25; it would be a furnace "ECLAT" with the fire box built of Boiler Plate, welded and riveted; the cost of the furnace itself, installed would be \$325.00 but in order to send the heat in the class room; there would be an extra expenditure of \$24.25.

This price comprises the whole outfit installed and guaranteed to give 70 degrees of heat Fahrenheit.

The company guarantees to instal the whole thing in 48 hours after the reception of the order. I would recommend such installation, because the school house is really cold.

The kitchen stove of this school would also need new fire box and lining; the price would be \$13.40 and if the furnace is purchased, the replacing of the stove linings, would be free of charge; that is to say the handwork.

Kindly let me have your immediate answer, because the roads from Montreal to Oka may close at any day thus delaying the installation of the furnace.

Mr. R. A. Hoey,
Supt. Welfare & Training

Dear Sir:-

In the previous years, an amount of \$8.00 was granted to each of the two Indian Day schools, for a Christmas treat, of candy to the pupils. The teachers having asked me for same, I take the liberty of asking the Branch if such treat is going to be granted this year.

In the past years, the country school children have been supplied with a mid day lunch which was served by the teacher's wife. Mrs. Smith would be ready to serve such meal this winter again for the price of \$10.00 per month; she would supply everything, and would like to be paid monthly. I would recommend same, to begin upon receipt of your answer up to the end of the month of March next. In addition to this, 6 bowls would be needed.

Mrs. A. E. Smith who is performing the duties of janitor at the Country school would like to have her salary paid at the end of each month. I presume this could be done and I would recommend same.

Oka, January 27th. 1939.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 24th. instant together with my voucher No. 913 which was returned to me.

With reference to this voucher No. 913, I beg to say that it comprises three items, viz: \$27.33, \$7.20 and \$20.87

The item \$27.33 was authorized by your letter 20-1-4 dated October 3rd. 1938, signed by Mr. Phelan.

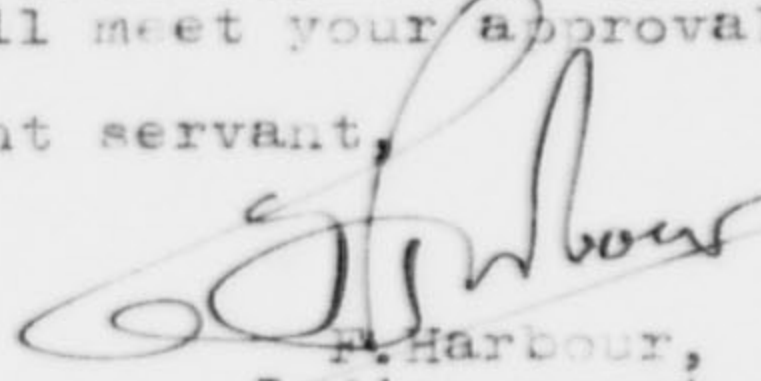

The item \$7.20, covers books and school supplies which have been supplied to the Indian families whose children attend the Catholic schools in Oka, and they were supplied on an order from the teachers.

The last item \$20.87 [to the exception (of 2 gals. of floor oil and 2 door mats, amounting to \$5.80 for the two,) covers the necessary supplies ordered by myself for the upkeep of both schools, Village and Country, and upon request from the janitors.

I am returning you herewith the vouchers and hope that these informations will meet your approval.

Your obedient servant,

Mr. R. A. Hoey,
Supt. Welfare & Training,

Dear Sir:

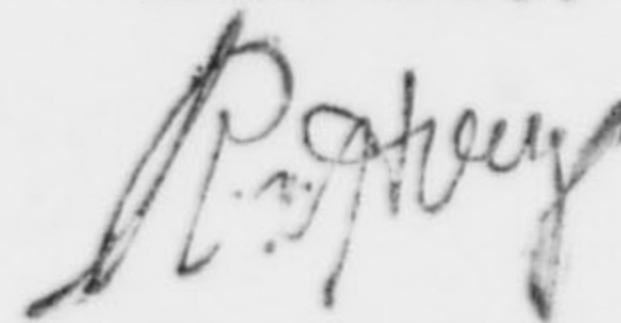

With reference to your letter of the 27th instant the Department finds it necessary to return the voucher which you submitted in favour of Adolphe Chene.

As you are aware the Department keeps a separate file for each school and consequently when submitting accounts you should not include supplies for two schools in one voucher but you should issue separate vouchers.

The item of \$7.20 for books and school supplies to Indian families attending white schools is paid from that section of our appropriation which provides funds for tuition of Indians and is altogether separate from the amounts provided for the two schools on the Reserve.

I would, therefore, request that you forward one voucher for the amount of \$7.20 covering the cost of books and school supplies to Indian children attending white schools and two other vouchers, one for the supplies to the Oka Country school and the other for the supplies to the Oka Village school.

Yours truly,

MINISTERE DE LA SANTE

May 12th, 1939.

Mr. Francois Harbour,
Federal Agent for the
Oka Indian Reserve,
OKA.

Dear Sir:

I am reporting on unsanitary conditions existing in both Country and Village Indian Schools. In the Country School, the outside privies are repulsing and the adjoining lot is used as a dumping ground. In the village, the privies outside are also in a very bad condition. I cannot see the reason why these children are not given modern facilities by adopting for these schools inside chemical toilets. And surely cleanliness should be strictly in force in these establishments.

The Law and our Provincial Rules demand that no child should be admitted in school if not vaccinated against smallpox. Out of 66 pupils only one is vaccinated. It is my duty to ask you to see that vaccination will be made in a very near future. I will make a control visit in eight days, after which the person in charge of the schools shall refuse to admit any child not vaccinated.

Very truly yours,

P.S. A copy of this letter is sent to Mr. R.A. Hoey,
Supt. of Welfare and Training, Ottawa.

Dear Sir:

The Department is just in receipt of a copy of a letter dated the 12th instant from Dr. Jean Louis Faille, D.H.P. The first paragraph of this letter reads as follows:

"I am reporting on unsanitary conditions existing in both Country and Village Indian Schools. In the Country School, the outside privies are repulsing and the adjoining lot is used as a dumping ground. In the village, the privies outside are also in a very bad condition. I cannot see the reason why these children are not given modern facilities by adopting for these schools inside chemical toilets. And surely cleanliness should be strictly in force in these establishments."

Please make immediate arrangements for cleaning the toilets at both the Oka Village and Oka Country schools.

It is difficult to understand why you have permitted conditions to become such that Dr. Faille finds it necessary to make the report shown above, especially in view of the very large number who are on relief in the Oka Agency. There is no reason why work of the nature required should not be done by those on relief.

The Department will expect to hear from you within a week that the conditions about which Dr. Faille complains have been fully rectified.

Yours truly,

Peinture Pour Ponts Et Portiques

Partout et Sur Tout ENDURANCE

S'emploie sur planchers à l'extérieur, sur ponts de yachts et bateaux.

Cette peinture est spécialement fabriquée pour protéger et embellir les surfaces plus exposées à l'usure et aux intempéries. Elle résiste bien au piétinement continu, au frottement des chaises, au brossage et n'est pas affectée par la pluie, la neige, la glace, ou par un dur usage.

La Peinture à Ponts et portiques GLIDDEN sèche dur en une nuit, et le fini obtenu est suffisamment élastique que la peinture ne se marque pas, ne s'égatigne pas ou marque les empreintes du talon.

Nous recommandons ces finis spécialement pour toutes les surfaces extérieures exposées à subir toutes les intempéries.

MODE D'EMPLOI

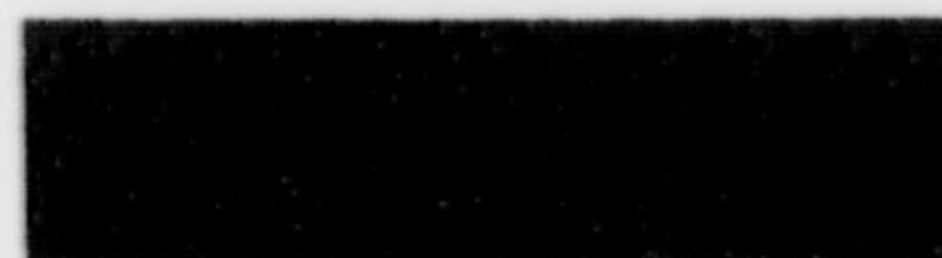

La surface à peindre doit être bien propre, sèche et exempte de graisse. En finissant une vieille surface il est préférable de remplir les trous de clous et toutes les fentes avec un bon mastic à l'huile et au blanc de plomb. Pour un fini ordinaire deux couches bien étendues sont suffisantes quoiqu'il est toujours préférable de faire l'application d'une troisième couche pour obtenir un fini qui durera mieux. Laissez sécher pendant vingt quatre heures entre les couches ou avant de vous servir de la surface.

PRESERVITT

Le Préservatif Pénétrant

DESCRIPTION

Preservitt est une peinture à l'huile de lin, établie spécialement pour usage sur bardeaux, granges, clôtures, garages et autres surfaces extérieures en bois ou en métal.

Preservitt est de beaucoup supérieure aux teintures ordinaires pour bardeaux. Elle donne une couche colorée solide et, en même temps, pénètre dans le bois, assurant ainsi aux bardeaux une longue durée et les empêchant de gauchir.

MODE D'EMPLOI

Preservitt est prête à l'usage, mais, si nécessaire, on peut l'éclaircir avec de l'huile de lin.

Bardeaux neufs — Une couche au pinceau ou par immersion donnera d'excellents résultats. Si on immerge les bardeaux il faut les faire sécher sur pied afin de permettre au surplus de peinture de s'égoutter.

Vieux bardeaux — Une couche, appliquée libéralement, suffit d'habitude.

Un gallon de Preservitt suffit pour l'immersion d'environ 500 bardeaux, une couche. Un gallon posé au pinceau couvrira d'une couche environ 300 pieds carrés.

Garages, Granges, Clôtures — Deux couches sont recommandées pour assurer une couverture permanente et un beau fini.

Boiseries d'intérieur, Toitures en composition, Surfaces métalliques, etc. — Une ou deux couches, sans réduction.

PRESERVITT

The Penetrating Preservative

DESCRIPTION

Preservitt is a linseed oil paint particularly formulated for use on Shingles, Barns, Fences, Garages, and other wood or metal exterior surfaces.

Preservitt is much superior to ordinary shingle stain. It gives a solid colour coat to shingles and at the same time penetrates and ensures long wear and prevents warping.

DIRECTIONS

Preservitt is ready for use, but if necessary can be reduced with linseed oil.

New Shingles—One coat brushed or dipped will give good results. When dipped stand shingles on end to permit surplus to drain off.

Old Shingles—One brush coat freely applied will in most cases be sufficient.

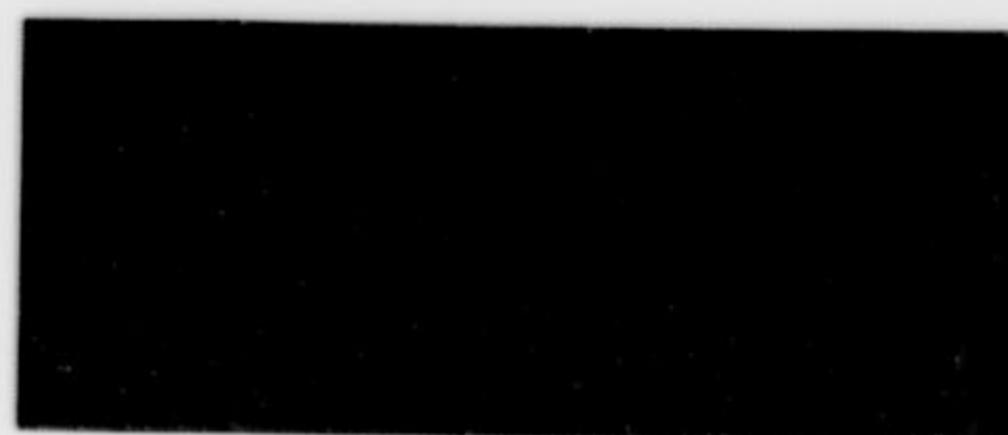

One gallon of Preservitt dipped will cover approximately 500 shingles one coat. One gallon brushed will cover approximately 300 square feet, one coat.

Garages, Barns, Fences—Two coats are recommended for a permanent coating and a fine finish.

Exterior Woodwork, Composition Roofing, Metal Surfaces, etc.—One or two coats, without thinner.

Attention of R. A. Healy, Esq.

Dear Sir;

From actual experience and inside information furnished to me by teachers who instruct in schools on this reserve, the school rooms are too dark, especially in the winter time, the following interior treatment is advisable, - to have the ceilings and walls washed thoroughly, then wiped free of all traces of soap. Then one coat of Glidden's Base or Priming Paint over all; next the ceilings finished in Cream or some reflecting color, the walls finished in Delicate Green Speedwall Paint, and harmonizing trim. The net result would be a brighter and more liveable school room where that was effected.

This is only a suggestion of mine, if interested I am in a position to quote you a fair and equitable price after I would have measured the size of rooms in question. There is one school with a northerly exposure, the other, westerly, hence suggestion.

Very truly yours,
John J. Angus.

Dear Sir:

Having received information which I believe correct, with regard to having the two schools on this reserve repainted; I beg to submit the following tender, with specification as outlined below:

all knots soaked with turpentine to loosen scaling paint, and to draw the sap, scraped and allowed to dry; said knots to be reshellaced, all other places that are checked and peeling or scaling to be scraped and wire brushed thoroughly; then repainted with Glidden's Base or Triding Coat as undercoat. Then one coat of Glidden's Endurance House Paint, (price \$4.00 per gallon) in desired color, and trim to harmonize, two coats of Glidden's Porch and deck paint on steps and porches. Windows to be repainted where necessary, all window wash, casting etc to receive two coats

of above brand and quality. Outbuildings to receive same treatment as main buildings. All material for erecting scaffolds to be supplied by me, with minimum nail-holes ^{on buildings}, and repuddled where they necessarily occur.

Said paint to be applied evenly and just thin enough to prevent scaling, nothing in the way of linseed oil to be added to Base Coat and no more than one-half pint of turpentine to each gallon of house paint. Two coats of shingle stain on roofs. With such treatment, I can safely say that it will not be necessary to repaint within six or seven years.

Price - each school - with above specifications one hundred and forty dollars, all paint to be furnished by me, as I am sub-contractor for this district. Will be ready to start after the Oka United Church shall have been repainted by me, about July 10th, ready to start with the village school, as my material is right close by, for scaffolds.

Enclose for your convenience, color chart and card for color harmony.

Very truly yours,
John Angus.

Dear Sir:

The Department is in receipt of letter dated 3rd. instant, from John Angus, quoting a price for painting the exterior and interior of the two Day Schools on the Oka Reserve.

Please advise Mr. Angus that this letter has been received, but that as no funds were provided in the current year's appropriation for painting these buildings, it is not possible to consider quotations.

I wish, also, to direct your attention to official letter of May 15th. last. As yet no reply has been received to this letter, and I would appreciate hearing from you at once.

Yours truly,

Dear Sir:

In connection with the attached account no authority was given by the Department to incur the expenditure covered by the voucher. The Department allows an amount of \$7.50 a month for janitor services at this school and it is felt that this amount should be sufficient and it should not be necessary to pay for extra cleaning. I understand that the teacher's wife has taken over the janitor duties and consequently the enclosed account should be paid from the amount she receives from the Department for her services.

Dear Sir:

The Department finds it necessary to return your voucher No. 455. A separate voucher for \$5.37 should be issued as this expenditure is charged to tuition grants. With reference to the voucher for \$12.27 for supplies to the Oka Village and Country Schools you should state definitely the amount chargeable to each school. I would also point out that your account covers the period January 1 to October 7, 1940. As you are aware the items for January, February and March occurred in the fiscal year 1939-40 and should have been forwarded for payment before the end of March, 1940.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir,

Mr. Harbour has advised me to write in to inquire if the Department wish soup to be served, as usual, to the Indian children for noon lunch during the winter months of January, February and March.

Many of the pupils have a long way to walk to school and we noted last winter that many of them only had bread and butter for lunch. Under these circumstances the soup was quite necessary for their health.

The attendance was also better during the months we served soup so we feel it should be carried on this winter if possible.

Dear Sir:

I am in receipt of a letter from the teacher of the Oka Country School with reference to serving a midday lunch.

If you consider a midday lunch is necessary at this school the Department is prepared to allow an amount of \$10.00 a month for the period January 1 to March 31, 1941.

Yours truly,

Dear Sir:

The Department is in receipt of a letter from Louis Simons, Oka, Que., in which the writer states:-

"On December 10, 1940, I cleaned out the two toilets at the Country School and I have not yet received my pay for this work. I was to receive \$3.00 each for doing this work, making a total of \$6.00."

If this work has been undertaken and accomplished and if you believe this is a reasonable charge, you should send forward a voucher for the amount at the earliest possible date.

You might explain to Mr. Simons that the delay in making this payment was due to the fact that no voucher for this amount had been submitted to the Department. In view of the fact that the fiscal year closed on March 31, it is of the utmost importance that vouchers for such payments should reach the Department prior to this date, if at all possible. Your immediate attention to this matter will be very much appreciated.

R. A. Hoey,

Dear Mr. Brisebois,

I am sorry I was not here when you called yesterday. Mr. Nicholas told me Tuesday night you were coming but I had no way of letting you know I was going.

It was necessary for me to go to Montreal with my wife & the twins to the hospital clinic so I got permission from the Dept. to have a holiday.

I am enclosing another requisition. Since you were here Mr. Brady visited the school and wishes me to get the French texts I have ordered.

The present Book III we are using he said was too difficult so advised me to order the Elson Basic Readers.

We asked for an indoor toilet before but thought the Dept. understood we wanted 2 with separate tanks for the use of the children so we are enclosing a cut of what we want and stating it is for use in the residence.

I forgot the typewriter ^{before} I would like to have one as I do a lot of business correspondence and would find it very useful. The other articles we found we needed after your visit.

I trust the Dept. will not think we send our requisitions too frequently as this should do for the year now. Yours truly

Dear Sir:-

I have your letter of the 16th instant dealing with Voucher No.135-A-, in which you request to be informed for what use has the coal oil and naphta have been employed and in this connection to say that the naphta was used in the Coleman lamp which was purchased for the Country School in the course of last Fall.

As you are aware the Coleman lamps have to use white gasoline or naphta. As there is no more white gasoline on sale (at least at Oka) it was necessary to use naphta.

Relative to the coal oil I am informed that same was used at the School and also in the residence of the teacher.

More oil is being employed at the School owing to the Church services which are conducted there once or twice a week. The account is herewith returned.

I beg to transmit you herewith vouchers Nos. 141-A- and 142-A-, amounting respectively to \$8.00 and \$22.37 in favour of Edmond Chene of Oka for candies supplied for the 1939 treat of the Oka Schools and also for fruits etc., to sick Indians in 1940.

Mr. Chene claims to have submitted his accounts on four different occasions to the former Agent Harbours but states that same were never paid.

Mr. Harbour states that these accounts had been mislead and then forgotten. He admits however that the merchandise had been supplied on his instructions and those of Dr. Guilbault. You will note that Mr. Harbour has signed the accounts. You will also find herewith orders from Mr. Harbour to Mr. Chene. Dear Sir:-

re: Oka Country School Voucher 245-A-.

I have your letter of the 29th ultimo dealing with the above voucher in favour of Mr. Keddy, School teacher, at Oka and in this connection to say that the Keddys were and are under the impression that \$10.00 per month was allowed Mrs. Keddy for the purchase, preparation and serving of the midday meal for the children of that school.

The receipt forwarded only represents, according to Mrs. Keddy, part of the food used in the preparation of the meal. The balance; meat vegetables etc., she supplied from her own supplies.

The voucher is therefore returned for your consideration.

Yours very truly

Ottawa,

Dear Sir,

Lazarus Jacobs has asked me to write to you regarding the work he did on the flag pole here last fall.

He states that he has not received his pay for taking out the old base of the flag pole and setting in a new one and painting the pole.

It was understood that he was to receive \$5.00 for the job but to date he has not been paid.

Will you please give this matter your attention as soon as it is convenient.

Yours Respectfully,
C. J. Keddy.

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

I wish to enclose herewith a tender submitted by John Angus, teacher at the Oka Indian Country School for the painting of the interior and the exterior of this School and its residence.

You will note that this price is for labour only, the paint to be supplied by the Department.

Relative to the paint an indian merchant of Oka, Ernest Cree, who is handling the complete line of Lowe Bros., Ltd., has applied to furnish same if the work is undertaken.

The price quoted is of \$4.75 per gallon for their High Standard Quality. They have another quality at \$3.40 per gallon. Primer is also \$4.75 a gallon.

The outside of the School is in very bad condition and it is suggested that primer be used for the first coat. I understand that Mr. Doucet has discussed the above matter with John Angus at his recent visit at Oka.

QUÉBEC

Saint-Eustache, le 5 juillet 1944.

Monsieur François Brisebois,
Agent des Ecoles Indiennes,
OKA,
Comté des Deux-Montagnes, P.Q.

Cher Monsieur,

Les rapports des visites faites à nos écoles, durant l'année scolaire 1943-44, par notre Inspecteur, le Dr. Jean Paquin, M.V., indiquent que les conditions sanitaires sont en général assez bonnes. Cependant les améliorations suivantes s'imposent:

- Ecoles Indiennes: Les latrines hydroseptiques devraient être installées dans les deux écoles.
L'intérieur des deux écoles devrait être peinturé en blanc.
- Nous nous permettons aussi de vous rappeler les recommandations suivantes:
- Eclairage: Les élèves devrent être placés de manière que la plus grande quantité de lumière leur arrive latéralement et à gauche. Ils ne devront jamais recevoir la lumière en face.
- Vestiaires: Un vestiaire séparé et ventilé devrait être aménagé et contenir un nombre suffisant de crochets dans chaque école.
- Balayage et lavage: Le balayage ~~humide~~ quotidien de même que le lavage mensuel des planchers sont obligatoires.
- Puits: Les puits devraient être de bonne construction et bien protégés. Durant la semaine qui précèdera la rentrée des classes, ils devraient être désinfectés et pompés suffisamment.

Nous vous remercions de la bonne coopération que vous démontrez, et nous vous prions de nous croire,

Votre tout dévoué,

Dear Sir,

The reports on visits made in the schools during the school year 1943-1944 by our inspector, Dr. Jean Paquin, M.V., show that sanitary conditions are generally good. However, the following improvements are necessary.

- Indian schools : ~~the~~ hydroseptic latrines should be installed in both schools.
The interior of both schools should be painted white.
We also beg to ~~remind~~ remind you of the following recommendations:
- Lighting : The pupils should be placed in such a way as to receive from the left side the greatest quantity of light. They should never receive such light from in front.
- Cloakrooms : A separate ventilated cloakroom should be provided in each school and contain a sufficient number of coat-hooks.
- Sweeping and washing : The daily wet sweeping and the monthly washing of floors are compulsory.
- Wells : The wells should be of good construction and well protected. In the week preceding the ~~MM~~ reopening of classes, they should be sufficiently disinfected and flushed.

We thank you for your cooperation ...

I have your letter of the 12th instant, regarding the report from Doctor Leonard Milot regarding the Oka Schools. As you know, we have already authorized the painting of the Oka Country School. If you consider it necessary to paint the interior of the Oka Village School, you should let me have an estimate of the cost.

It is not our intention to install, at the present time, the type of toilets recommended by the Medical Officer. However, you should make certain that the toilets at present in use are clean and are kept in that condition throughout the academic year.

If it is possible to change the seating arrangement in the school in order to have the light from the left side, you should do so.

If any repairs are required to the wells at the schools the Department approves your arranging for the necessary work.

I wish to refer to previous correspondence dealing with the painting of the exterior and the interior of the Oka Indian Country School and to say that at the present time the paint has not yet been received at Oka.

As you are aware School will soon start and it will be very difficult to have the painting done while it is open, especially the interior, as this will only have to be carried out after the School hours.

Will you be kind enough to see that this paint is delivered with the least possible delay. Purchase order No. 25865 was sent to the Sherwin Williams on the 1st instant. Yesterday the 15th nothing had been received at Oka yet.

Mr. Francis Rosebeis
Indian Agent
Peghnawaga. Que.
Dear Sir:

Would you kindly, refer the matter of providing hot soup for the children benches through the winter months to Ottawa for a decision by the officials of the School Branch of Indian Affairs?

I believe it would help in sustaining attendance through said winter months, when attendance usually tends to fall off.

It is my desire to cooperate in this venture to the extent of furnishing five bagfuls of carrots, (60) sixty heads of cabbages and some other vegetables from the school garden and my own, to this end if the Branch would consider this in a favourable light.

Please let me know the results of your inquiries, at your convenience, so that I can further plan on the disposal of some of the produce mentioned above.

I bought a canning machine this summer which I used to can tomatoes for myself and neighbours, (387 cans altogether) and I have some dozens of cans which can also be used in the soup. Incidentally I plan, if all goes well, to extend our activities in this line next summer.

Very truly yours,
John Young.

I wish to enclose herewith the original of a letter from John Angus, teacher at the Oka Country School dealing with the matter of supplying hot soup for the children attending his School for the winter months, from December to April, next.

Mr. Angus believes that this would encourage children to attend more regularly for the winter and at the same time supplement their lunch.

The teacher anticipate an average daily attendance of about 15 pupils.

Will you be kind enough to advise if the above suggestion can be entertained? If it is please let me know what arrangements should be taken.

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

At my last visit at Oka at the beginning of this week, Mrs. Sloan, teacher at Oka Village School, complained that the roof of the School was leaking. An examination of the roof revealed that it leaked at two different places and a carpenter was requested to make an estimate for the work and material needed to repair the roof.

This was estimated to cost about \$8.00 or \$9.00 at the most, labour and materials.

While at the School Mrs. Sloan requested me to apply to have a small window cut on the side of the building, in the toilet and bathroom, as when this was installed no provision for an air outlet nor window was made. This window would provide light in that room and at the same time would air the premises. This work is estimated to be of about \$15.00 completed.

The teacher also pointed out that there are no lights in the back of the residence nor in the wood shed, which is located, about 35 feet from the building, this she claims is needed as she often have to go to this shed for her fuel etc., at night when alone with her two children. Although I could not obtain a price for this work from an electrician it is believed that to install a light on the veranda and in the shed would not be expensive.

Kindly let me know if the above requests will be granted. I wish to say that instructions have, however, be given for the patching of the roof in order to prevent deterioration of the building.

Mr. F. Brisebois, Indian Agent, Caughnawaga, Que.

With reference to your letter of the 15th instant, the Department approves the expenditure of approximately \$9.00 for repairing the roof at the Oka Village School.

It is noted that you recommend an expenditure of \$15.00 for cutting a small window in one side of the building and that you also recommend the installation of a light on the verandah and in the wood-shed. Both these recommendations are approved, and you may arrange to have them done.

Mr. F. Brisebois, Indian Agent,

Mr. John T. Angus was brought to Ottawa this week, at the request of Mr. Hoey, with reference to the woodlot secured at Oka.

When in the Department Mr. Angus left me the attached account. I have reviewed our file and I cannot find the contract to which he refers. Possibly you have it in your office. If the amount mentioned is due to Angus, you should issue the usual voucher and enclose the contract.

At the same time he stated that he needed three gallons of Linsonil to complete some work at the Oka Country School, and I gave him verbal authority to purchase it. He stated it could be obtained from Sherwin-Williams Company.

At my last visit at Oka Mr. Chesley Irvin, teacher at the Oka Indian Country School, requested me to communicate with you to make application to have the electricity installed at the School and at the teacher Residence.

The Shawinigan Water and Power Co., has recently extended their transmission line from the Oka Village to the boundary of the Parish of Ste. Placide. This line passes in front of the School building.

I would appreciate being informed of your intentions in that respect so that Mr. Irvin be informed accordingly.

May I say that the installation of electricity would be a definite improvement for the School and would be a source of satisfaction for the teacher who has to live there for the ten months of the school year.

Caughnawaga, Que.,
April 27, 1946.

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

I have your letter of the 17th instant dealing with the installing electricity at the Oka Country School and Teacher's Residence.

In reply I wish to transmit you herewith a quotation as requested giving the total price of the installation for both the Residence and the School. As the School and Residence are both in the same building it is not believed desirable to put in electricity in only one part of the building.

It is considered essential that electricity be placed in the School for the welfare of the children and also to give more convenience to the teacher. Under the present circumstances the use of electricity at this School might mean a great deal to any prospective teacher.

This quotation was obtained from Mr. Louis Ed. Beauvais, Electrical Contractor, Caughnawaga, Que., who is an Indian of long experience in that line of business and highly recommended by the Shawinigan Water and Power Co.,

Mr. F. Brisebois, Indian Agent,
Caughnawaga, Que.

I have your letter of the 27th ultimo,
with reference to installing electricity at the Oka Country
School and Residence.

We feel that the quotation of \$592.10
is out of all proportion for a small school and residence.
I notice that Fluorescent fixtures are provided in the
classroom. This is an expensive type of equipment and is
also expensive to replace.

We want a price on properly wiring the
school so that there will not be any fire hazard and the
fixtures should be ordinary drop fixtures. You might get
a price on carrying out our suggestion.

Dear Sirs:

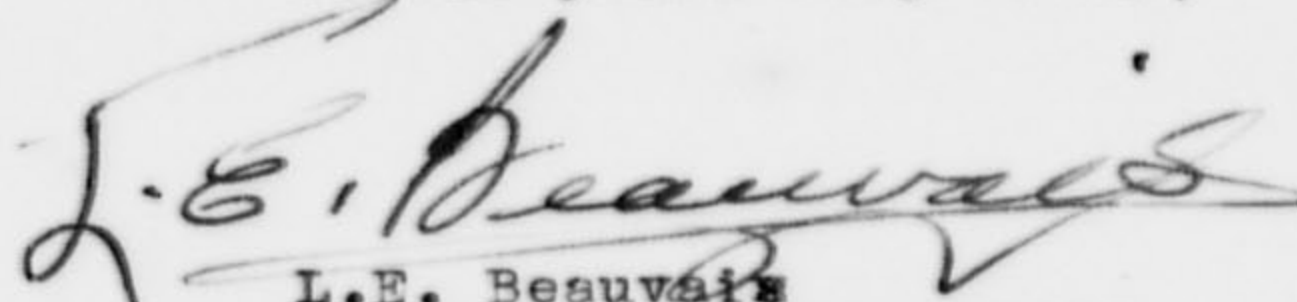

With further reference to the wiring of Oka Day School I wish to quote you a new price of \$345.00 Three Hundred and forty five Dollars. This price to cover wiring to be done in BX, as per regulations of the Province of Quebec Board of Electrical Examiners.

The fixtures will be of a pendant type 12" Bowl, Brown tone, instead of the Fluorescent previously quoted. By using 200 Watt lamps, this should give you approximately 12 candle power per sq. foot.

The wiring is to be concealed between floorings.

We trust that this will meet with your requirements, and hope to receive your confirmation at an early date.

We are yours very truly,

L.E. Beauvais

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

I have your letter of the 4th instant dealing with the wiring of the Oka Country School and Residence in which you request that another price for that work be obtained as the original quotation is considered too high and in this connection to transmit you herewith a price of \$345.00 for this work, which is eliminating the florescent lights quoted originally.

May I say however that the Board of Electrical Examiners for this Province will not accept any other kind of wiring than BX, as this is a public building.

With reference to your letter of the 13th instant,
it has been decided to accept the quotation of \$345.00 for
wiring and installing electric lights in the Oka Country
School and Residence.

I have been informed that BX cable is very difficult
to obtain. However, Mr. Beauvais may be able to purchase it.
When the work is completed, it should be examined by one of
the Provincial Electrical Examiners, so that we will be
certain that a proper job has been done.

I wish to refer to your letter of the 16th instant authorizing the wiring and installing electric lights in the Oka Country School and Residence at a price of \$345.00, and in this connection to inform that the Contractor now advises me that BX cable cannot be obtained.

At a visit made at the Provincial Electrical Examiners we were advised that they would accept the use of "loomax" for work of this kind providing a school has not more than two classes in addition to a residence. Mr. Beauvais would use "loomax no. 12" which is heavy wiring. The price would be the same as there is practically no difference between the cost of BX and this wiring.

Will you let me know as soon as possible if this is acceptable to the Department.

Protestant Rural School
Uka
R. R. I. One -

Dec. 30/46

Mr. The Indian Agent
Uka
One.

Dear Sir,

There are a few things needed
to live comfortably in house here.

At present I am using borrowed things
which our care-taker brought over & loaned
me. Until I got in touch with you.

Things needed are following :-

few soup plates
dinner "

1 cup & saucers
1 plate (for meat on table)
knives & forks

teaspoons & tablespoons

fire shovel (for taking ashes from stove)

frying pan

1 soup kettle + 2 medium size kettles
tea kettle

11
2 large size lamp chimneys - for ordinary lamps here.

1 wash board

2 baking tins (bread size) 1 short size

2 " square type (for baking biscuits
+ Roasts etc.)

3 pie tins

2 deep pie tins (for larger cake etc.)

2 large bowls

1 medium "

1 large knife for cutting + slicing

1 long wire fork

few hooks for hanging clothes in cupboard

" (small size) for use in kitchen

Dishpans are all rusted

There are only twenty enamel cups for
the children to drink out of. And nine
little bowls for them. Do you wish me
to make + give warm soup to scholars
bringing their lunch this winter.

Also do you wish them all to have
warm cocoa or milk etc. at recess time
in morning? I would appreciate

very much if you could arrange to
meet me before school starts or soon
after to discuss way you wish done

here. Also do you wish children to
catch up much as they can on lost time.

When they have had no school.
Have arranged to meet the parents in
evening on social basis. To try + get
their co-operation also with the children's
schooling. I notice also that there is no
school wash bowl or towelings or hooks for
their clothes. Please advise just to whom +
where I address myself for running school
here.

Sincerely
M. B. Stenrud

Re: Oka Country Day School.

On May 19, 1948, during my inspection trip of the Indian Reserve at Oka, I visited the Oka Country Day School where Mr. Louis Raoul Massicotte teaches.

On this visit I was accompanied by Mr. John Angus, who had previously taught at this School for a couple of years. Mr. Angus confirms Mr. Massicotte's report that the heating system of the classroom will have to be improved. Would it be possible some time during the summer to have one of your representatives visit this School, in order to ascertain if this heating system could be improved so that more heat would go into the classroom and less in the residential part?

Re:- Heating system, Oka Indian Country School.

This will acknowledge the receipt of your letter of the 15th ultimo dealing with the above subject.

In reply I wish to report that the heating system had been inspected and the following recommendation made:-

To install one additional hot air register and one cold air intake in the class room. This will require 15 sheets of galvanized tin, two floor registers, asbestos to wrap same and repairs to the foundation. Also a thorough cleaning of the furnace.

The price of these repairs to be between \$95.00 and \$110.00, including labour.
Please authorize the above repairs at your earliest convenience.

Re:-Oka Indian Country School.

At my last visit at the above School, Mrs. M. B. Stensrud, teacher, pointed out that ever since she came to that School, she lacked an ice box. She is using an ordinary tub to put her ice in which she covers with a piece of tarpaulin.

While at Oka on that same day I found a metal ice box which had only been used for about one season (the owner has recently acquired an electric refrigerator) for the sum of \$22.00. This white metal ice box was paid \$40.00 in September, last.

Will you please authorize this purchase which is quite acceptable to the teacher, and is a bargain at that price.

The old kitchen stove which has been in use for many years is now out of order. It has been repaired on several occasions but can hardly be used at the present time.

A suitable stove could be obtained locally for a sum of \$159.00. This stove would be of Belanger makes. Style Marina with a warmer. Other stoves would be more costly.

Please give this request your kind consideration.

Re:- Oka Indian Country Day School.

I have your letter of the 14th instant in which approval of the purchase of an ice box at a cost of \$22.00 is approved for use of the teacher of the above named School.

Relative to the purchase of a kitchen stove for the same School I may say that this price was obtained from Mr. Hosmisdas Theoret, Agent for the County of Two-Mountains, of the A. Belanger Ltd., Stoves Manufacturers. As stated in my letter of 10th, the stove in question is a "Marina" with warmer (no hot water tank.)

The address of Mr. Theoret is St. Joseph du Lac, Co. of Two Mountains, Que.

October 27, 1948.

The Indian Affairs, Dept., of Mines and Resources, Ottawa, Ont.

You will find herewith voucher no. 528,
in the amount of \$130.00 in favour of Mr. Hermidas Theoret,
of St. Joseph du Lac, Que., for one stove supplied to the Oka
Indian Country Day School.

You will note that on my letter to you of
the 23rd of September, last, prices were submitted on a Belanger
stove, Model Rex at a cost of \$107.75. However when your authori-
zation was received no stoves of that model remained on hand of
the dealer who stated at the time that he could not guarantee
future delivery in less than three months.

At the same time he offered another stove
of better quality, which he had in stock, for the above stated
price which represents a deduction of \$16.00 on the sale price
of that stove at present.

Due to the fact that the teacher could not
use the old stove at the School and to the uncertainty of the
delivery of the stove on which a quotation had been made, the
Marina stove was purchased. Please take the matter of the pay-
ment of the stove delivered into consideration.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Attached is an account amounting to \$130.50 covering the cost of the stove purchased for use of the Oka Country School.

The old stove has reached such a condition that it could not be used and it was necessary to replace it immediately.

The Superintendent was successful in obtaining the one covered by the account and we would appreciate it if you would issue purchase order so that the account may be paid. The coding is as follows: 516-323-12-415.

Gentlemen:-

We have had a request from your Mr. F. Brisebois, agent at Coughnawaga, P.Q. for an estimate for insulation for the school houses located at Oka, P.Q. and on the Oka & St. Placide Road, P.Q.

We have made a survey of the school houses and we are attaching hereto, our regular form of contract for the insulation of these properties. The price quoted is a net figure, and we have deducted our usual 20% discount from the standard selling price for Government. Net selling price for each is: \$ 810.00.

Will you please sign white and blue copies of contract at the lower left hand corner, retaining the yellow copy for your records, and return the two copies to us with your official order.

This work could be done two or three weeks after we have received your order.

If there is further information you desire, please advise,

Yours very truly,

Canadian Johns-Manville Co. Limited,

Re:- Insulating of Oka Indian Day Schools.

You will find herewith sketch, contrats, and
correspondance received from the Canadian Johns-Manville Co., Ltd.,
relative to the above work, following our request for a price as
per Mr. J. Gendron's instructions.

You will note that the price quoted for each
building is of \$810.00.

As you are aware these two buildings are not
comfortable being cold and drafty and it is believed that by in-
sulating them the situation would be corrected. Moreover a con-
siderable saving in fuel would undoubtedly be effected.

I would appreciated receiving your comments
on the enclosures.

the Oka Country and Oka Village Indian Day
School.

In view of the lack of funds, we
are unable to provide the amount required at the
present time. You might bring the matter to our
attention early next May.

I beg to acknowledge the receipt of your letter of the 17th instant relative to the insulating of the Oka Indian Schools, in which you advise that owing to the lack of funds, you are unable to have this work done at present.

As stated in your communication this matter will be brought to your attention early next May.

If sufficient funds had been available it would have been suggested to proceed with the insulation of the Country School first, as this building is located on top of a hill facing the Lake of Two Mountains and therefore exposed to the west wind mostly all the time.

Re: Insulation Oka Country School

We are arranging transfers of funds from other votes, and it is possible that we may be able to have one of these schools insulated before the end of the fiscal year.

I am placing a recall notice on this file for December 15 when we will have been advised by Treasury as to whether these funds will be available.

Re;- Insulating of Oka Country
and Village Schools.

I wish to refer to previous correspondence dealing with the above matter and more particularly to yours of November 17, 1948, in which you requested that the matter of insulating these Schools be brought to your attention this Spring.

As we have now started a new fiscal year I would kindly ask you to advise if the necessary funds are available to do this work, which you may rest assured is needed. Quotations had been obtained from the Canadian Johns Manville Co., and are at the Branch.

We have your letter of the 22nd instant with further reference to insulating the Oka Country and Oka Village Indian Day Schools. As it is several months since the Canadian Johns Manville Company quoted a price for insulating these buildings, we feel that we should have written assurance from them that their former tender is still in effect.

We require this information before we can submit the matter to the Minister for his approval.

Memorandum:DEPUTY MINISTER

Re: Oka Indian Reserve, Oka Indian
Agency, Province of Quebec,
Electoral District of Leval-
Two Mountains

We have two day schools in the Oka Indian Agency. One of these schools is located in the Village of Oka and the other is located about three miles from the village.

Indian Superintendent Brisebois has reported on several occasions that these buildings are very cold in the winter, and has recommended that they be insulated. The Canadian Johns-Manville Company Limited, Home Insulation Division, Sun Life Building, Montreal, Quebec, have submitted a written tender offering to insulate each building for an amount of \$810.00. This means a total expenditure of \$1,620.00. Their offer is dated May 2nd, 1949, and is subject to acceptance within thirty days from that date.

Funds for insulating these buildings are provided in the appropriation for the fiscal year 1949-50, and I would appreciate receiving the Minister's approval for the acceptance of the tender of the Johns-Manville Company.

Indian Superintendent Brisebois has reported on several occasions that these buildings are very cold in the winter, and has recommended that they be insulated. The Canadian Johns-Manville Company Limited, Home Insulation Division, Sun Life Building, Montreal, Quebec, have submitted a written tender offering to insulate each building for an amount of \$810.00. This means a total expenditure of \$1,620.00. Their offer is dated May 2nd, 1949, and is subject to acceptance within thirty days from that date.

Funds for insulating these buildings are provided in the appropriation for the fiscal year 1949-50, and I would appreciate receiving the Minister's approval for the acceptance of the tender of the Johns-Manville Company.

To the Deputy Supt
General of Indian Affairs

Sir: Enclosed please find a bill of
books purchased for the schools
at Okla. For which favor accept my
hearty thanks.

You will find also a list of names
to whom prizes were awarded. It was sub-
mitted to me by the Teachers themselves.

I may say further that the Teachers
have done most faithful work in the year
that is now closed. It was marked with much
success in various ways but especially
in the acquisition of the English Language
which may be taken as the foundation
to still greater successes and to nobler
achievements.

I believe some measure should now
be enacted, that would ensure a
regular attendance at schools. It is a
branch of work which I consider vital
to the cause of Christianity; inasmuch
as ^{Christianity} is so inseparably connected and
so absolutely dependent on the education
of the people for its progress. The schools
should be encouraged by such means
as will secure attendance thereat.

Various means have been
resorted to to bring about the desired
effect alike on the parents and children
but have not been satisfactory.
Inducement of various kinds have

188265

been applied to secure the coveted seed; but found this method too expensive for the means at our disposal.

The examination, as conducted at the closing exercises, is a new feature in these schools; and is very highly commendable. The Teachers and the Pupil deserve hearty congratulations. The readiness and the correctness with which questions have been answered is marvellous. Should this be taken as an exponent of the teachers' competency for the work I am assured the Department it is very creditable.

I have great pleasure in submitting to the Department these impressions which I received while attending the closing exercises of the Oka schools.

And if I may be allowed still further to make the following suggestion - and on which I believe is the custom of these schools, is that some formal recognition be made to the Teachers, as a sign of our appreciation of their work.

This would be of use to them in applying for other schools, as they purpose leaving Oka.

Dear Sir:

As we are rapidly nearing the close of another school term I thought I might drop these few lines of unworked for report.

The year has been characterized with a fair success not only in educational acquirements but in attendance of school. This has been accomplished not by aid of the salutary law of compulsory attendance, but by educating the parents to the necessity of mental development. Their interest is shown in the average which is an excess of previous years under the same circumstances. I consider this one of the most encouraging features in connection with the school work; and if greater interest can be aroused on this point greater progress can be secured.

Dear Sirs, —

In the instructions to teachers of Indian Schools it says that all day schools should be kept open at least 216 days in the year. My term is for ten months commencing September 1st. and ending June 30th and I have counted up the days and I find that no authorized holiday would be allowed by that, except Xmas and New Year, although it says that all authorized holidays will be paid for. For Christmas holidays I had from the 22nd of December on which day we worked for the benefit of the 342570 Christmas entertainment, till the 7th of January.

My school was closed from October 7th till November 9th by order of the Indian Agent on account of sickness in the village, but I was paid for the time. I taught school on Thanksgiving Day and two days and a half that I missed through illness will be made up on Good Friday, Easter Monday and Victoria Day. The three teachers preceding me did not teach the 216 days.

Dear Sir

I would like
some information on the follow-
ing subject: Have not a right-
to buy wood from the Indians, or
rather have they not a right to
sell it - to me?

I am here in this in the teaching
the "Indian Mission School" have been
here since Jan. and have had a lot
of trouble to get wood. The Indians
are afraid to sell it as the Agent
told them they had no right to sell
to an English person. I spoke to the
Agent but I could get no satisfaction he does
not understand English.

I have been getting wood from an
Indian - one Peter Kishon. He came to-day
and said he was afraid to sell me any
more. Now what can I do? I must either
have the privilege of buying from
them or give up the school.

Madam,-

I have to acknowledge the receipt of your letter of the 3rd. instant and in reply I beg to say that the Department is pleased to know that you have decided to remain as Teacher of the Oka Village School for another year. On the 25th. ultimo you were advised that the Department would grant you an increase of \$50.00, making its contribution towards your salary \$200.00 per annum. The Department pays only half the salary of the Oka teachers and there is little doubt that if the authorities of the Methodist Church would be prepared to increase their grant by \$50.00 also, and you should make application to the General Secretary of the Society in the matter. Inadvertently, this letter was addressed to "Mrs. Margaret D. Smith, Teacher, Oka, Que.", and evidently has not reached you.

In your letter of the 20th ultimo you stated that the Methodist Mission Board paid you \$25.00 per month. The total salary that should have been paid you for the year was \$300.00 and evidently you have only received \$250.00. If this be so, you should write to the Society and ask them at once to send the balance due you. The Department will be glad to hear from you again at an early date.

further on the generosity of the Department by asking it to grant an extra sum for it. I have a suggestion to make that will do first straight if the Department agrees. There is a small shanty about 10x12 feet up in the commons here that was put up some three or four years ago by the Department - that was used as a kitchen for the sick people who were moved to a tent that was put up there for a hospital. Now this shanty may never be used again for the same purpose, and again a board is taken off one by one by some one we don't know and in this way it is being gradually being pulled down. Now I would humbly suggest the Dept. to let us have this for a wood shed.

I was speaking with Mr. Perrillard the Agent about this and he will agree to this and think it a grand idea.

I remain

Ottawa, October 19, 1910.

Madam,

I have to acknowledge the receipt of your letter of the 10th instant, and in reply I beg to say that the Department would like to be advised in reference to the payment of your salary by the Methodist Missionary Society as soon as the matter has been dealt with by them.

Mr. Perillard is being authorized to purchase blinds for your school-room. The Department is not disposed at present to put new desks in and the three broken desks should be repaired if at all possible. This will give you seating accommodation for 22 children, which should be sufficient.

It is pleasing to learn that a satisfactory job has been made of the repairs to the house and that you and the children will have more comfortable quarters for this winter.

Your obedient servant,

D. Scott

Ottawa, 29th August, 1910.

Rev. Sir,-

On the 1st July 1909 the Department increased its contribution towards the salaries of the teachers at Caughnawaga, Oka country and Oka village schools to \$150.00, upon the understanding that your society was to contribute a like increase of \$25.00 in each case making their salaries \$300.00 per annum. This was done upon the request of the late Rev. Dr.utherland. The Department is now advised that during the year which closed on June 30th last Miss White and Mrs. Smith, the teachers at Oka were paid only \$250.00 per annum. You will thus see that there is owing to each of these \$50.00 from your society and the Department trusts that this amount will be forwarded to each of these teachers at an early date.

I may also add for your information that the Department has decided to grant Mrs. Smith a further increase of \$50.00, but this was made unconditionally. It is very desirable that Mrs. Smith's services should be continued at the village school and as an inducement to remain this increase was offered. Her salary will, therefore be next year at the rate of \$350.00 per annum, unless you can see fit to grant also a sum equal to that promised by the Department.

Ottawa, April 26, 1911.

Rev. Sir,

On November 30th, last, the Department advised you that it had increased its contribution towards the salary of Mrs. Smith, teacher of the ~~Oak~~ Oka Village school, to \$250.00. The share of the salary paid by the Methodist Church is \$150.00, making a total of \$400.00 per annum. Mrs. Smith has written the Department stating that she has been getting only \$350.00. I should be glad to know if this is correct and if so I would ask you to take the necessary steps to see that the arrears due Mrs. Smith are forwarded to her at once.

You will recollect that up to the year 1909 the salary allowed at this school was \$250.00, one-half of which was paid by the Department and one-half by the Church. On July 1st, 1909, the salary was increased to \$300.00, one-half to be paid by the Department and one-half by the Church, and on July 1st, 1910, the Department again increased the salary to \$400.00, but the Church was not called upon to increase its contribution.

Mrs. Smith is a successful teacher and has done good work at this school and the Department would like to have her paid as promptly as possible.

The Schools Branch, -

Please let me know the salary paid by this Department to the school teachers of the country school at Oka, also what is paid in the village school: I understand that the amount paid in the village is considerably higher than that paid in the country but that the work of each is about the same. Please let me have a full report as to why this difference exists and if it is reasonable that the lower salary should be raised.

MEMORANDUM.

Mr. Pedley, -

Replying to your inquiry of today's date in regard to the Oka schools I beg to say that the Department contributes to the Oka Country School \$150.00 and to the Village School \$250.00, the Methodist Missionary Society being responsible for the balance of the salary in each case.

The discrepancy in the contributions of the Department may be explained in this way. Up to the year 1909 the salary allowed at each of these schools was only \$250.00, one-half of which was paid by the Department and one-half by the church. On July 1, 1909, the salaries were increased to \$300.00, one-half to be paid by the Department. On November 30, 1910, in order to retain the services of Mrs. Smith, who is a very competent teacher, at the Village School, the Department increased its contribution to \$250.00, making her total salary \$400.00. The salary at the Country School was not increased for the reason that the teacher in charge was not so competent, being an Indian girl named Miss White. Since 1910 there has

has been no change in the contribution of the Department to either school. Miss White resigned last year and in January of the current year Miss Lunan took charge of the Country School. Although she has not professional qualifications she is well recommended. There is not much difference in the average attendance at the two schools for the past year, being 11 at the Country and 14 at the Village.

There is no application on file from the Methodist Church for an increase in the grant to the Country School, but there would not appear to be any reason why, if the present incumbent is competent, the grant to the Country School should not be increased by \$100.00.

I may say that there is no inspection made of these schools by the school inspector of the district and so far as I know they have never been inspected by any officer of the Department.

Extract from memorandum re. several matters in connection with the schools on the Oka Reserve brought up by Mr. Whitebeans while in Department on August 27, 1914. Original on 152220/1.

There is a claim for rent for the school premises in the village. I believe this has been recognized, but there are five or six heirs entitled to share in it and one of them is away in the States and his signature cannot be obtained. The others have all signed and I think that it would be only fair to pay the money to the people that have signed and hold the balance for the man that is entitled to it, unless a release is obtained in the meantime.

Referring to the question of the amount of rent owing for the Oka Village School building I beg to say that the Department holds this building under lease for five years from the first of October, 1910, at \$60.00 per annum. When the building was leased it was agreed that the Department should have it repaired and deduct the amount expended for the repairs from the rent. On the first of October, next, the rent would amount to \$300.00 and as the sum of \$289. 48 was spent in the repairs there is only \$10.52 due. Sir,

RE. Village School rent.

Replying to your letter No. 152216/1, I beg to say that if there is any rent due on the School house in the village it should go to Mrs. Cyrus Cooke. She and her brother Baptiste Gaspe owns the building, but Mrs. Cooke has the sole use of the property.

I think there is a mistake in your figures by one year. You say that on the first of October next the rent would amount to \$300.00 but I say \$240.00 as it will only be four years since we leased it. So according to that we are entitled to the house for ten more months, but I would beg the Department to give Mrs. Cooke this, as she is a poor woman. She has been moving about a lot since we took her house and the Department would be doing her kindness to give back her house unconditionally.

I have to acknowledge the receipt of your letter of the 4th instant with reference to the building formerly used for the Oka Village School.

Owing to a clerical error it was stated in official letter of the 1st instant that the amount of rent due on October 1st next would be \$300.00. Instead the Department finds that the amount of rent due on that date will be \$240.00 and as there has already been expended the amount of \$289.48 on repairs to this building, no further payment is due by the Department.

Rev. J. J. Oke, the minister in charge of the Oka Mission, pointed out that there were twenty-three children of school age within a radius of three-quarters of a mile of the village, who would attend a school at the village, if one were provided.

In addition to this there are four children of school age living about three and a half miles from the village who are now attending a Roman Catholic School in the country because there is no protestant school at Oka.

Rev. Mr. Oke, who is also a member of the band, has three children not included above who are beyond the public school grades and desire further education. For this they would have to go away from home.

There is a Protestant School five miles from Oka which has an attendance of about eighteen pupils. Of those attending this school the farthest is about seven miles from the village.

If a school with two teachers and taking the higher grades could be provided at Oka Village and the school closed in the country, two of the Rev. Mr. Oke's older children would thus be provided for and two children of other families would attend also.

In the event of this arrangement being carried out it would be necessary to provide a team to carry the children now attending the school in the country to the school at Oka village.

It was moved by Mr. J. T. Ewart and seconded by Rev. W. G. A. Wilson that in view of these facts we strongly recommend the Mission Board to take steps to secure a school with two teachers and teaching the model grades at Oka village. It was unanimously agreed.

A building for such a school is available but in order to have two rooms it would be necessary to raise the roof four or five feet. This building was formerly used as a school. It is understood that the Indian Department would be asked to bear a considerable part of the expense of such a school.

Memorandum:

Mr. MacKenzie.

In reference to Rev. Mr. Arnup's letter and enclosure attached I beg to make the following comments.

When I was at Oka last year I was informed that there were thirteen children of school age in the village and this number included those of Rev. Mr. Oke's family. There are about eleven Protestant families in the village and about thirty-nine in the country, eight of which might be said to be nearer the village than the present country school. This shows that the great majority of the Indians permanently live in the country while the villagers are comparatively few and migratory and the population is on the decrease yearly as the Indians are going on farms.

With regard to the statement that four children are attending Roman Catholic School. I assume that this has reference to Joseph Cree, who lives among the French farmers some five miles from Oka and whose children are attending the Cote Rouge Public (French) school, which is not half a mile from his place. Last spring Cree told me that his children were attending this school and were not being interfered with in their religious belief as he had an understanding with the Inspector of the district and the teacher in this regard. Knowing the condition of the road between Cote Rouge and Oka, I do not think that Cree's children would ever become regular attendants at a village school if the same were re-opened.

As regards Rev. Mr. Oke; — he is the local missionary to the Indians and a native — member of the St. Regis band. He has a family of eight. Being an outsider and whose incumbency covers only from year to year, it is questionable whether the Department should be called upon to disturb the present arrangement to the disadvantage of the majority of the Indians in order to give his children the advantages of schooling practically at their own door. He is well equipped to send his children to the country school as he has a team of good driving horses. Moreover the change would involve considerable additional expense. — The building which is held in view for a school would have to be rented and altered. The item of conveying the country children to the village would be considerable as it is quite likely it will be necessary to provide two rigs. The matter of conveying the children to school has been tried at Oka two or three years ago and has proven unsatisfactory. The truant officer has complained more than once that few of the country children, who live near the school do not attend owing to lack of proper clothing, it would therefore be out of question to expect these and others to go five or six miles to school.

The finding and action of the Commissioners of the Montreal District of the Methodist Church appear to be based on inspiration received from a single and apparently interested source-through the present local missionary, who has, ever since his return to Oka, been agitating for this change. If the Department is disposed to give additional educational advantages to the children of the village, I would suggest that a school be opened, as an experiment, for them during the winter months only. Mrs. (Rev.) Oke who holds a teacher's certificate could be engaged as a teacher for \$35.00 a month and a house could be rented for \$4.00 a month. This arrangement might be a little more expensive than engaging a man to drive the children to the country school, but I am of the opinion the results would be more satisfactory.

MEMORANDUM.

Mr. Scott,-

With reference to the memorandum which accompanied the letter from the Rev. Mr. Arnup, Assistant Secretary for Foreign Missions of the Methodist Missionary Society, regarding school matters on the Oka Reserve I beg to say that there are not enough children of school age on this reserve to justify two schools being maintained there. The majority of the Indians live in the neighbourhood of the Country School and apparently Mr. Oke's desire for the re-opening of the Village School is more in the interests of his own children than the rest of the band.

The Department has done very well by Mr. Oke, as it allowed him \$200.00 a year for the education of his children in Cornwall for four years while he was missionary on Cornwall Island. Since he has been at Oka he has been driving the remainder of his family who are old enough to attend school up to the Country School, as he has horses of his own. In fact he told me that, if the Department would undertake to drive the children to school, he would like to do this work.

As Mrs. Oke is a qualified teacher, she is quite competent to look after the education of her own children on any days that they are unable to attend the Country School.

The Department tried the experiment of collecting the children and driving them to school, but it was found to be a failure, and I agree with Mr. Cooke that there is no need for another school on this reserve.

Rev Sir -

I have given consideration to your letter of November 20th, in reference to the representations made to you regarding school facilities on the Oka Reserve.

As you may be aware we conducted a school in the village for sometime, but were forced to close through lack of attendance. The majority of the Protestant children on the reserve reside in the rural district and not in the village. Even there the attendance is very unsatisfactory among those who are within a reasonable distance of the school.

We tried the experiment of conveying the children to the country school, but that proved a failure, and I do not think that we could favourably consider conveying them from the country into the village.

It seems to me that a school must be conducted in the country for the benefit of the Indians now resident there, as well as for those who in the future may wish to leave the village to follow agriculture, as some are now doing. While I sympathize with Mr. Oke's ambition to have his own children educated, I cannot see that the Department should be called upon to establish a second school in the village without reasonable certainty of success, and, from the information I have, any degree of success is highly problematical. In no event could I consider the establishment of a higher grade school where there are no children of the band (Mr. Oke is not a member) to obtain any practical benefit therefrom.

In view of all the circumstances I regret that I cannot see my way clear to make any change at present in the existing arrangement on the reserve.

I am in receipt of your letter of the 21st instant regarding the suggestion of Mr. J. Oke of Oka, of having a driver appointed to take the children from the village to the Oka country school.

In reply I beg to inform the Department that his suggestion meets my approbation, if the result of that system has been unsatisfactory in the past year the non success may be due to the fact that the driver did give satisfaction to the parents but his conduct with the children and did supply comfortable rigg. The Department is not aware of the complaint made by the parents in that time.

In regard to the driver I beg to say that G. Howard Oke will be a suitable man to do the work for he has two good strong horses, but he has no suitable rigg. I consider that the Department should supply a boss and robes which can be used in all seasons.

DEPARTMENT OF INDIAN AFFAIRS

Ottawa, October 30, 1919.

MEMORANDUM.

Mr. Scott,-

Requests have been received from the Rev. J. J. Oke, Missionary at Oka, and also from the teacher of the Oka Country School that arrangements be made to have the Indian children residing in the village and vicinity conveyed to and from the school. This application is endorsed by Mr. Agent Bertrand.

The Agent has forwarded a list of the families residing in the village and vicinity, comprising 24 children of school age, and also a list of the families having children who reside on the main road between the village and the school and over a mile and a half from the school, a total of 12 children. This comprises a total of 36 children who do not attend the Oka Country School on account of the distance they have to travel. The distance from the village to the Country School is about five miles. There are 61 children of school age on the reserve, who should be in school, but the return received for the June quarter shows an enrolment of 28, with an average daily attendance of 7, and for the September quarter an enrolment of 19, with an average attendance of 5.

The Department arranged for the driving of the children in the village and vicinity during the winter of 1915-16 and, after giving this system a trial, it proved unsatisfactory, mainly owing to the fact that the driver did not have a proper rig or sufficient rugs to keep the children warm during the journey.

Both the Agent and Rev. Mr. Oke advise that another attempt be made this winter to have the children conveyed

Mr. Oke suggested that, if the conveying of the children be not entertained, a school be re-opened in the village. He stated that a suitable building could be rented for the purpose and, if this were done, it would be necessary to provide desks and school material.

Dear Sirs.

There are 77% of children of school age out of school and growing up in ignorance. 38% of which reside in the village and vicinity of Oka. It is a serious situation that demands immediate attention.

The appointment of a driver only would partly meet the demands of the situation. I know this was a failure three or four years ago. But the appointment was made without any regard to the comfort of the children, many of whom are not clad warmly enough for a drive four miles without cover. And I may say the moral character of the driver had a great deal to do with the failure.

The primary need, in view of the circumstances of the children is a covered vehicle which would be some protection from rain & cold.

I have to acknowledge the receipt of your letter of the 24th ultimo in further reference to the appointment of a driver to convey the children living in the village to the Oka Country School.

In reply I beg to say that the Department would like to hear from you at an early date as to whether it would be possible to obtain a suitable building in the village in which to re-open the school. If so, you should give the size of the building, its present condition, the name of the owner and the amount of rent per month for which it could be secured. At the time the school in the village was closed there was a good equipment of school desks, a teacher's desk and blackboards. You will be good enough to state where these desks are and if any of them are available for use and the condition they are in, also whether it would be necessary to obtain any new desks. It might be more in the interest of the children residing in the village to re-open the school there than to have them conveyed to the Country School.

Before the Department can deal with either the question of re-opening the village school or arranging for the transport of the children to the Country School it will be necessary for you to reply as fully as possible, giving the information asked for above. Kindly attend to this matter at once.

The question of the education
of the Indian children being of
our duty and considering the
present situation. —
The councillors at this present mee-
ting expressed their hearty approval
of the contemplated opening of school
in the village. —
It is further of the opinion that a
suitable building with perhaps
two rooms at least should be erected
providing for a model department. —
A number of children would not benefit
by simply opening another elementary
Department school. —
The councillors would therefore pledge itself
to assist the Department in securing a suita-

future; all the councillors present are in the same
opinion at the exception of Philip Angus.

Sir,-

I beg to report that while at Oka, week before last, I inquired into the educational facilities of the Protestant Indian children who live in or near the Oka village and who do not now attend any school.

There are 13 children of school age in the village and 14 in the country nearby, only 6 of these numbers are in the habit of attending schools while the rest, over 20, have never gone to any. I enclose herewith a list of children living on these sections of the settlement.

The scheme of driving these children to the present Country school, if put in operation, would, in my opinion, not meet the desired end, owing principally to the distance and the widely scattered settlements to be covered, and the antipathy of the parents to the scheme. The cost will be in the neighborhood of \$500. Agent Bertrand is prepared to undertake the work for \$500. a year (10 months) and provide his own equipment, while E. Howard Oke, an Indian, will do the same for \$400.00 a year and the Department to provide the equipment - vehicles, robes, etc., which will at least cost \$200.

The only alternative is to re-open a school in the village and I would recommend that this be done. The building formerly used as a school, belonging to Chief J.B. Gaspe, is available and in good condition and

can be had for \$6.00 a month. The out-houses - woodshed and closets-are also in good repair.- The desks for the teacher and pupils are still in good condition and can be had at any time. The childrens' desks are at present in the country school, not used, and the teacher's desk is with the resident missionary, Rev. Mr. Oke. A wood stove and stovepipes costing about \$20.00, 15 cords of wood at \$5.75 per cord, a hand bell and a supply of school material will have to be purchased. A caretaker at a salary of \$50.00 a year will have to be appointed. Chief J. B. Caspe is prepared to accept this position. I am told by the Methodist Missionary authorities that there would be no difficulty in securing the services of a teacher by the 1st of January, next. The teacher can readily find quarters in any of the several boarding houses kept by the Indians and whites in the village.

The expenditure incidental on the re-establishment of a school in the village may exceed the cost that would likely be incurred in driving the children to the Country school, but it certainly will be much more satisfactory to all parties concerned. The children in the village will certainly all attend, and some of those in the country as well, but there is a doubt as to what some of the parents of the latter will do. The mind of the parents, like the Gabriels, Crees, Rivers, Coles, etc., living on this section of the settlement, is so clogged with distrust against the Department that anything that is done for them finds no response not even appreciation. In view of the long-standing hostile attitude of these Indians and the duty of the Government on the other hand to see that it gets proper returns

for its efforts and expenditure of means for these people, that I am at times led to the belief that it would be far better to hand the matter of their education over to the provincial authorities, it would at least have the effect of awakening them to the fact of their gradual and ultimate assimilation with the whites.

Your obedient servant,

Chas A Cooke

Ottawa, December 3, 1919.

Sir,-

I have to acknowledge the receipt of your letter of the 22nd ultimo in reference to the re-opening of the day school in Oka Village.

In reply I beg to inform you that it has been considered in the best interests of the Indian children to re-open the Village School, rather than to arrange for their transport each day to and from the Country School. I have, therefore, to request that you will at once take the necessary steps to secure the house of J. B. Gaspé at the rent mentioned by you, namely, - \$6.00 per month. You should obtain lease of the house from Gaspé and forward it to the Department.

As soon as this has been secured you should have the desks, which formerly belonged to this school, brought back from the Country School, where they are at present, and the teacher's desk from the resident missionary and have them installed in the house to be used for the Village School.

You will also be good enough to arrange for the purchase of fifteen cords of wood at \$5.75 per cord. This wood can, no doubt, be obtained from Joseph Cree and the amount charged therefor can be applied to his loan from the Department.

A wood stove and the necessary stove pipes will also be required, and I have to request that you will obtain prices from a number of dealers and purchase the stove from the firm quoting the lowest price for a suitable one. It is considered that the stove and stove pipes should not cost more than \$20.00.

The Department would like to have the house fit up and ready to re-open the school on or about the first January, next.

The Methodist Missionary Society, under whose auspices the school will be conducted, are being requested to nominate a suitable person as teacher. The Department is informed that a teacher can readily find accommodation in one or other of the several boarding houses kept by the Indians and whites in the village. As soon as a teacher is secured you will be informed.

It will also be necessary to secure the services of a competent man as caretaker. The Department is informed that

O. F. Bertrand, Esq.,
Indian Agent,
Oka, Que.

that J. B. Gaspe is prepared to accept this position at a salary of \$50.00 per annum, and you will be good enough to engage his services, to commence duties as soon as the school re-opens.

If blackboards are required, you will be good enough to furnish at once the dimensions of the same. A supply of school material will be sent you in due course, which you will be good enough to see that the teacher receives.

You may inform the Indian parents of the Department's intention to re-open this school at the beginning of the new year. It is hoped that they will send their children regularly and that every assistance will be given by you to make this school a success.

The Department is informed that the house which you are asked to secure from J. B. Gaspe is in good condition and that the outhouses, woodshed and closets, are also in good repair.

You will be good enough to attend to all the above matters at once, in order that the building may be fitted up and ready for the teacher to begin duties the first of the new year.

The Department is informed that there are thirteen children of school age in the village of Oka and fourteen who reside in the country, along the middle road and near the village.

Your obedient servant,

Rev. Sir,-

I beg to inform you that the Department, after making full inquiry into the educational facilities on the Oka Reserve, has decided to re-open the school in the village. The building formerly used as a school has been secured and the necessary equipment will be installed. It is hoped to have the school ready to re-open on or about the first of January, next.

As this school will be conducted under the auspices of the Methodist Church, I have to request that you will be good enough to obtain the services of a suitable teacher. The name, age and qualifications of the person secured by you should be forwarded for the consideration of the Department. A salary at the rate of \$500.00 per annum will be paid for a qualified teacher.

The Department will be pleased if you will give this matter your prompt attention and endeavour to ~~endeavour~~ have a teacher engaged, to begin duties by the first of the new year.

Dear Sir:-

In accordance with your letter of December 3rd, we have been endeavoring to secure a teacher for the Oka village school, and now beg to submit the name of Miss Clara M. Stetler for this position. I enclose her application herewith, and would recommend her appointment to the Oka school.

I think I should add a word of personal testimony from Miss Stetler's pastor, Rev. Joseph J. Mellor of Northport, Ontario. He writes:

"Let me say that Miss Stetler is a young woman of sterling quality and would make a success in mission work. As I told you over the phone, she wishes to know if she is appointed at once, for she does not want to leave these trustees without the chance to get a good teacher. Wish you would wire me as soon as possible."

I have taken the liberty of advising Miss Stetler to resign her present position, and would ask that, if possible, you deal with this case at once. Would you kindly wire to Rev. J. J. Mellor, Northport, Ontario, if you approve of Miss Stetler's appointment to Oka? Also, please advise me in the case. Mr. Mellor will get in touch with Miss Stetler on receipt of your wire, as he is responsible for bringing her name to our attention.

Rev. Sir,-

I beg to inform you that a request has been received from Miss Helen Earle for school supplies for the Village School on the Oka Reserve.

The Department has not received any information regarding the appointment of Miss Earle, nor the date when she began duties. The former teacher of this school was Miss Clara M. Stetler and no information was given of her intention to resign, nor that a teacher was required.

If Miss Earle was appointed by the Methodist Church authorities, I shall be pleased if you will be good enough to furnish full particulars regarding her qualifications and experience and also the date on which she began duties.

When teachers are required for Indian day schools conducted under the auspices of your church I should be pleased if you would furnish for the consideration of the Department the name, qualifications and experience of the teacher nominated by you.

I shall be pleased to have full information, as requested, regarding the appointment of Miss Earle.

Dear Sir:-

W. G. Watson

Referring again to your letter of December 3rd - No. 152216/1 - I beg to say that I am to-day in receipt of a letter from the Rev. Robert Smith, Chairman of the Montreal District of the Methodist Church, explaining the appointment of Miss Helen Earl, as school teacher at Oka.

A quotation from his letter will probably answer your enquiry about as fully as it is possible to do it. He writes as follows:-

"Miss Helen Earl, who is at Oka, has a fair education, having had High School privileges, is a graduate of the Deaconess Training School, and has had charge of Fresh Air Camps at Whitby, Ont., and some other place, for years. She seems to be well adapted to the work in which she is engaged at Oka, but has no diploma. I have had the impression that a diploma was not essential in schools among Indians, provided the teacher was satisfactory otherwise. Miss Earl thoroughly enjoys her work and, as I stated before, Rev. J.J.Oke says she is doing splendid work."

Miss Earl was very highly recommended to Mr. Smith. She is from Spencerville, and has been engaged subject to proving satisfactory. She began her duties on November 4th, and has an enrolment of fifteen scholars. Our information is to the effect that the children are taking great interest in her work, and are attending school regularly.

I hope the appointment will be satisfactory to the Indian Department.

I am,

Very faithfully yours,

Dear Sir;

I might say that having acquainted myself with the school situation here in Alka I find that the present arrangements for the enforcement of school attendance is unsatisfactory

The Indian agent is in business carrying on a provision and grocery store. Strict enforcement of the law on his part would mean the loss of custom and

II

patronage of the Indians. It will be seen that the truant officer in reality is single handed in compulsory attendance.

I have a personal knowledge of two cases where (Paul Nelson and Mrs A J Jacobs) were served with summons to appear before the Agent for refusing to send their children to school. To protect his business interests the Agent let these two cases off on suspended sentence.

I am personally convinced that the only effective way

III

to enforce compulsory attendance is for the Department to send officials (mounted police) to be on the ground. The mere fact of their presence would go a long way towards changing the attitude of the parents. In fact to deal successfully with the whole situation would be to deal with Chief Joseph Gabriel and once his resistance is broken the backbone of the opponents in General is broken.

The winter is over and summer practically here. This

Ottawa, April 12, 1921.

Madam,-

I have to acknowledge the receipt of your letter of the 7th instant regarding the school attendance on the Oka Reserve.

In reply I beg to say that the Department is well aware of the apathy of the Indian parents regarding education. The Department has recently taken this matter up with Mr. Agent Bertrand with a view to securing the services of another truant officer, if the present officer ~~does~~ not perform his duty. Your request that more direct action be taken to enforce compulsory attendance will receive consideration.

Dear Dr. Scott:

369034

I am informed by the Rev. Robert Smith, Chairman of the Montreal District, that Miss Earl will not be available to teach the Oka Village School after the summer holidays. He has arranged with Miss Vera Simons to take charge of this School in September, subject to the approval of the Indian Department.

He says that Miss Simons is a Deaconess, who has been engaged as Travellers' Aid in Montreal for the last three years. She has taught art and music for years. When she left Albion College, Michigan, she was qualified for freshman's standing and would have been entered as such had she remained there. She has in addition a Diploma in Religious Education, and he feels satisfied that she is well qualified to do the work at Oka, and besides would render great service in the homes of the people there by her visits among them. We trust you will see your way clear to confirm this appointment.

Awaiting your reply,

I am,

Very faithfully yours,

Reverend Sir, -

I am directed to acknowledge the receipt of your letter of the 11th instant, in which you state that the services of Miss Earl, teacher of the Oka Village Indian Day School, will not be available after the summer holidays, and nominating Miss Vera Simons for the position, and stating the qualifications which she possesses.

In reply I beg to say we regret that Miss Earl is giving up duties at the end of the present school year, as her services are quite satisfactory.

We will, however, approve of the appointment of Miss Vera Simons, to begin duties when the schools re-open after the summer holidays, on or about September 1st, next. The salary allowed will be at the rate of \$500 per annum, together with any bonus provided by law.

We are informing our Agent at Oka of the resignation of Miss Earl at the end of the present school year, viz: June 30th, and of the appointment of Miss Simons to succeed her when the schools re-open after the summer holidays.

My dear Sir,

572209

Your letter of June 30th was duly received at the Mission Rooms, Toronto, but owing to my absence from the city I have not had an opportunity of replying to it until this morning.

You call my attention to the fact that you have received a petition, signed by a number of Indians on the Oka Reserve, requesting that Miss Frances E. Saunders' services as teacher of the Oka Country School be dispensed with and that another teacher be engaged. I am taking this matter up with the Chairman of the Montreal District and will report to you when I hear from him.

You state in your letter that it will also be necessary to obtain a teacher for the Oka Village School, as Miss Helen Earl, the former teacher, has resigned. In a letter received from Mr. Russell T. Ferrier under date of May 15th, he approves of the appointment of Miss Vera Simons as teacher of the Oka Village School, in place of Miss Earl; also stating that he is informing the Agent at Oka of the resignation of Miss Earl and the appointment of Miss Simons to succeed her. You were probably not aware of this action on Mr. Ferrier's part when you wrote me on June 30th.

Faithfully yours,

RE OKA VILLAGE SCHOOL.

A short time ago Miss Vera Simons, who had been appointed Teacher of the Oka Village School, resigned. The Rev. Robert Smith, Chairman of the Montreal District, secured as a temporary supply for the school Mrs. Oke, the wife of the Missionary of the Methodist Church at Oka.

He has now succeeded in securing as a permanent teacher for the remainder of this school year, Miss Helen Earl. A letter from him this morning informs me that she is now in charge of the Oka Village School. Is this arrangement satisfactory to you?

Sir: -

We are informed by the authorities of the Methodist Church, under whose auspices the Oka Village Indian Day School is conducted, that Miss Vera Simons has resigned her position as teacher and that, pending the appointment of another teacher, the temporary services of Mrs. Oke, the wife of the missionary, had been secured.

The General Secretary of the Home Mission Board of the Methodist Church now informs the Department that Miss Helen Earl has been engaged for the balance of the present school year, and that she is now in charge of the work. Her appointment has been approved, and the salary allowed her will be at the rate of \$500 per annum, supplemented by any bonus provided by law.

I shall be pleased if you will inform the Department the date on which Miss Simons gave up duties, the number of days taught by Mrs. Oke, and the date on which Miss Helen Earl began duties.

I shall also be pleased if you will give Miss Earl any assistance you can in her work at this school, and endeavour to have the Indian parents see that their children who are in good health attend each day school is in operation.

Is not this a very small salary to pay a teacher of her qualifications? Dear Sir;

Possibly the fact is unknown that Aka is a summer resort and entirely different from rural conditions. The cost of living is very much the same as the city. The consequence is that the teacher is at a greater expense in board, lodging etc. than she would be teaching in a rural community.

The personal appearance as will be seen in a situation like this is an important factor in the success of the work. This is not so prominent in a rural condition. The dress is another factor which all concede as important in the education of people, especially Indians.

I purposely leave unmentioned qualifications which I think will be taken for granted.

In view of this a salary at the rate of six hundred per annum is entirely inadequate. Teachers elsewhere under similar conditions receive nothing less than nine hundred

Ottawa, July 3rd, 1923.

Madam:

I have to acknowledge receipt of your letter of the 26th ultimo, requesting that an increase in salary be granted you as teacher of the Oka Village Indian Day School for the next school year.

In reply I beg to say that, after fully considering your request, the total amount of increase we can allow is \$50. This will make your salary at the rate of \$650 per annum, which, supplemented by bonus at the rate of \$150 per annum, will work out at approximately \$80 per month, for the ten teaching months in the year. I would point out that you have no professional qualifications, and it is considered that this salary will compare favourably with that paid teachers in the neighbouring rural white schools.

I shall be pleased to hear definitely at a later date as to whether you will accept the position for next year and be prepared to resume duties on or about September 4th, next, when the school re-opens after the summer holidays.

Your obedient servant,

J. D. McLEAN

Rev. Sir:

I have to acknowledge receipt of your letter of the 3rd instant, informing the Department that Miss Helen Earl, teacher of the Oka Village Indian Day School, is willing to continue teaching for another year.

In reply I beg to say that we received a letter from Miss Earl on the 28th ultimo, stating that she would return providing she received an increase sufficient to allow her \$75 per month, plus the bonus. We informed her that we would allow her an increase of \$50, making her salary at the rate of \$650 per annum, which, supplemented by the bonus at the rate of \$150 per annum, would work out at approximately \$80 per month, for the ten teaching months in the school year. We have asked her to state definitely whether she will accept the position or not in view of the increase which has been offered her. We would be pleased to have her services for another year, and hope that she will consent to return and take up duties when the school re-opens after the midsummer holidays.

Dear Sir;

I beg to call the attention of the Department of one Ralph Gabrielle who since he came to school in November last has played truant and otherwise committed depredations about the school.

He is absolutely incorrigible. He is the son of Chief Jos. Gabrielle. He came to me with no home training whatever. He has been a problem to me. I have exhausted all means of helping the boy and all my efforts have proved useless.

The outlook for this boy is anything but promising. I am sure if he is not taken in to some Correctional Institution he will prove dangerous, as he shows symptoms of anti-social tendencies. I cannot have him coming to my school for the sake of the other children. His influence over the others is immoral and reactionary.

Can the Department do something for this boy. If placed in a Reformatory just at this time it might prove his salvation.

Indian Affairs. (RG 10, Volume 6097, file 324-1, part 1)

He would at least be occupied with some constructive program. At home he has nothing to do but loaf and does worse at school. It is impossible to influence the boy through his parents to something better.

After studying his case in his home life and his social environment I have come to the conclusion that he can only be saved by taking him now to a Reformatory of some kind.

I'm quite positive for the sake of the school discipline he should not be allowed to attend. I make this suggestion to the Department because of my interest in the welfare of this boy.

Awaiting an early reply.

your obedient servant.

I have the letter of the 9th instant, signed jointly by Miss Helen Earl and yourself, with reference to Ralph Gabrielle who has been attending the Oka Village Indian Day School. I have noted this lad is incorrigible and that you recommend a reformatory term. In reply I have to inform you that this boy should not be allowed to attend the village day school. Please inform the teacher as well as the parents. I regret that no action towards placing him in a reform school can be taken, unless you are prepared to lay definite charges against him which would probably result in his commitment before a magistrate.

In reply I regret to inform you that a contract for the new school and teacher's residence is not being let. It was considered that all tenders were too high. I should be pleased if you would immediately make enquiries concerning a building which can be rented for the time being. The house that was used in the past is not considered suitable. You should try to secure a building in which there is space for a classroom downstairs, the upstairs of which could be used as a teacher's residence. At the village school I found a large attendance and good deportment. I examined some of the work being done by the pupils and found it very creditable. The teacher at this school appears to take a great interest in her work and when given a proper school building should show excellent results. The conditions under which she is at present working are far from satisfactory. I understand that a new building is being erected this summer. I might say that at this school I also found the classroom altogether too hot and no ventilation. The room was crowded with pupils.

With reference to Mr. Robt Cowling, who began duties as teacher of the Country school on May 1st, last, the Department understands that he is meeting with success. There has been a regular attendance since he took charge, and the parents appear to be quite satisfied, as evidenced by their sending their children regularly to school. Dear Sir:-

I wanted to inform you that my father had died on the 31st. of January and was obliged to close school to arrange for the funeral.

It is my intention to make up for lost time by holding night school indefinitely. In any case I had purposed doing this to help backward students as soon as the blackboard was installed. It is installed now and I wish therefore to carry out my plans.

The funeral kept me away from my work for a week and I think I can make up lost time by holding night classes. My scholars are very anxious to attend and with our blackboard I think I can give more efficient service. I am starting this forthwith.

Dear Sir;

A number of children under school age are attending my school. My regular pupils demand all my time and I cannot give these children the proper attention. Before dismissing them I wish to know if there any way of securing a teacher for these little ones.

As you well know the Indian child is naturally slow to respond. A kindergarten training would give quickness of apperception. To my mind this training is needed here more than most places as these children receive absolutely no instruction in the home.

In looking over the Field I find that a class of twelve could be formed at once. If I had time to visit the homes I am sure more pupils could be secured.

My dining room could be used as a class room for this year.

Dear Mr. Ferrier:

Miss Laura Hilda Oke, daughter
of Rev. J. J. Oke, of Oka, Que., has written
to Dr. Manning in reference to the position
of teacher at the village school at Oka.
According to her letter, she has obtained a
teacher's diploma and certificates in physical
training and music. These, with her other
personal qualifications, would seem to fit her
for the vacant position.

Kindly give the matter favorable
consideration should Miss Oke apply.

Certificate for Music. In addition
to these I would humbly point out
the fact that I have had intimate
acquaintance with the work and
its demands in the Village School as
in the past I have frequently helped

Moreover I am yielding to a
very pressing demand from the
people that I become their teacher for
the coming year. This fact together
with my acquaintance of the work and
the people gives me assurance that
I can meet with any demand
connected with this school. I would
therefore make application for this

it a favourable consideration.

Dear Sir:

In a recent interview of my Father with Russell T. Ferrier, of the Indian Department, he was informed that there have been no names submitted as yet to him for teacher for the Village School at Oka.

I concluded from this, rightly or wrongly, that there was no appointment made yet for the Village School and decided to apply for the position.

I have passed and obtained my teaching Diploma at Macdonald College, Teacher Training School. I have also obtained certificates in Physical Training and Music.

In addition to these qualifications, may add that I have perfect acquaintance with the demands and difficulties of this school, as I have been intimately in touch with the school work all these years and often supplied during the illness of the teacher.

Moreover requests have been coming in from the parents of the children urgently asking me to apply for the position and become their teacher. I have thus far submitted to their wishes in making this formal application for the position.

I am aware, through my Father, of the attitude of Mr. Ferrier towards the teachers who are Indians. No doubt this attitude is justified but I may say he can hardly with justice place me in the same category.

Hoping to hear from you as soon as possible.

I am,

Sincerely yours,

Dear Sir:

Referring to your letter (File No. 20-2-1) bearing date of August 18th, I beg to say that I have been in England nearly all summer and expected that by the time I returned to the office a teacher would have been appointed to the Oka Village School.

We have two applications for this position; one from Miss Laura Hilda Oke, a copy of whose letter applying for the position I enclose herewith. I note that in a letter from the Department, bearing date of July 12th, doubt is expressed as to the advisability of appointing Miss Oke as teacher at the Oka Village School. You may have reasons for objecting to her appointment with which I am not familiar, but from any information I have I am inclined to think that she would make a success of teaching this school. Her mother, as doubtless you know, is a white woman and her father is an Indian of rather exceptional ability, and I would take it from her letter that she has undergone a thorough training.

The other application is from Miss Kathleen F. Armstrong who served as supply teacher for a time at the Mount Elgin Institute. I do not know much about her qualifications other than that she has Normal School training. I am inclined to think that Miss Oke would be the more efficient. Would it not be advisable to give her a trial?

I appreciate the fact that the school opens on the first of September and that action must be taken immediately. Since I came to the office a week ago I have been doing the best I could to secure a teacher for the Oka Village School, but so far have no one to recommend except Miss Oke whom I believe would fill the position more satisfactorily than Miss Armstrong. Could you not see your way clear to agree to her appointment?

Awaiting your reply,

I am,

Very faithfully yours,

Dear sir:

Having noticed your advertisement in yesterday's "Sun-Times", I respectfully offer myself as a candidate for the position of teacher in the Port Elgin Indian School.

I hold a Second Class Professional certificate. I received my academic training at the Goderich Collegiate Institute and my professional training at the Ottawa Normal School.

I have had twelve years' experience in the actual work of teaching — six years prior to my marriage and six years subsequent to it. Three of these years were spent as primary teacher in a four-roomed graded-school (Blyth, Ont.) and nine years in country schools. I have also had experience in Fifth class work so that I am conversant with all phases of a teacher's work.

I spent five years in my last position, S. S. No. 4, Holland Township, Grey County, and would still have been there had I not had to resign June, 1927 in order to take care of my mother through a long and fatal illness.

While in this school I had conspicuous

success with my Entrance pupils. During three different years my pupils obtained the highest standing at the Chateworth examination centre and all my pupils in this school made excellent progress.

I am Protestant in religion — a member of First United Church, Owen Sound of which Rev. W. J. Scott, M. A. is the minister. I will, very cheerfully, assist in church, choir, Sunday-school or any community work, if I am desired to do so.

I have excellent health, am of an active, equable temperament and possess a strong, robust physique.

My family consists of my husband (a returned soldier), a nineteen-year-old daughter, who is a teacher, and a thirteen-year-old son. The only one to accompany me will be my young son. Should you regard my application favourably, I presume it will not be against regulations for my son to attend the Indian School. He is in the Entrance Class and a well-conducted, healthy boy. Also, providing I am the successful applicant, I should like to know if the school is at Cape Croker or at Port Elgin near Kincardine. I am not just clear on this point. I am inclosing copies of testimonials from the School Boards of the various schools of which I have been teacher.

In conclusion, sir, should my application meet with your approval, you may rely upon my doing my utmost to promote the physical, mental and moral welfare of the children entrusted to my care.

Yours very sincerely,

Madam, -

I have your telegram of the 14th instant, accepting the position as teacher of the Oka Village Indian Day School for the next school year. This school is situated in the Indian Village of Oka. It is a new school building with teacher's living quarters provided.

To reach this school from Montreal, you should take the C.P.R. from the Windsor Station to Como, Que. There is a ferry from Como to Oka crossing the Lake of Two Mountains, an expansion of the Ottawa River. An alternative route would be by the C.N.R. leaving the Tunnel Station, Montreal, to St. Eustache, when there would be a drive of eight miles to the school.

The local Indian Agent is Mr. F. Harbour, who resides in the village. You should report to him upon your arrival at Oka. He is being informed of your appointment and requested to give you every assistance he can upon your taking up duties at this school. The language of instruction in the classroom is English and a knowledge of the French language is not necessary. We note from your application for the Port Elgin School that your son would accompany you. He may attend classes at the Oka School.

The authorities of the United Church of Canada, under whose auspices this school is conducted, are also being informed of your appointment. You should arrange to be at Oka in time to begin duties on September 4th next, the date on which the school re-opens after the present summer holidays. If you require any classroom supplies, you should prepare a requisition on the forms supplied for that purpose. These forms can be obtained from the local Indian Agent. You should hand this requisition to the Agent who will forward it to the Department and the supplies will be sent from the Government Stationery Office here.

It is hoped that you will meet with every success in your work at Oka.

As stated in our telegram to you of the 13th instant, the salary allowed will be at the rate of \$90 per teaching month.

Your obedient servant,

A. F. MacKenzie.

Ottawa, August 15th, 1928.

Reverend Sir,-

Referring to your letter of the 8th instant, requesting the Department to obtain the services of a teacher for the Oka Village Indian Day School for the next school year, I beg to inform you that we are appointing Mrs. Bertha Tupper, Owen Sound, Ont., who holds a second class certificate and has had twelve years teaching experience. She has forwarded excellent testimonials as to her previous experience. Mrs. Tupper is a member of the First United Church, Owen Sound, of which Rev. W.J. Scott, M.A., is the minister. She states that she has excellent health, possessing a robust physique. The only member of her family who will accompany her will be a young son thirteen years of age.

The salary we are offering Mrs. Tupper is at the rate of \$90 per teaching month and it is hoped that her appointment will meet with the approval of the authorities of the United Church of Canada. Mrs. Tupper will begin duties on September 4th next. The local Indian Agent at Oka has been informed of her appointment.

Your obedient servant,

A. F. MacKenzie

Sir,-

I have to inform you that the Department is appointing Mrs. Bertha Tupper, who has had twelve years teaching experience and holds a second class professional certificate, as teacher of the Oka Village Indian Day School for the next school year. The salary allowed her will be at the rate of \$90 per teaching month.

Mrs. Tupper has been requested to take up duties on September 4th next, the date the school re-opens after the present summer holidays. She will notify you upon her arrival at Oka and you should give her every assistance you can in her work at this school. Should she require any classroom supplies, she has been requested to obtain the necessary forms from you and prepare a requisition which you should send to the Department.

Mrs. Tupper will be accompanied by her young son, thirteen years of age, who is to be permitted to attend classes in the school.

You should forward Miss Laura Oke's resignation as requested in our letter of the 10th instant.

Your obedient servant,

A. F. MacKenzie

Mr. Russell Ferrier,
Superintendent Indian Education,
Ottawa.

Sir:

I am writing the Department (if such ^{a request} contrary to their policy), to raise my salary to One Hundred Dollars per teaching month or to One Thousand Dollars per annum. I have been receiving Ninety Dollars per month.

My average attendance has risen from 13.46 during the September quarter, 1928, to 24.5 during the quarter ending June, 1931. I have 31 pupils on the roll. I shall have an Entrance class 1931-32 and also the other grades will be well represented. I hold an Ontario Teachers Second class (permanent) certificate of qualification, and, I understand my fellow teachers with the same qualifications as I possess, are being paid on the basis of One Hundred Dollars per month. In his June inspection, Inspector McQuat B.A. expressed himself as well pleased with the progress my pupils are making.

The work is extremely arduous and makes large demands upon the teacher's physical, mental and spiritual powers and, I believe, deserves a adequate remuneration. Also, out of school hours I spend the major portion of my time in community-welfare-work I conduct a Sabbath School, am church organist and have to be on hand at all church gatherings to conduct the music.

Petitioning you to consider my request,
I am, sir,

Your obedient servant,
Bertha Tupper.

Madam, -

I have your letter of the 24th instant, applying for an increase in your salary as teacher of the Oka Village Indian Day School for the coming school year.

In reply I have to say that the Department will allow you an increase at the rate of \$5.00 per teaching month from the first of September, next, the beginning of the next school year. This will make the total salary allowed you from that date at the rate of \$95 per teaching month. Our funds this year are extremely limited and the above increase is the full amount we can allow. Mr. Agent Harbour is being informed of the increase in salary granted you.

Dear Sir:

I am making my home in Oka,
near of young growing children. It is my desire
give my children a protestant English education.
My children had started and the eldest one had trouble
went to investigate and Mrs Tupper, the Oka Pro-
testant School Teacher told me, she was not obliged to teach
white children as the school was for Indian children. I
am willing to do all that is my power to co-operate with said
teacher to have my children educated. I know my children
are unruly at times, but if the teacher could comply with my
request, I can vouch to say my children will be chastised
any time. I am notified my children are unruly, being
a white father married to an Indian wife should not de-
fract our children being educated in Oka. Please con-
firm and a word of reply would be greatly appreciated
Respectfully Yours

The Department has received a communication from George Albert, of Oka, Que., regarding his children, who, it appears from his letter, have been attending the Oka Village Indian Day School. He states that, owing to the fact that there was trouble created by these children, Mrs. Tupper, the teacher, has refused to admit them.

The Department understands that George Albert is a white man, married to an Indian woman. Please state if he is living on the Oka reserve. If he is a white man, this Department would be under no responsibility for the education of his children. Is there no white school near, where his children could attend? I shall be pleased to have a full report from you at your early convenience, regarding the attendance of this man's children at the Oka Village Indian Day School. Please state the names and ages of these children and if there is accommodation for them in our school, and also whether you would recommend that they be allowed to attend or not.

OFFICE OF
INDIAN AGENT

Oka, April 20, 1933.

Sir:-

I have your letter of the 18th instant relative to a communication received at the Department from George Albert, of Oka, in which, he complains that Mrs Tupper has refused to admit them to Oka Indian Village Day School. Albert is a white man (Greek) married to an Indian woman, they use to live at Toronto, but at present are living in this village. They have five children, who are in age of attending School. Mrs Tupper never refused to admit them to school, in fact, the five children were going to Oka Indian Village School, but lately, the oldest girl of this family, Catherine 11 years of age, refused to obey the teacher and, moreover was very impolite to Mrs Tupper. On this occasion the teacher called Albert and told him that Catherine would have to apologize before coming back to School, but never mentioned that the remaining 4 children should stay home. Albert did not send his children back to School since.

You also ask me, if there are white schools near, where these children could attend. I beg to inform you that there are two white schools in the village where they would be received, but, these schools are French and Catholic, while this family is English speaking and Protestant.

I would recommend that these children be admitted at the Indian Village Day School, as Mrs Tupper is willing to receive them and also because they are English speaking and Protestant, but the oldest girl should make excuses to the teacher in the first place, owing to the bad example she gave to the Indians pupils, and these people should be given to understand that they are only tolerated at School and should they make any trouble they would not be admitted anymore.

Sir:

I have your letter of the 20th instant, regarding the attendance of the children of George Albert at the Oka Village Indian Day School, and furnishing particulars regarding this man's family.

In reply I have to say that, provided there is accommodation for these children and their attendance would not interfere with the regular classroom instruction to the Indian pupils, the Department would have no objection to their being granted permission to attend. This permission is granted, however, on the distinct understanding that they will comply with the discipline of the school. Before the oldest girl is allowed to return, she should make the necessary apologies to Mrs. Tupper, the teacher, and if she or any of the other Albert children do not conform strictly to the discipline of the school, they should be refused permission to attend. You may inform both the teacher and George Albert accordingly.

Mr. Albert should also be informed that the Department is under no obligation to provide educational facilities for his children, and that permission for them to attend is granted as a favour and will be withdrawn if the children misbehave.

Mr. F. Brisbold,

Oka, Que.

Sir,

I am enclosing my report for the last three months. You will see by this that the attendance has been very low, eight has been the average; the number on roll has been very low also.

One might state a number of reasons for this state of affairs. Bad roads, inclement weather, etc. In most cases, however, I am led to believe that it is resentment to discipline, and especially since I am insisting on the use of the English language. Of course it may be due to "poor teaching" and I may be at fault, but since the regular ones are progressing favourably both in my opinion and that of the inspector, I feel that I am not wholly to blame. However if the Department feels like having an investigation I should be only too willing to do all in my power to assist them.

Would you be so good as to tell the plumber that the sink pipe has thawed out and I am pretty sure that the well pipe has also. He told me to let him know when they had thawed.

Thanking you for past favours, I am,

Very truly yours,

MEMORANDUM:

Mr. Sutherland.

I visited the Oka Village School on the 4th instant, and met the teacher, Mrs. Bertha Tupper.

All the children attending this school reside in the Village, but, in spite of this fact, there is considerable trouble in having the children attend regularly.

Mrs. Tupper is about fifty-six years of age, but is very active. She holds an Ontario certificate and has had several years' experience. The classroom appeared to be in good condition, as well as the rooms occupied by the teacher as a residence.

Mr. Agent Brisebois, who accompanied me, stated that he considers her services very satisfactory. I could not find any real reason for dispensing with her services at the present time, and I would recommend that she remain in charge of this school for at least another year.

Dear Sir:

Again the occasion has presented itself for me to force myself upon your attention. This time I have something more definite in mind. According to my information Mrs. Gupper the teacher in the Village School at Oka is about to resign or has done so and this, of course, is what prompts my letter.

This letter is perhaps more in the nature of a reminder as you already have my application on file. I am still unemployed and would like to be given courteous consideration in this case.

As I have already set out my qualifications in some detail I need not elaborate except to say that my certificates make that the most logical school for me. It is a Quebec school and my certificates were earned at a Quebec training school.

The certificates I hold are as follows:

- (a) First Class Intermediate Diploma Quebec
- (b) Physical Training Certificate, Grade B

Ottawa, January 6, 1937.

Rev. Sir:

The Department is in receipt of a letter from Mrs. Bertha Tupper, teacher of the Oka Village Indian Day School, tendering her resignation as teacher of that school to take effect on the 31st instant. She is being informed that her resignation is accepted.

In the past, the United Church authorities have been allowed to nominate the teacher for this school, and I would appreciate receiving from you the nomination of a qualified teacher to begin duties at the Oka Village School on Monday, February 1st, 1937. The salary rate at this school is \$95 a teaching month.

For your information, I may say that we are also in receipt of a letter from Mr. Morley Oke, son of Rev. J. J. Oke, Box 2, Sarnia, Ont., applying for appointment as teacher in this school. Morley Oke is an Indian, and the Department assisted him in his education. He has the necessary qualifications for appointment as teacher of the Village School. However, I simply submit his name to you, as it is possible that you may have someone else in mind.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Mr. Hoey:

I am informed that Mrs. Tupper is vacating the School at Oka on January 31st, 1937. On behalf of the Board of Home Missions of the United Church we beg to submit the nomination for Teacher in that School of Mr. Morley Oke, who is at present living at Sarnia, Ont. He holds a First Class Intermediate Diploma in the Province of Quebec, Physical Training certificate, Grade B, and Cadet Instructor's certificate. You will no doubt find his application on file in the Department and all the facts concerning this young man. We would not only nominate him, but would recommend him most highly so far as his character and attainments are concerned.

Extract from Inspector Brady's report on the
Oka Village School visited on May 13, 1941.

The First Grade pupils present had done not more than white pupils would have covered in one month in Reading. They understand no English when they enter school and the attendance is so irregular that very little progress is made. The upper grades make fair progress, especially in Arithmetic and Spelling. The Writing is of rather poor quality and the exercises are carelessly done. Little Art is taught and no Handwork and no projects are attempted. Singing is not taught, except in preparation for an occasional concert in connection with the Sunday School.

The nine months session is beginning to show an effect on the amount of progress being made, as the attendance has always been low here in the spring months. It would be much better to open at the first of September and close the end of May, as is the custom in this province with the few nine months schools that remain.

Reverend Sir:

School Inspector Brady visited the Oka Village Day School on May 13 and he reports in part as follows regarding the classroom work:

"The First Grade pupils present had done not more than white pupils would have covered in one month in reading. The writing is of rather poor quality and the exercises are carelessly done. Little art is taught and no handicraft and no projects are attempted. Singing is not taught except in preparation for an occasional concert in connection with the Sunday School."

It appears from the above that Mr. Oke is making no attempt to advance the pupils in this school and I feel certain that you will agree with me that it is time for a change. I am, therefore, advising the Indian Agent that Mr. Oke's services will not be required after the end of the current academic year. It would be appreciated if you would nominate a qualified teacher to take charge of this school for the academic year 1941-42. Salary is allowed at the rate of \$95.00 a teaching month and the school term will be from October 1, 1941, to June 30, 1942.

My dear Mr. Hoey: Re - Oka Village School

We desire now to nominate as the teacher of the Oka Village Indian School Mr. George Wilkinson. Mr. Wilkinson, who is about thirty-five years of age and unmarried, has his M.A. degree from McGill, a B.D. from our Theological College, and took post graduate work at Harvard. After preaching for a while, he decided to go in for teaching and taught for a couple of years in Argyle School in Westmount and later in Lachine. Inspector Brady thinks he would do well.

Mr. Wilkinson has the French language and lacks only one subject, History of Teaching, from having his permanent teaching certificate. Inspector Brady thinks there will be no difficulty in his getting a permit to teach.

95
Rev. Dr. Lloyd Smith, Chairman of our Board and Convener of our Committee in Montreal Conference, writes very highly of Mr. Wilkinson and thinks we are very fortunate to have him willing to accept the school at Oka. I trust that we may have your approval of this nomination.

When replying, would you please let us know whether or not there is a house for the teacher of the Oka Village School.

Believe me,

Very sincerely yours,

Dear Mr. Hoey:

Re - Oka Village School

On June 14th, you wrote Dr. Dorey, notifying him that you had advised the Indian Agent that the services of Mr. Morley Oke would not be required after the end of the current academic year, and asking us to nominate a qualified teacher to take charge of this school for the school year 1941-42.

As you know, we acted on your request and have already nominated Mr. Wilkinson for the position. To-day we are in receipt of a letter from Rev. J. R. Wheeler, our minister on the Caughnawaga-Oka Indian Mission, to say that Mr. Morley Oke had told him that he has neither resigned nor has he been notified that his services would no longer be required.

We thought that your letter indicated that the Indian Agent would notify Mr. Oke that his services would not be needed after the end of June. Were we wrong in this assumption? Should we have notified Mr. Oke ourselves? I should like to know so that we may be sure what the Department expects under similar circumstances in the future. It would look to me as if the Indian Agent should have notified Mr. Oke and did not do so.

In any event, I am sending a copy of your letter of June 14th to Mr. Oke, via Mr. Wheeler, so that he will have this official communication in his hands within a few days.

Dear Sir:-

Since the Oka Village school teacher, Morley Oke, has been dismissed, the village school building is vacant.

The country school teacher Mr. C. J. Keddy is working at Dorval, P. Q. during the holidays, but his family still occupies the Country School building in Oka, which is situated about 4 miles from the village of Oka. As Mrs. Keddy is expecting a baby in about fifteen days from now, Mr. Keddy has come to me to ask permission ~~is~~ for his wife and family to occupy the Village school building until the expected baby is born. The reason is that Mrs. Keddy being alone with her children would be nearer the doctor in the village of Oka.

Owing to the circumstances I would recommend that this family be allowed to occupy the village school building for the above mentioned period.

Awaiting the favour of an early reply, I remain, dear Sir,

Dear Mr. Wilkinson:

In reporting on his recent visit to your school Mr. Doucet intimates that he stressed the practical side of education rather than the strictly academic phase. You are probably aware that Mr. Doucet has had very wide experience as an instructor both in vocational and academic subjects and was, prior to his appointment to this Department, an instructor at the vocational school in Regina.

The Department's aim is to prepare the pupils to cope with the exigencies of life as they are found in the community in which they reside. The school programme, we believe, should begin with social settings that surround the community. Education is really an affair of action and not simply an affair of acquiring ready-made responses through mechanical repetition. We incline to that process of education by means of which meaningful experiences prepare for life.

As a result we are anxious to have manual training wherever possible. We are certain that you will do your best to introduce and encourage this phase of educational effort in your school.

I realize that carrying out our wishes will necessarily involve a considerable departure from the provincial curriculum but our experience in Indian work has proved to our satisfaction that the policy we now suggest is best suited to Indian children.

Yours truly,

Dear Doctor Dorey:

I had a phone message from the Minister's office yesterday suggesting that I write to you with regard to Mr. Wilkinson, teacher of the Oka Village School. During the past year we have received several communications from Mr. Wilkinson and, to say the least, they indicated that he lacked good judgment. He has apparently espoused the cause of the Oka Indian Band in a case which was settled by the Privy Council years ago.

To be fair I may say that we have received no complaints regarding his teaching ability. However, taking everything into consideration it is felt that he is not exactly the right type to be in charge of an Indian school.

I should appreciate your giving the matter early consideration in the hope that you can nominate a different teacher for this school for the academic year 1942-43.

Re: Mr. George Wilkinson - Oka.

Dear Mr. Hoey:-

I have your letter of July 27th and also Mr. Phelan's personal letter of July 23rd. I am not sure that I quite see the point in Mr. Phelan's letter. I do not want to avoid responsibility, but I seriously question the advisability of this office writing to Mr. Wilkinson to say that his services are no longer required. We appreciate greatly the courtesy which the Department extends to the Church in connection with these Schools, that is, the privilege of nominating teachers, but having made our nomination, I think that the teacher becomes the responsibility of your Department in case you desire to terminate his services. I say this particularly in view of what Mr. Phelan has written concerning Mr. Wilkinson's teaching abilities. Whilst I am aware that Mr. Wilkinson has been active in certain matters, these have not come to me in any official way, and if they had, I am not at all sure that Mr. Wilkinson is not fully justified in taking some interest in this matter although it was settled by the Privy Council some years ago. I am not making any apology for Mr. Wilkinson's language, as reported in the Agent's letter, copy of which you have sent me. The fact is that whilst the Privy Council has given a judgment, I do not think the case of the Oka Indians can be considered absolutely concluded.

However, what I am writing about is to ask whether your Department has notified Mr. Wilkinson that his services are no longer required. In that case we shall give consideration to the making of a nomination. I note the Agent suggests Miss Doris Diabo for this position. I thought she was teaching at Caughnawaga but as I was away from the office for two months last year, it may be that I have not the correct information.

Yours sincerely,

Rev. George Dorey

Dear Doctor Dorey:

RE: George Wilkinson -
Oka, Quebec.

I have for acknowledgment your letter of the 28th instant and note with interest your comments on Mr. Phelan's letter to you of July 23rd.

It is just possible that a misunderstanding has arisen in respect to this matter. It was not Mr. Phelan's intention that you should notify Mr. Wilkinson that his services were no longer required. This decision has already been reached by the Department and Mr. Wilkinson is being notified to this effect. Mr. Phelan wrote to you in response to a suggestion made by one of the officials of the Minister's Office. Mr. Wilkinson, it would appear, visited Ottawa a week or so ago. I was absent at that time on holidays. He did succeed, however, in interviewing Doctor Camsell, and in discussing conditions at Oka with the Deputy Minister used very abusive and very insulting language. Doctor Camsell, who is, as you know, a very considerate and sympathetic man, could not understand how such a man had been placed in charge of an Indian Day School. In telephoning Mr. Phelan, therefore, the official at the Minister's Office was actuated, no doubt, by a desire to secure information about Mr. Wilkinson that would enable Doctor Camsell to understand more fully why he had acted in such an insolent and threatening manner.

I have no desire to discuss with you by letter the details of this case, nor have I any desire to prevent Mr. Wilkinson from interesting himself fully in any problem that may be engaging the attention of the Indians in the midst of whom he is working. I do feel, however, that where school teachers encounter these social and economic problems on Indian Reserves that are not directly related to their school work, they would be better advised to communicate with the churches, in your case the Home Mission Board, rather than with

Members of Parliament and with the office of the Minister. If, however, teachers insist on interviewing Members of Parliament I do not know that there is anything we can do to prevent them.

I have today received a letter addressed to the Minister from Samson Gabriel, an Indian of Oka, who complains very bitterly against Mr. Wilkinson. In view of all the circumstances, therefore, it would be appreciated if you could send forward the nomination of a teacher to take charge of this school prior to the opening of the school in October.

Dear Sir:

I am in receipt of Mr. Wilkinson's letter of July 27 addressed to you. In this communication he says he is leaving for Montreal. Please communicate with him immediately and advise him that his services as teacher of the Oka Village School will not be required during the coming academic year. He should remove his personal belongings from the residence immediately.

Apparently Mr. Wilkinson has assumed authority to authorize some friends of his using the residence when he is absent. He has no right to do this and you should take the necessary steps to prevent any outsiders residing in this building during the holidays.

Mr. Hoey.

Upon reading recent correspondence regarding continued agitation by Indians of Oka in connection with certain land claims and other matters, I was most unfavourably impressed with the conduct of Mr. George Wilkinson, Teacher at the Oka Village Day School, in interfering with matters that were not concerned with the duties for which he was appointed and undertaking to act as spokesman for the Indians without reference to his departmental superiors.

Accordingly I have noted with approval your action to discontinue his services.

Dear Sir:-

re: Oka Indian Village School.

I have your letter of the 1st instant in which you request me to communicate with Mr. Geo. Wilkinson to inform him of his dismissal and in this connection to say that upon receipt of your communication I phoned to Oka only to be informed that he had already left for Montreal. Inquiries as to his address did not succeed as he left no address to the postmaster nor to any other. However he had intimated that he would come back to Oka before leaving for Newfoundland, at his mother's home. May I say that a letter carrying out your instructions was mailed him at Oka.

With regard to his authorization to authorize some friends of his to use the house I wish to let you know that a visit at the School proved that the family of Mr. Keddy had already moved in, on the invitation of Mr. Wilkinson. However there must have been a mistake somewhere as Mrs. Keddy stated that last Sunday four people coming from Montreal had arrived at the School and wanted to stay there for two weeks, but as they saw that the Keddy's family was already there they left, after a lengthy discussion as they claimed to have been sent by Mr. Wilkinson.

I understand that Mr. Keddy wants to apply for a transfer from the Country School to the Village and Mrs. Keddy requested permission to remain at the Village School pending the decision of the Department on her husband's request for transfer. Will you kindly let me know if that family should be requested to move back to their own school, which is at present empty. Mr. Keddy presently works, for the holidays, in a War industry at Montreal and claims it is more convenient for him in the Village.

Dear Sir,

I am writing to let you know that I moved my family and my things out of the village school last Monday. We left the school and residence clean and tidy for the new teacher when she comes.

I am sorry that we caused the Department inconvenience and trouble by moving in before we received permission to do so.

However, we did it in good faith believing that permission would be granted as it was last summer.

We moved that Saturday, too, because I did not have to work that afternoon so it was the only chance I had to go home to Oka to arrange for a truck to take our things to the village.

I trust this explanation will be satisfactory and that you will accept my apology if I have offended in this matter.

Dear Mr. Brisebois,

I promised to let you know as soon as possible my decision regarding the Oka School for next October. As I explained to you sometime before leaving everything would depend on my Mother's condition and our family business affairs. At one time since returning here I had thought we might be returning to Canada in which case I should have liked to be kept in mind by the Department of Indian Affairs. As Mother's condition is very feeble, therefore, I must relinquish any hopes of returning there at least in the near future.

I am working here on a Defence project. Perhaps under these circumstances an extension of time might be granted me by the Department of Indian Affairs. Of course if I should return there I would want to see the prospects of higher grades with a salary commensurate with same. I would under these circumstances stress Commercial studies. Whether this fits in or not with ideas in official circles I cannot say of course; but it is one way in my opinion you must make these people there on the Reserve independent: give them a sense of economic values.

Wishing you the very best at all times,
Yours Very Sincerely,

Re: Visit to the Oka Village and Oka Country Schools

OKA VILLAGE SCHOOL

The Oka Village School under the direction of Miss Doris Mary Diabo was visited during the afternoon of the same day. Miss Diabo is making a success of this school. The attendance has increased since she has taken charge, but still an improvement could be made. Her pupils are progressing satisfactorily. Screens for six windows of the Oka Village School are required.

Reading tests were taken in both schools, in grades two, three and four. The pupils of second grade have done exceptionally well in reading grade and reading age. This applies to both schools. Grades three and four are well classified in reading grade but are rather old as far as reading age.

Ottawa.

Dear Sir:

As I just understood by telephone conversation with you that the position of Teacher in the Oka Village Indian School is still open, I would therefore greatly appreciate your considering me for this position.

I have taught several years Grade VII Boys in Argyle School, Westmount; also two years Principal (Gr.I-VI) in Lachine, under H.G. Hatcher Esq., M.A., Supt. Protestant Schools of Lachine (Tel. Lachine Zone 8-498), to whom I would refer you for references.

Owing to death in our family I spent the last two years in Newfoundland, on which account I resigned from my last position in Canada, namely, the Oka Village School. There I was engaged in war work as well, and am now trying to get back into the teaching game.

Re Academic standing, I hold the M.A. degree (McGill); was granted a Scholarship in Education by the same University; and hope to write off the full requirements for a High School Diploma this year. If I were at Oka, I see no reason why that could not be done.

Thanking your Department once again for the cooperation shown me when I was at Oka, and looking forward to the best for all concerned.

Yours Most Respectfully,

George Wilkinson.

Dear Mr. Hoey: Re - Oka (Your File 20-2-1)

I have your letter. Yesterday I received a telegram from Mr. Wilkinson, as follows:

"Understand Oka School appointment awaiting your nomination. Am ready accept same. Rev. Lloyd Smith writing you today my behalf. Deeply appreciate your backing my application. Writing reply collect."

I have this morning a letter from the gentleman, a copy of which I enclose. I should be very glad if in the future the Department would not put us in the position which now obtains, presuming that Mr. Wilkinson's statement of what Dr. McGill said is correct. I do not think there can be any objection to the statement that the Department "has always allowed the United Church to nominate the teacher and are awaiting a nomination from them before making any decision." That seems to be purely routine; but I should very much regret sending to Mr. Wilkinson a copy of your letter of September 2nd, in which you state that the Department is not prepared to consider his re-appointment. Of course, I am not going to do so and will have to find some other way of dealing with the matter; but I think you and Dr. McGill ought to play the same tune. It makes for lack of harmony in a band when one instrument player plays one tune and someone else in the band plays another! At least, that is my understanding.

Dear Dr. Dorey:

You have ere now doubtless received my telegram that I was applying for a teaching position at the Oka Village School, where I served some two years ago but had to resign owing to illness at my home in Newfoundland.

Last week Dr. McGill of the Indian Affairs Branch informed me on the telephone that this position was still open and to send in my application, which I did.

To-day Mr. Hoey, Supt. of Welfare and Trainging, informs me that before they make such appointments they "have always allowed the United Church of Canada to nominate the teacher and are awaiting a nomination from them before making any decision."

Rev. Dr. Lloyd Smith at Presbytery today promised to write you in my behalf. I would have applied sooner but have been writing a book on U.S.-Canadian post-war relations with Newfoundland; the title will be, Is Canada's Sovereignty At Stake? Dr. Smith wished me to give you this information about myself.

Trusting you will back up my application for this Oka position, which the Oka people are doing, as well.

Yours very sincerely,

(sgd.) George Wilkinson.

P.S. Owing to a semi-invalid sister in Newfoundland I must return there any day now. Any haste on your part would be all the more appreciated. I could be back within a couple of weeks but want to make sure of a position before I leave here. Please send any wires "collect".

Dear Doctor Dorey:--

Your reference to myself in your letter of September 6 to Mr. Hoey has been brought to my attention. In this letter you imply that I have been guilty of introducing discords into the harmony of our official relations. As I am most unwilling to lie under such an imputation any longer than necessary I hasten to explain my small part in the matter under review. A little more than a week ago a man phoned me by long distance from Montreal giving the name of Stuart Wilson, and enquiring whether or not the Oka school position had been filled. While he was still on the line I secured the information from Mr. Phelan that the position was still open and passed on the information to Mr. Wilson as he then called himself. It is quite likely, although I am not sure of this, that I told him that if he were interested in the position he had better make application.

The following day an application did come in but to my surprise it was signed by one George Wilkinson. The next day an Indian from Oka phoned me in Mr. George Wilkinson's behalf but could give no explanation of the apparent case of dual personality displayed.

Assuring you of the continuance of my high regard I am,

Yours faithfully,

Dear Sir,

It has been impossible for me to contact Mr. Brisebois this week since receiving your letter of the 9th inst. However, there is now an enrolment of forty-three children in our school. Miss Diabo and I feel that with that number and all the grades, one teacher would find the work very difficult.

I was glad to hear that Miss MacDougall had sufficiently recovered her health to be able to again take up her duties at Rama.

I do hope a teacher may soon be found for the Oka school.

Dear Dr. McGill:

I have your letter. If I understand it correctly, you are concerned about discord in the relationship which exists between us. I had no such intention. What I did mean to say to Mr. Hoey was that it seemed to me a strange situation that we should get a letter from him one day -- which, of course, may not have been intended to be official -- to the effect that the Department would not appoint Mr. Wilkinson, and then to be told in a letter from Mr. Wilkinson the same day that he had been given to understand by you that all he had to do was to apply and that he would be appointed. I was quite sure that if you and Mr. Hoey had compared notes about Mr. Wilkinson, you would have come to the same conclusion. I did say to Mr. Hoey that I thought the Officials should play the same tune, in the same band, at the same time. I am afraid that my intended facetiousness has miscarried!

It is evident that from the telephone conversation you understood that it was a Mr. Wilson who was applying for the position at Oka, when it was really Mr. Wilkinson.

I hope to see you in Ottawa before very long and we can talk these things over.

Yours sincerely,

The Oka Village Day School has been operated under Protestant basis and we have been allowing the Board of Home Missions to nominate the teacher.

Evidently, due to the shortage of teachers they have been unable to secure a teacher for this school which has not yet been reopened. I thought that you might know of a qualified Protestant teacher whose services are available. If so, please let me know her name and address and qualifications and I will submit them to the Board of Home Missions for their approval. Dear Sir:

I have your letter of September 25th, in reference to the nomination of a teacher for the Oka Village Day School.

A young man has just come in to see me who is without a teaching position at present and who would be willing to go to Oka provided he could make arrangements to go to Montreal two nights a week for evening courses which he is taking at Sir George Williams College. He is going to find out as soon as possible if such an arrangement can be made.

He holds the provincial Intermediate certificate from Macdonal College and has taught seven years - five for the Quebec City Protestant Board and the last two in the French Institute (United Church), Pointe aux Trembles. I have just telephoned the Vice-Principal of the latter school who recommends him without reserve as a good teacher and good disciplinarian.

His name is Thos. N. Hardie, 3454 University Street, Montreal, Que.

Dear Sir:

I have been informed of the vacancy at the Oka
Village Indian Day School and would therefore make
application for the position of teacher.

I am not a trained teacher but have had a good
general education and business training and
experience. From 1930 - 34 I was employed by The
Sun Life Ins. Co. Ltd., as office clerk. For the past two
summers I have been doing vacation relief work.
First with Imperial Tobacco Co., Ltd., in the Accounting
Dept. This past summer I was employed by Peacock
Bros. as cost estimator. Both firms offered me permanent
positions which I was unable to accept at the time on
account of family responsibilities.

I have lived very close to the Indian life and
feel I know the Indian mind and its psychology.
All of which is essential to the success of a teacher
in the mission schools. Moreover I have had
excellent training in music and could well
serve as organist, if necessary, in the

Methodist Church. I may say further I am the daughter of Rev. J. J. Doe, twice stationed at the Ojibwa Indian Mission.

I am the wife of C. P. O. James Sloan, R.C.M.V.R. stationed at H.M.C.S. Shelburne and the mother of two daughters ages nine and four respectively so therefore I am quite capable of handling and training children.

This application for teacher is made on two grounds. First my own interest in the mission work among the Indians and lastly to relieve the situation created by the shortage of qualified teachers.

Respectfully yours,
May the Sloan.

Dear Sir,

Inspector W. H. Brady has advised me of the vacancy at Oka Indian school. I wish to make application for the position.

I hold an Advanced Elementary Diploma and have had experience teaching in both Intermediate and rural schools.

I would appreciate it if my application is considered.

Yours truly,
Annie M. Cooke.

Dear Sir:

In view of my husband's return to civil life and employment at the Dominion Engineering Works, Lachine, Que. I must terminate my work as teacher of the Village School at Obo.

I realize that there is still a shortage of qualified teachers and that you may not be able to procure a teacher at this time of the year. As I would not like to see this school closed and to help overcome the problem of securing another teacher, I would notify you that my brother, Wesley Obe, would be willing to complete my school year without interruption in the school work. If you see fit to accept him as teacher for the balance of the school year it will give you more time to locate a trained teacher for September. I might add that Wesley Obe, is a graduate of Macdonald High School and Sir George Williams College and could well qualify as teacher here.

In closing I would like to express the fact that I have enjoyed teaching at Oka, where I have become very fond of the school children and have enjoyed the cooperation of the parents and your agent, Mr. Brisitno. He has been most kind and helpful.

It is indeed with regret that I must ask you to accept this as my notice to become effective Feb. 28, 1946.

your obedient servant,

I beg to transmit you herewith a letter of resignation from Mrs. May Oke Sloan teacher at the Oka Indian Village School which was remitted me yesterday by Mrs. Sloan.

You will note that the above named teacher wishes to leave the service for the 1st of March, next, and is suggesting the employment of her brother Mr. Wesley Oke to replace her for the balance of the school term. Wesley is the son of Rev. J. J. Oke formerly of Oka.

In view of the actual circumstances I would recommend the employment of the above named if agreeable to the Branch, as he appears to be qualified for the position.

Dear Colonel Neary: Re: Oka Schools
(Your File 20-2-1 W.T. 1)

I have your letter and will be very
glad to concur in the appointment of Miss Ida G. Fairservice
as teacher of the Oka Village School.

Strangely enough, a day or two ago I
had a letter from Mr. MacKay, our Superintendent in Montreal,
to say he was in touch with a Mrs. M.B. Stensrud and was to
have an interview with her to-day. She has taught for one
year and has had considerable experience supervising children
and teen-age boys and girls. She is at present supervising
girls in the Cottage school at Sweetsburg. This school is
closing at the end of the year.

I am writing Mr. MacKay to say that, as
far as we are concerned, we shall be happy to send forward the
nomination of Mrs. Stensrud for the Oka Country School. She
seems to be a satisfactory sort of person. We shall write you
later about this.

I shall be glad to know definitely what
salary is being paid at each school.

Dear Doctor Dorey:

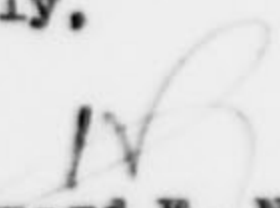

I have your letter of December 12 and was very pleased to know that you may also be able to locate a teacher for the Oka Country School.

I have today written to Miss Fairservice and offered her the position of teacher of the Oka Village School at \$131.00 a teaching month.

If Mrs. Stensrud has a teaching certificate and teaching experience, we would be willing to pay her the same salary. If not, then her salary would naturally be lower.

I will be in Toronto for the last three days of this week and hope to have an opportunity of seeing you then. If such an opportunity does not present itself, then I would like to extend to both the Reverend Mr. MacDonald and yourself the Season's Greetings and the wish that our friendly relations and cooperation might continue in the new year and for many years to come.

Department of Indian Affairs,
Government of Ottawa,
Ottawa, Ont.

Mr. Superintendent,

I wish to state that the children of MATHIEU SIMON's family use dishonourable language while the children (boys & girls) are being driven to the village school.

Upon the advice of a person, and as a proof of this statement, I had a witness during one of these trips. The oldest of the 2 girls avoided such language but the 3 boys continued to use obscene language.

I mentioned this fact to the agent. Have you heard from him? The situation has not improved.

I can only suggest that Mr. & Mrs. Simon Mathieu should be interviewed and be asked to scold their children and see that that language be stopped when they are travelling with companions, male and female, from their respective houses to the Oka village school and convent.

Yours truly,

Joseph Richard,

(Your file 20-3-1 WT 1)

You will remember writing on December 18th and informing us that you had written to Miss Fair-service and offered her the position of teacher in the Oka Village School. We are in receipt of a letter from Rev. J.I. MacKay, in which he says that no teacher seems to have arrived as yet.

In the meantime we have an enquiry about the possibility of an appointment from a Mrs. Olive Astbury, who says that she has had considerable teaching experience. As this application is dated December 9th, I do not know whether she is still available.

I shall be glad to know if the position has been filled. You might wire me so that, if necessary, we can get in touch with this Mrs. Astbury immediately.

Dear Sir:

May I bring to your notice the fact that an error was made in calculating the amount of salary due me for October.

Probably the fault is mine because I reported that I had taken over my duties on Oct. 14. I did so because that was my first day of actual teaching, and I thought that my salary would be based on teaching days.

However, I actually arrived here on the 10th of October and began preparing for school on the 11th. Thus I should have been paid for 21 days rather than 18.

Will you please see that this adjustment is made.

Thank you very much.

Dear Sir:

From your letter of the 20th inst. I judge that you wish to know whether or not I still desire an adjustment on my Oct. salary.

Now, if I had only myself to consider, I might let it drop; but I have a wife and three children to support and consequently I need every dollar I can earn. With regard to Miss Fairservice and her predecessor at Caughnawaga, they actually only taught to the 7th of Oct. before the change was made. Therefore, they are being well paid for time spent in teaching and certainly should not object to this error being rectified.

If you wish verification of the fact that I arrived here on the 10th of Oct. I am sure Mr. Brisebois would be glad to supply it for you.

Dear Mr. Neary,

What ~~little~~ thought was
a maternity case has turned out to
be a tumor. I expect to be operated on
first part of next week. I was told
that Uke village school will be vacant
in September. I would like to apply for
the position there if suitable to you.
It is so handy to get to Montreal
from there week ends to take my
course of study. And I need residence

Oka Village Indian Day School

Dear Doctor Dorey:

The Department has received and accepted the resignation of Mr. Roy A. Speer as teacher of the above Indian Day School, effective 1 July, 1948.

In the same mail we received an application from Mrs. M. B. Stensrud, who formerly taught at the Oka Country School. She advises that what the Doctor thought was a maternity case has now turned out to be a tumor and that she will be available for teaching duties by 1 September, 1948. She has, therefore, asked for consideration when the teacher at Oka Village is appointed to replace Mr. Speer.

I will expect to hear further from you with regard to the advisability of appointing Mrs. Stensrud as teacher at the Oka Village School.

Yours sincerely,

(use other side for more detail)

I am at present classified as a Grade III teacher at a
 salary of \$ 156.00 a teaching month. In view of my qualifications and
 experience as detailed above, I request that I now be classified as a
 Grade III teacher and that my salary as a teacher in the O.K.A.
VILLAGE Indian Day School for the 1948-49 academic year be
 set at the rate of \$ 156.00 a teaching month in accordance with the
 1948 revised salary schedule.

I understand (i) that all salary increases are clearly described in the
 schedule regulations as for "satisfactory service", (ii) that therefore it
 will be necessary for the Indian Affairs Branch to carefully consider School
 Inspectors' and other reports submitted upon my teaching service, and (iii)
 that these reports must be decided as being "satisfactory" in order that such
 a raise be granted.

DEPARTMENT OF EDUCATION
QUEBEC

**Announcement of the Summer School for Teachers
Macdonald College, 1948.**

The seventeenth annual summer school for teachers, under the auspices of the Department of Education, will be held at Macdonald College from Monday, July 5, to Saturday, July 31, inclusive. This summer school is intended for teachers holding elementary and intermediate diplomas valid in the Province of Quebec.

The purpose of this summer school is to enable certificated teachers to supplement their previous training, to become better acquainted with modern educational movements and methods, and to qualify for more advanced diplomas, in accordance with the regulations of the Protestant Committee of the Council of Education.

Elementary and intermediate certificates shall remain interim until the holder thereof shall have taught for two years successfully and shall also have successfully completed one summer session at an approved professional summer school, when the interim certificate shall be exchanged for a permanent diploma.

Advanced elementary diplomas shall be issued to holders of interim elementary certificates or permanent diplomas who have taught successfully for at least two years and have successfully completed two sessions at an approved professional summer school.

Permanent intermediate diplomas shall be issued to holders of interim elementary certificates upon the successful completion of three summer sessions at an approved professional summer school provided, in each case, that the holders have taught successfully for at least two years and have completed the academic requirements for admission to the intermediate class.

Intermediate certificates shall be granted to teachers holding elementary certificates or diplomas provided they pass successfully the senior high school leaving examinations. The senior high school leaving examination may be taken in two sections for this purpose.

Advanced intermediate diplomas shall be issued to holders of permanent intermediate diplomas who shall have taught successfully for two years and completed satisfactorily three sessions, one of which must be a professional summer school, at one or more approved summer schools.

Teachers whose diplomas have lapsed are eligible for attendance at summer school only after receiving special permission from the Director of Protestant Education.

Applicants will be admitted who for some sufficient reason are unable to take the whole course in one year but could take one complete course in two sessions of the summer school. No credit or bonus can, however, be given unless a complete summer school requirement is fulfilled. Applications for admission will be considered from students who wish to take partial courses without regard to credits or bonus.

Each application must be accompanied by a preliminary deposit of \$10. Money orders or cheques for this amount, with the bank charge included, must be drawn in favour of the Secretary, Macdonald College.

Candidates will be admitted, subject to available accommodation, in the order of the receipt of their applications, preference being given, if possible, to students who have attended previous summer sessions.

All applications must be made on or before June 19, 1948.

Students who apply for, and receive, admission certificates, but who, for good and sufficient reasons, find themselves unable to attend the summer school, may ask for and obtain a refund of their preliminary deposit at any time up to June 19, 1948. This date for withdrawal is necessary in order to allow vacant accommodation to be made available for other applicants.

Ste. Therese,

Oct. 6, 1948.

Hon. J. MacKinnon,
Minister of Mines and Resources,
Ottawa.

Dear Mr. MacKinnon:

Laval-Two Mountains county is at present without a federal Member of Parliament and, as member for the adjacent county, my attention has been called to the fact that the Oka Indian school is not functioning as it should on account of the lack of fuel.

The professor, Mr. Massicotte, drew the attention of the department to this matter, a few days ago.

I certainly do not know all the details surrounding this question, but the representations which were made to me lead me to believe that something is abnormal.

Yours truly,

Lionel Bertrand, M.P.

Dear Sir:

I respectfully beg to
inform you that if the percentage
of attendance is low for September
it is due to the fact that the first
week attendance was only 9 present,
all the Gabriels' stayed away, I am
herewith enclosing copy of letter
from Dr. Corriveau for this
Teachers' convention week. Some wood
was brought in on Monday but it
is green wood! I notified agent
two weeks ago that fuel was needed
it is only on Monday Oct. 4th that
some wood was brought in. I shivered
for two nights, on Sunday Oct. 3rd
I went to Caughnawaga to see the
agent about the fuel, he was absent
but I told his wife, also to Mr.
Kennedy of the United Church in
Caughnawaga. Yours truly,

Re: Teacher, Oka Indian Vill. Day School.

I wish to advise that the former teacher at the
above School, Mr. Massicotte, has not yet vacated these premises.

I understand that he sent in his resignation at
least three weeks ago.

As a new teacher is likely to be appointed at
that School and that a cleaning of the residence is required, it
would certainly be preferable for Mr. Massicotte to leave.

Moreover not being at the employ of the Branch
any longer, this man is using fuel and electricity belonging to
the Government.

Please advise as to what action, if any, is
to be taken.

Dear Sir;

Enclosed please find a letter that I
received from Rev. Robt. Smith.

He does not understand that I have been
given the raise in salary and I would like
to receive it in the regular way.

Any attention you can give to this
matter will be much appreciated

I am

yours.

Madam:

I have your letter of the 3rd instant, enclosing a letter that you have received from the Chairman of the Methodist Church for the Montreal District. I am returning this letter to you, and I wish to inform you, in reply, that I am writing a note to Dr. Manning, of Toronto, who will inform the Rev. Mr. Smith, of Montreal, of the increase in salary.

Your obedient servant,

Encl.

Ottawa, Nov. 6, 1923.

Dear Dr. Manning:

I have received a letter from Miss Helen Earl, of the Oka Village School, with reference to her salary. I find that she was granted an increase of \$50, making a total of \$700 for the 10 teaching months, plus any bonus provided by law, and that your office was not notified. This increase was granted because of certain expenses this teacher has met in fixing up a room for herself over the present school. It is not the Department's intention to pay the bills in connection with her residence expenditures; but, in view of them, we decided to increase her salary \$50 as from the first of September, last.

Will you please see that Miss Earl receives the balance due her - a total of \$10 for the months of September and October. The Rev. Mr. Smith, Chairman of the Montreal District, is paying her at the rate of \$65 per month: it should be, of course, \$70.

Yours very truly,

Russell T. Ferrier,
Supt. of Indian Education.

Dear Sir:

Financial obligations compel me to apply for
salary for quarter ending March 31 st.

I am paying monthly instalments, for books
purchased, to an Educational Society. These books form a
necessary equipment for every school teacher in the Dominion.

With the view of receiving an early remittance
I lost no time in making up the quarterly report and placed
same in the hands of the Indian Agent , Mr. F. Harbour.

These are the facts compelling the writing of
this letter to you.

Your obedient servant,

Sir,-

I have to inform you that the Department is appointing Mrs. Bertha Tupper, who has had twelve years teaching experience and holds a second class professional certificate, as teacher of the Oka Village Indian Day School for the next school year. The salary allowed her will be at the rate of \$90 per teaching month.

Mrs. Tupper has been requested to take up duties on September 4th next, the date the school re-opens after the present summer holidays. She will notify you upon her arrival at Oka and you should give her every assistance you can in her work at this school. Should she require any classroom supplies, she has been requested to obtain the necessary forms from you and prepare a requisition which you should send to the Department.

Mrs. Tupper will be accompanied by her young son, thirteen years of age, who is to be permitted to attend classes in the school.

You should forward Miss Laura Oke's resignation as requested in our letter of the 10th instant.

Sir,

I have to acknowledge the receipt of your letter with regard to a blackboard for the Oka village school as stated by the teacher Miss Stetley.

In reply I beg to say that having examined the present blackboard I consider preferable to place a new one instead of having it repaired. The size of this blackboard is 3 1/2 ft wide by 5 1/2 ft long. I have to request the Department for the purchase of six new desks for the Oka village school as the present number of desks are unsufficient for the number of pupils. Sir,-

I have to acknowledge the receipt of your letter of the 29th ultimo, stating that the present blackboard at the Oka Village Indian School should be replaced by a new one, and giving the dimensions of the blackboard required.

In reply I beg to say that a Hyloplate blackboard with moulding and chalk trough will be ordered through the Government Stationery Office to sent addressed to you at Como, Ont., as that is the nearest express office to the school. It will likely be two or three weeks before this board arrives, but you should make enquiry and have the board, when it arrives, taken to the school and placed in position.

With reference to your request that six new desks be supplied, I have to request that you will be good enough to state the make of the present desks and by whom manufactured and also state whether they are single or double desks. You should also state the size of the new desks required and if you are unable to give this information you should give the ages of the children for whom they are required. You should also give full directions as to where these desks should be shipped. If they are to be forwarded by freight the name of the nearest railway station should be stated. As soon as this information is received, an order will be placed here for the desks.

Sir, -

With reference to your request be purchased for the use of the Oka Village School, as the present seating accommodation is insufficient, I beg to say that the Department is ordering from The W. F. Vilas Co., Limited, Que., to be shipped to your address, six No. 1 School Desks. This firm has been asked to pay charges and also to forward their account, in covering the cost of the desks, with the receipt for freight charges attached, to you.

You will be good enough, upon receipt if they are in good condition, to certify this and forward it to the Department, in order that payment be made.

When the desks arrive you will be good enough to see that they are placed in position in the school-room. It is hoped that these extra desks will provide ample seating accommodation for all the children in attendance at this school.

Madam, -

I have to acknowledge the receipt of your letter of the 24th instant, in which you request that authority be granted for the purchase of prizes for the pupils of the Oka Village School, to be distributed before the closing of the school for the summer holidays.

In reply I beg to say that you may expend a sum not to exceed \$5.00 in the purchase of prizes for the pupils of this school. In making the purchases you should obtain itemized accounts, in duplicate, from the firms from whom you make the purchases and you should hand these accounts to Mr. Agent Bertrand, who will certify the same and forward them to the Department for payment.

The Agent is being informed of the authority being granted you to purchase prizes to the extent of \$5.00.

Dear Sir,
I understand the Government

this would encourage the
pupils for further effort.
I have had a visit from the

Ottawa 6th April, 1921.

Sir,-

On the 24th March the Department sent forward a cheque for \$24.00 in favour of John B. Gaspe, in payment of rental of a house at Oka used for Indian School purposes. The cheque was drawn to cover payment for the months of December, 1920 and January, February and March 1921, the fact having been over-looked that payment of the December rent had previously been made. Under the circumstances you should obtain a refund of \$6.00 from J.B. Gaspe, if he is able to make the same. If he can not refund the money you may submit a voucher in his favour for \$6.00 for rent of the building during the present month (April) and a cheque for that amount will issue in favour of the Receiver General, and in that way refund will be made, as Gaspe will not be paid rent for April. This matter should receive prompt attention.

Sir,--

I have to ask you an order to have the wood shed in the village put with a new roofing, for the board and shingles are out of order, when Mr. Chase Cooke was here I told him about it. The approximate cost for such purpose may be in covering with paper beside wages about \$25.00. I have to call your attention with regard to fire-wood, Joe Cree is willing to supply the necessary wood for both schools and deduct from the same the payment and interest due by him on next spring, he spoke to Mr. Chase Cooke when he was here about it. Consider that we should give him this as he is in poor condition.

Ottawa, November 18, 1921.

Sir:

I have to acknowledge receipt of your letter of the 11th instant, stating that the wood-shed at the Oka Village Indian Day School requires a new roof, and furnishing an estimate of the cost of having this work done.

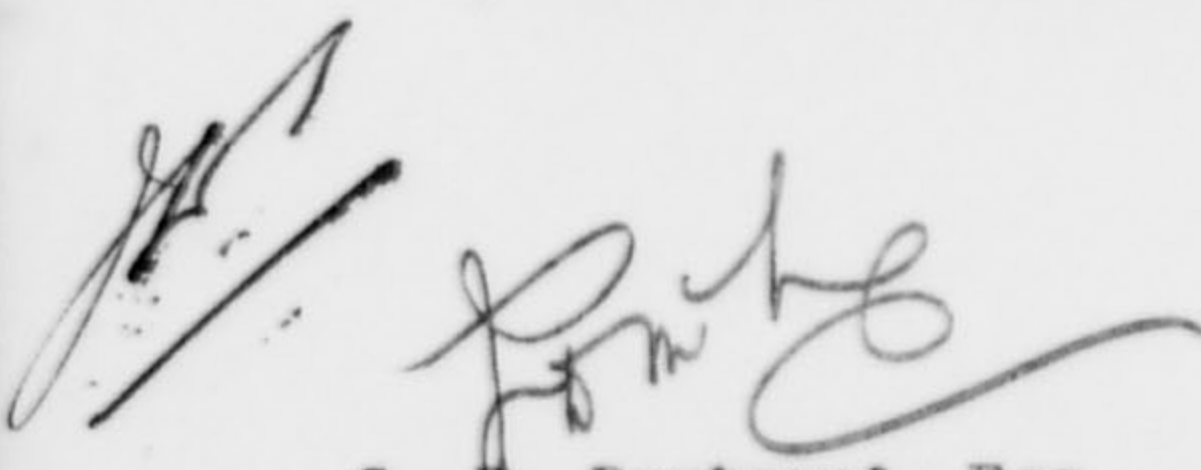

In reply I beg to say that you may arrange with a competent Indian, or other person, to have a new roof placed on the wood-shed. Any material required should be purchased by you, after obtaining competitive prices, and the purchase of the lumber, shingles, nails, etc., made from the firm quoting the lowest price.

It is expected that the total cost of the material and labour will not exceed your estimate of approximately \$25.00. These repairs should be completed before the season's supply of wood is put in the wood-shed.

Your obedient servant,

J. D. McLEAN

OTTAWA, September 23, 1922.

Sir: -

The Department has been renting a house from J. B. Gaspé for school purposes at Oka Village, for which a rental at the rate of \$6.00 per month is paid. The rent was paid in full to the end of July, last.

Mr. School Inspector Primeau, who visited the school on the 15th instant, states that there is a family, consisting of father, mother and two children, living in the school, and that this is very inconvenient in carrying on the classroom work.

As we are paying rent for this building, I should be pleased if you would enquire under whose authority this family was granted permission to reside in this house. If they are occupying space required for school purposes, they should vacate the premises at once.

We will expect to hear from you regarding this matter at an early date.

Your obedient servant,

Sir: -

I have to acknowledge the receipt of your letter of the 12th instant, regarding the cupboard required for the use of the Oka Village Indian Day School, and furnishing particulars and the price at which the same can be obtained.

In reply I beg to say that the Department will approve of the purchase of a cupboard of the dimensions mentioned by you for the use of this school. It will be necessary, however, before making the purchase, to obtain competitive prices from a number of dealers, and the cupboard should be purchased from the firm quoting you the lowest price. If, however, it is intended to have this cupboard made by a carpenter, you may arrange to have the work done, and the price should not exceed the estimate submitted by you, viz: \$22.00.

When the cupboard has been delivered at the school, you should forward properly certified vouchers, in duplicate, covering the expenditure incurred. If the cupboard is purchased, you should attach to your vouchers a memo showing the names of the firms asked to quote a price and the prices quoted. If, however, this cupboard is built locally, a voucher, in duplicate, in favour of the person doing the work should be forwarded.

Dear Sir;

Our school ~~problem~~ in Aka has been the most difficult to solve. Owing to the fact that there was no property that could be secured for a school site building.

The school work has been carried on in rented buildings for the last fifty years, all of which were unsuitable from the point of view of school architecture.

We have been offered a new building with ample playground in a suitable locality for two thousand nine hundred dollars. The offer

will hold good for several ^{II} weeks and for that reason I hasten to bring it to the attention of this Department.

The like opportunity has never presented itself in the last fifty years and I share the opinion of all that if possible immediate action should be taken to secure it, otherwise it will be lost forever.

I am of the opinion that the price is fair and would meet all possible development it would also serve at least for this year as school as well as a home for the teacher which has always been one of the difficulties that a teacher has to overcome.

I trust that the Department will give its earliest and most favorable consideration.

Sir,

In reply to yours of the 11th. inst.,
I beg to say that I went to the Village school
house to see the stove in there.

That stove is an old boxstove which
is not worth much; the door is broken.

In my opinion, a coal stove would be
a great improvement to that school that I hardly
recommend, having already spoken the matter over
in a visit to the Department.

A coal stove for that building would
cost around \$15.00, and it would take 3½ to 4 tons
of coal.

Hoping that you will approve said
demand, I remain,

Sir:

I have your letter of the 17th instant, with reference to the advisability of providing a coal stove for the Oka Village Indian Day School.

In reply I have to inform you that you may purchase a suitable stove. The cost should not exceed your estimate of approximately \$15.00. Please forward properly certified vouchers, in duplicate, covering the expenditure incurred.

Regarding the quantity of coal required for the schools on the Oka Reserve, you should arrange to obtain and have the same stored at the schools. If possible, competitive prices should be secured and the purchase made from the firm quoting the lowest price. The Department will leave in your hands the matter of securing the quantity of coal required. Please make the best arrangement you can and forward properly certified vouchers, in duplicate, covering the cost.

Your obedient servant,

A. F. MacKenzie,

Sir:

I have to inform you that the Department will allow a grant of \$10 per month, from November to March of the present academic year, for cocoa, milk, soup, meat and biscuits, so that Miss Earl, Teacher of the Oka Village Indian Day School, can give a hot meal to those children who carry their lunch to school because of the distance they live from the village. You may allow Miss Earl to purchase the food necessary, and you should instruct the merchant who is given the business to render an account to you at the end of March. You will then certify and submit it to the Department for payment. The amount of \$50 should not be exceeded, and the arrangement is for this academic year, only.

Sir,

M.J.B. Gaspé the village school caretaker was here this morning about some repairs to be done to the school house. The front and rear steps and the doors would have to be repaired. I saw a carpenter this morning and he says that the work could be performed for about twenty dollars including the materials.

Kindly let me know immediately if you authorize that expenditure and oblige

Mr R. Ferris

Dept of Indian Affairs
Ottawa. Ont

Dear Sir;

The school stove no 4. was this afternoon delivered.

I found on inspection that it was entirely too small for the school and moreover it was a stove without grates making it difficult to manage and regulate.

In stating that the stove would be entirely unsatisfactory the agent advises to try it for a month and if found so he will get another.

I do not see the sense of doing business that way. why not get one immediately big enough that would be satisfactory all around.

It would save the inconvenience of being without a stove for fifteen days which is the time required from the time of ordering until the stove is delivered and it would be in November or perhaps later.

As the coal is not yet delivered I will not have this stove put up

until I hear from you.

I trust you will give this your immediate attention as already fire is required in the school to be comfortable.

It is my opinion that a teacher who has to manage the stove should pick out a stove which would be satisfactory as to size.

Chief Noah Corinthe also the caretaker think the stove entirely inadequate.

Awaiting your immediate answer.

yours.

Helen Earl.

Madam:

I have to acknowledge receipt of your letter of the 8th instant, regarding the stove which has been supplied for the use of the Oka Village Indian Day School.

In reply I beg to say we note that this stove is unsatisfactory for the purpose. We are today instructing Mr. Agent Harbour to have it returned to the firm from whom it was obtained and to arrange for the purchase and delivery of another stove that would be suitable to heat the school building. We are also requesting him to take immediate steps to obtain the quantity of coal required for the winter's use, and to consult you as to the type of stove required. We hope that a suitable stove, as well as the coal required, will be delivered at an early date.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Sir: .

Miss Earl, teacher of the Oka Village Indian Day School, informs the Department that the stove recently supplied is not satisfactory. She states that it is too small for the school, and as it is without grates it is difficult to manage and regulate. As this stove is not satisfactory, you should have it returned before it is used and another stove purchased - one that would be entirely satisfactory to heat the school. The Department will expect you to attend to this matter at once, as the season is getting late and it is now necessary to have heat in the school building. You should consult the teacher as to the type of stove that should be purchased and arrange for the purchase of same. You should also take immediate steps to obtain the quantity of coal required and have it delivered. We will expect to hear that a suitable stove has been purchased, that the stove now on hand has been returned and also that the coal required has been delivered.

I have to acknowledge receipt of your letter of the 8th instant, regarding the repairs required to the front and rear steps and the doors of the Village School. In reply I beg to say that you may arrange to have these repairs carried out. We note that you estimate the cost of the material and labour to be approximately \$20. When the work has been completed, you should forward properly certified vouchers covering the expenditure incurred.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

RECORDED

A

It is proposed to erect a new school during summer 1924

Extract from Teacher's Annual Report on the OKA
VILLAGE INDIAN DAY SCHOOL for the year ended March
31, 1924. 1924A-1F. QUEBEC.

The school surroundings are most unsanitary, closets
too near and two horse stables on both sides of the
school yard, making the air most foul.

The closets are old with no doors.

It can be seen that a new school is absolutely
necessary.

The school house at the present time needs painting
floor and walls to make it sanitary within.

MEMO FOR FILE:

In 1910 there was a lease for five years for the Gaspe house at Oka Village. The rental was \$5 per month. The school closed a few years later and when it was re-opened in 1920 the Department asked the Indian Agent to secure another lease of the same property - the rental to be \$6 per month. The lease was never prepared, but as from January 1, 1920, the Department has paid rental at the rate of \$6 per month.

Memorandum:

Mr. Orr.

I have reason to believe that a decision regarding the site for the new Oka Village combined School and Residence will be made in a few days (see File 20-2-9 in this connection). The Rev. Mr. Oke of Oka visited the Department today and he considers the lots that have been offered to us are satisfactory and Mr. Indian Agent Harbour will write to that effect in the immediate future, I believe.

There is a contractor at Como, across the river from Oka, who is responsible and who would engage Indian labour to a large extent if he secured the contract for the new building. I promised that he would be notified when we are calling for tenders and that his tender would receive the usual consideration. The contractor's name is Isaac R. Wilson, Como, Que.

Sir:

I have to refer to telephone conversation with Mr. Sutherland of this Department yesterday, regarding the moving and storing of the school furniture and supplies in the building which was rented for school purposes for the use of the Oka Village Indian Day School. You should make the necessary arrangements for the proper storage of the above mentioned material, until such time as it will be required for the use of the new school which it is proposed to erect this coming summer. You should arrange to obtain storage facilities at the lowest possible expense, have the equipment moved as soon as possible after the school closes for the coming summer holidays and then hand the building over to the owner. This Department will not require it after the end of the present month. After the furnishings are placed in the new school, you should forward properly certified vouchers, in duplicate, for the amount of storage charged.

Sir

I received your letter yesterday
& have been to see the location of
the Alka day school & Teachers residence
I find when looking over the ground that
the walls & floor of basement will have
to be waterproofed on outside with
2 coats of gum Pitch & inside & floor
plastered with waterproof cement the
ground on the site is full of water
without any way to drain it properly
if you have any more plans & specific
to show also form for tender I would
be pleased to have same. I called at
the office but could not get any
tender forms

Sir:-

Replying to your letter of the 6th inst. with reference to the proposed Oka Day school, I note your recommendation with reference to the water proof basement. If the contract is let for the building the question of a water proof foundation will then be taken up.

Sir:

I have to refer to that portion of your letter of the 19th instant relative to the arrangements for a building for the Oka Village Indian Day School for the coming academic year. In reply I regret to inform you that a contract for the new school and teacher's residence is not being let. It was considered that all tenders were too high. I should be pleased if you would immediately make enquiries concerning a building which can be rented for the time being. The house that was used in the past is not considered suitable. You should try to secure a building in which there is space for a classroom downstairs, the upstairs of which could be used as a teacher's residence. Please give this your immediate attention and make a report.

Sir,—

RE: Telegram: RENT BUILDING FOR VILLAGE
SCHOOL FOR ONE SCHOOL YEAR.

I received your telegram yesterday, and I immediately made inquiries about getting a house for school use. After investigations, I found one from Mrs. Mitchell Frett.

This house has already been rented for school purposes some years ago.

Mrs. Frett would rent both upstairs and downstairs floors. There is a suitable shed for coal and wood.

The rent asked for is \$10.00 a month and her daughter Miss Nancy Frett, who is supporting her mother, would accept the charge of school caretaker at the same price paid last year, viz: \$50.00.

I think we should accept that offer, as long as it is the only one.

Kindly let me hear from you immediately, so that, if you accept the offer, I may have the school furniture installed for the opening of the school year.

Dear Sir:-

I find in ~~the~~ new old house school same conditions almost intolerable. The children have no playground whatever. They have one common toilet which is tumbling down. The classroom which I am told is rented outright for the year is a common room for all, the water tap being in that room.

It can be seen from this that discipline in the class is almost impossible. We are constantly interrupted, moreover we have not sufficient light to make efficient work possible and the floor space

is entirely inadequate, making seat arrangement entirely out of the question.

The upper part of the house where I'm supposed to make my home is one large room and would be most uncomfortable, besides being cold it is infested with bugs. To make it comfortable would require a considerable outlay of expense.

In view of this I would ask the question. Is it not possible even at this time to acquire a house where we could have some semblance of sanitary conditions? I am thoroughly convinced that renting the present building is a mistake and I am positive in my conviction that other buildings more suitable could have been had.

As I am most concerned in a situation

Madam:

I have your letter of the 5th instant, with reference to the house that has been rented for the Oka Village Indian Day School. I immediately communicated with Mr. Harbour, by telephone, and I instructed him to see that the house was made as satisfactory as possible. As you know, the arrangement is only temporary, as we hope to have a proper building as soon as a reasonable tender is secured. I am confirming my conversation with the agent, asking him to make a report regarding proper toilet facilities and instructing him to close off the school room from the kitchen that is being used by the owner. I am informing him of the unsatisfactory conditions in the upstairs and instructing him to take remedial measures.

Please bear in mind that this arrangement is but a temporary one and that proper facilities will be provided, I trust, not later than the next building season.

Sir:

I have to confirm telephone conversation of the Superintendent of Indian Education. Please make a report regarding the toilet facilities at the Oka Village Indian Day School. You should also close up the door leading from the classroom to the other portion of the building, so that there will be no interruptions in the school work. The teacher reports that the upstairs is cold and is infested with bugs. Please intimate if satisfactory arrangements can be made to heat the living quarters and take remedial measures immediately with reference to the insects.

Please intimate whether or not you have made arrangements to lease for the whole year or whether you are renting from Mrs. Frett by the month.

Sir

In reply to your letter of the 6th. inst.,
I beg to report as follows:

I went to the school house this afternoon
and after investigations, I must say that there
are two toilets on the property, but one of the two
is not being used for the present time. It will be
ready for use in a couple of weeks. They are old
toilets, but as it is just for the year, I would not
recommend the building of new ones. Or if you decide
to have one built, we could have it strongly built,
with a partition one side for boys and one side
for girls, and when the new school house will be
erected, it could be transported on the new school
property.

As to the communication door, it can be locked
from the school side, so that the teacher has only
to fix a hook and the door is closed.

The report from the teacher about the up-
stairs being cold and infested with bugs is not
of great importance, as far as I am concerned, for
I knew by herself that she did not move in the
school house yet. Then how can she say that the
house is cold? By this time of the year, it is
pretty hard to say that a house is cold, as it is
not cold outside yet. With reference to the insects,
the teacher told me somebody told her there were
some. I visited the upstairs and it looks clean, and
moreover Mrs. Frett is going to wash it all over
these days.

There are two small doors to be fixed to
the upstairs rooms, and a water pipe has got to go
through a wall. I think you will authorize me to
have those small repairs made.

Sir,—

As to your last question, I beg to say that I rented the house for one school year, in conformity with your telegram of August the 28th, which was reading as follows:
RENT BUILDING FOR VILLAGE SCHOOL FOR ONE SCHOOL YEAR.

Now, if you would decide to have a school house built this fall, I beg to say that the Oka school commission ~~of Oka~~, built one last year for about \$4000.00, not more, and it is a very suitable school.

I am positive that a building like this would be in all points the school house required; and it could be made right now and delivered before winter.

If this suggestion suits your convenience, I can have all the details explained to you and from Tuesday next, on your call, I can go to your office and talk the matter over ^{with} you, I

Hoping this report will receive your approbation, I remain, Sir,

Your obedient servant,

Sir:

I have your letter of the 10th instant, reporting on the action you have taken to make comfortable the teacher's residence at the Oka Village Indian Day School. I have to thank you for attending to this matter.

With reference to the building of a school house this year, I do not consider it necessary for you to come to Ottawa. If you have any suggestion to make, please do so by letter. Bear in mind that the Department wishes to have, not only a classroom, but a teacher's residence in the building and that woodshed and closets are also required.

Dear Sir;

I wish to make application for a grant to be used in buying material for our Sewing Class at the Oka Village School.

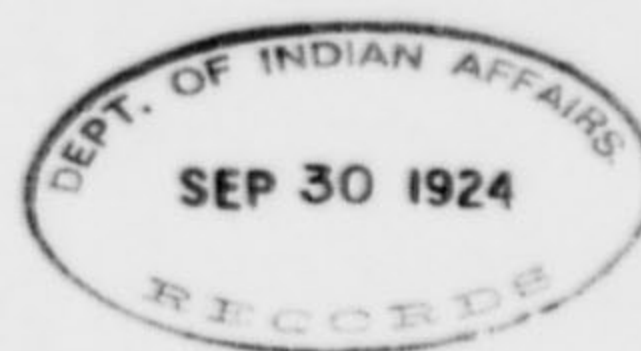

The girls are quite anxious for these classes to commence as they wish me to teach them to crochet wool hats and knit sweaters. They did splendid work last year.

Hoping this meets with your approval. I am,

Yours truly

Madam,-

I have your letter of the 27th ultimo, requesting a grant for the purpose of buying sewing material for the sewing class at the Oka Village Indian Day School.

In reply I beg to say that you may expend an amount not exceeding \$15.00 in the purchase of wool and other material which you consider could be used to advantage.

You should obtain itemized accounts from the merchant from whom you make the purchase and these accounts you should hand to Mr. Agent Harbour, who is being informed of the authority granted you to incur the expenditure. Mr. Harbour will be requested to certify these accounts and send to the Department when payment will be made.

I shall be pleased if, in future, you will forward requisitions of this nature through the office of your local Indian agent.

Sir,

With further reference to your letter of the 17th. inst., in regard with the building of a school house this year, I beg to submit the suggestions as follows:

Maxime Dicker has a house built right in front of the lots bought from the Seminary for the erection of a school house. He has three lots and a house built on these lots. There is no shed. The partitions of the house would have to be taken from downstairs and fixed up upstairs so as to make the teacher's residence upstairs. Dicker would sell his house and lots for \$2500. and would take the Department's lots in exchange.

The other suggestion is the building of a school house immediately. M. Marinier Freres have built for the CKA School Board a school house with shed attached to it and closets for boys and girls. I am sending you herewith the plan of said school and the specifications M. Marinier have given to me. Their price would be \$4500.00. If you intend to build immediately, I would suggest you to come and see the building that was erected last year, and I am sure that it will suit you. M. Marinier would be ready to begin at once and have the building delivered this fall.

In the case you would decide not to accept said suggestion, I would ask you to send me back the plans, as M. Marinier have only that one.

Respectfully submitted by

Your obedient servant

Dear Sir:-

We wish to make application for a grant to be used in providing Christmas cheer for 100 children on the Oka Reserve.

We would like to be able to remember each child whether of school age or not. There are some children amongst the Pagan families who do not attend school but we feel that these should also be remembered

Would appreciate it if you would let us know if 25lbs mixed candies and one case of oranges could be secured this purpose.

Hoping this meets with your approval.

Sir:-

When I was at your office lately, you told me you were going to erect a school house in the Oka village, early in next spring.

I take the liberty of telling you that, if you need stones or sand for the foundations, you would be better by having these materials hauled on the lots, before the snow goes away.

The sand, specially, should be taken on the premises immediately, because there is only a good place to get it and we have to go across on the ice to get it because the bank is in a bay.

If you decided to have the sand carried immediately, kindly let me know.

Dear Sir:-

I wish to make application for a grant to be used as prizes for worthy pupils.

The amount of eight dollars was received last year, but this would be inadequate for this year, as my attendance is larger. I would like at least ten dollars.

The school term is drawing to a close and I am quite anxious to know if the Department will grant this favour.

I am

Sir:

I have the communication which you forwarded from Miss Earl requesting a grant to purchase prizes for the pupils of the Oka Village Indian Day School to be awarded before the school closes for the coming summer holidays.

In connection with grants for prizes, I have to inform you that the practice of the Department is to allow a grant either before the midsummer holidays or at Christmas at the option of the teacher. We can, however, only provide this grant once each year. The schools on the Oka Reserve were allowed a grant of \$8 each for prizes to be distributed before the schools closed for the summer holidays last year, and again at Christmas a grant of \$15 was allowed for a treat for the children on the Oka Reserve. You should ascertain definitely from the teacher whether she prefers a grant before the school closes for the coming summer holidays or whether she would prefer to receive same next Christmas, as we can only allow this grant for one or other of these occasions. Owing to the many requests received for grants for prizes or treats for the children of the various schools, a considerable sum is expended each year, and we have, therefore, found it necessary to allow the grant once during each year only.

Please consult the teacher in this matter and let us know definitely what she decides.

Your obedient servant,

J. D. McLEAN

Dear Sir:-

Re- grants for school for purposes of prizes and treats I may say that I understand from your official letter no20-2-5 dated May 29th. that a total grant for my school in the village was \$15 that is \$8 for prizes and \$7.50 for Christmas trear. I thought it would be good policy to take half of this amount for school purposes now to be expended on prizes as children are working hard and looking forward to this. Next year they could be definitely told that there would be a change of policy in regard to prizes and treats. In this way we could avoid unfavourable reaction which I am sure would follow otherwise.

Sir:

I have the letter of the 6th instant from Miss Earl, teacher of the Oka Village Indian Day School, in further reference to her request for a grant for prizes to be awarded the pupils before the school closes for the coming summer holidays.

In reply I beg to say that the Department will allow at the present time an expenditure not exceeding \$8. It is understood that, as this amount is allowed at the present time, approximately only the same amount can be provided for a treat next Christmas. You should forward properly certified vouchers, in duplicate, covering the expenditure incurred in the purchase of prizes at the present time, the total amount of which should not exceed the sum of \$8. Please inform the teacher accordingly.

Sometime ago, I sent you vouchers for the rent of the school house in the village of Oka.

This voucher was for \$100.00 payable to Mrs. Mitchell Frett and authorized by your telegram dated August 30th. 1924.

Mrs. Frett has called many times to my office for this cheque and it is on her request I am writing the present letter.

As this old Indian woman needs her money, the sending of her cheque immediately would be greatly appreciated.

I beg to report that I made an inspection yesterday of the new combined day school and teachers' residence now under construction at Oka village, Que. Good progress is being made on this building, which was commenced two weeks ago. The foundation is complete and the entire frame work of the building up and sheeted in, and the men are now employed in shingling the roof. If weather conditions are favourable I expect the building will be ready for occupation by the middle of September.

The labour and material to date are very satisfactory. All of the labour employed on the building with the exception of the foreman are Oka Indians and to date their services have been satisfactory.

measures 26 x 36 feet & has a nice stone foundation
& has a large cellar. Built with with Soints of
Red Cedar all well finished outside. Two chimneys
Inside walls plaster & wood very bright rooms.
all Hard wood Flooring. good size Barn. & Good
shed for Rigs & also a new well 22 feet deep
finished inside with stones. Near House & Barn
Size of lot. 192 feet deep by 80 feet wide Price
Sixteen Hundred dollars I will make an excellent
School House. there is plenty of accomadation for the

Sir:-

I have to acknowledge the receipt of the requisition which you forwarded from Miss Earl, teacher of the Village school on the Oka Reserve for a grant for the purpose of buying sewing material for the Sewing class.

In reply I beg to say that you may expend an amount not exceeding \$15.00 in the purchase of wool and other material which you and the teacher consider could be used to advantage.

After the purchase of the material has been made you should forward properly certified vouchers in duplicate covering the expenditure incurred.

Dear Sir:-

[Signature]
The school house is nearing completion. In all probability two or three days work will complete it and will be ready for occupancy.

In view of this I would make requisition for a National Flag which should remain the property of the school. Without it in my opinion the school would be inadequately equipped.

If I understand correctly the objective of our work in Oka, as it should be in all other Indian Reserves is to develop new Canadians and the National Flag will be a big factor in the development and fostering of a National Spirit.

It will be seen how vital and important the flag will be in the life of the growing generation of Indians. It will occupy a place all its own and I can see nothing else to substitute it.

I do hope that the importance of this feature of our work will not be overlooked.

With this must go the erection of a flag-staff and so far I have seen no indications of one to be erected.

The staff of workers are still on the ground and with little or no trouble these men could put it up.

I am,

Your obedient servant,

Helen Earl.

Sir:-

I have to acknowledge the receipt of a communication from the teacher of the Oka Village Indian Day School in which she requests that a flag be supplied and also that a flag pole be erected near the school building.

In this connection I beg to say that a 9 ft Union Jack will be sent from the Department. You should arrange with the men who are employed on the work at the new School building to put an unexpensive flag pole on the grounds near the school building. You should purchase the materials required such as guy wire, rope, and pulley. The Department will expect you to see that while a serviceable flag pole is erected the work be carried out at the lowest possible expense.

Please forward properly certified vouchers in duplicate covering the expenditure incurred. The matter of the erection of this flag pole should receive early attention.

Your obedient servant,

Dept. of Indian Affairs,

Dear Sir:-

In looking over the New School building I discovered that we would not be properly equipped without well selected pictures or paintings from recognized artists.

It must not be forgotten that we are dealing with children who are mostly in the formative age. It is universally recognized principle that children of this age learn mostly through sight and I feel that provision should be made to meet this requirement.

In meeting this need it will have the effect of creating an appreciation of education in the parents and it will go a long ways towards filling our school with children which coercive measures would never accomplish.

The following pictures and paintings are my selection and all of which I would suggest must be framed.

The Gleaners.

The Angelus.

Simplicity.

King George V.

These may be purchased at The Art Emporium, Limited.

BUREAU DES EXAMINATEURS ELECTRICIENS

DIRECTEUR :

LOUIS GUYON

SOUS-MINISTRE DU TRAVAIL ET INSPECTEUR EN CHEF
DES ÉTABLISSEMENTS INDUSTRIELS
ET DES ÉDIFICES PUBLICS

Montréal, 24 octobre 1925.

M. Frs. Harbour, gérant,
Banque d'Oka,
Oka, QUE.

Cher Monsieur:

J'ai en mains un rapport d'inspection
faite à l'installation électrique de l'église protestante
des Indiens, à Oka, et dois vous dire que les travaux
à cette église, ont été trouvés en bon ordre et suivant
les exigences de la loi.

A ce sujet, permettez-moi de vous informer
que depuis 1921, il existe une loi provinciale qui exige
que les plans et devis de toute installation électrique
dans un édifice public, classification qui comprend les
églises, doivent être soumis à l'approbation du Bureau
des Examineurs Electriciens, ce qui comporte l'honoraire
de $\frac{1}{2}$ de 1% de la valeur de l'installation (minimum de \$10.00).

Veuillez donc voir à ce que les plans
de cette installation nous soient envoyés aussitôt
que possible, en même temps que ceux de l'école des
Indiens, à Oka, car cette loi s'applique aussi dans
le cas des écoles.

Vous remerciant à l'avance de la bonne
attention que vous voudrez bien porter à cette affaire,
je demeure,

Votre dévoué,

NSW/VA.

Sir:

I have your letter of the 5th instant, enclosing a communication from the teacher of the Indian day schools on the Oka Reserve requesting that a grant be provided to purchase supplies for a treat to the pupils at Christmas.

In reply I beg to say that you may incur an expenditure for this purpose not exceeding \$8 for each school. Please obtain itemized accounts, in duplicate, covering the expenditure for each school separately. These you should attach to proper voucher forms, certify in the usual manner and submit to the Department for payment.

Dear Sir,-

I beg to draw attention to the fact that you should account for \$400.35 in connection with advances made to you by the Department for work on the Oka School and teacher's residence. As the fiscal year 1925-26 has closed, you should lose no time in submitting vouchers for expenditure incurred as above referred to. If you hold an unexpended balance from advances received, you should refund the same. Kindly give the foregoing matter your immediate attention.

Yours truly,

F.H. Paré
Chief Accountant.

Sir:-

I am in receipt of your letter of the 10th instant with which you forwarded paylists in connection with work performed on the Oka Indian School building and teacher's residence, and in reply I return the said paylists herewith.

If payments to the workmen were witnessed, you should have the witness sign the payroll in the place provided for the purpose. If the payments were not witnessed the paid cheques should be attached to the payroll before it is returned.

It is observed that you have included in your account a charge of two (\$2.00) dollars for stamps used on pay cheques. This charge should appear in your office expense account, and the amount mentioned should be refunded to the Department.

You have entered a charge of one dollar and fifty (\$1.50) cents made by the bank for bookkeeping. Seemingly the work referred to should have been done by you, and I may say that the salary paid you covers all services which you render in connection with your work. It seems necessary, I may say, for you to make refund of the one dollar and fifty (\$1.50) cents mentioned as well as the two (\$2.00) dollars, or a total refund of three dollars and fifty (\$3.50) cents.

Kindly attend to the matter without delay.

Your obedient servant,

J.D. McLean.

Mr. Russell Ferrier,
Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

Immediate

I notice that Arbour Day falls on the 7th. instant. I have been planning to observe it as in other years but having moved into our new school and location the celebration would demand many new ideas and schemes.

In the first place the grounds should be levelled, which requires a lot of planning and work but the scheme in my opinion is well worth the work. In the second place the trees should be planted along the street and a few trees facing the Teacher's Residence, already I have some flowering shrubs planted.

How much would the Department allow towards carrying out this scheme?

A team of horses would be absolutely necessary and I am interesting the male population to give their labour free. It would require several ladies also to help me prepare meals for these men who volunteer their services.

It will be seen that the expenses which will be incurred are for a team of horses and meals for the men.

The Department will notice that in celebrating the Arbour Day we are departing somewhat from our custom viz: having an objective.

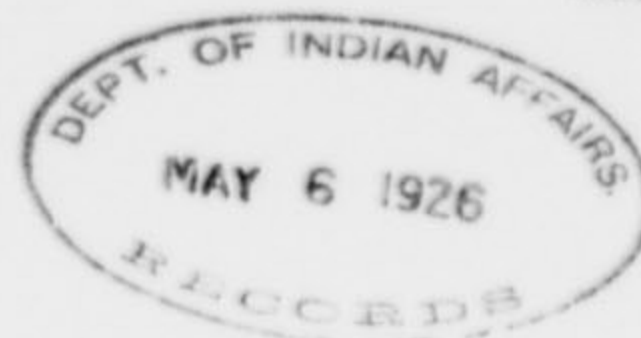

I may say I have postponed celebrating Arbour Day to the 14th. instant to allow time for a reply from the Department.

I am sending one copy of this letter to the Agent.

I am,

Your obedient servant,

Helen Earl.

Madam:

I have your letter of the 5th instant, with reference to improving the grounds of the Oka Village Indian Day School. You may expend the sum of \$10.00 in this connection. I note that it is proposed to have the members of the Indian Band assist. You should give the receipts for your expenditure to Mr. Indian Agent Harbour, who will attach them to proper voucher forms. A cheque will then be issued to you, in reimbursement.

I have your letter of the 11th instant, with further reference to improving the grounds at the Oka Village Indian Day School and requesting authority to incur an expenditure in excess of the \$10 granted in our letter of the 6th instant. I beg to say that we will increase the amount which you may expend to the sum of approximately \$20. It is hoped that you can obtain the services of the Indians without charge except for the team of horses. Please obtain receipts for your expenditure and hand them to Mr. Indian Agent Harbour, as instructed in our letter referred to above.

INDIAN AGENT

Oka, September 30, 1933.

Sir:-

I beg to transmit you herewith voucher no.560 amounting to \$3.63 in favour of Marinier Frères, lumber merchant, for lumber supplied towards the replacement of a small bridge at the entrance of Oka Indian Village School.

This bridge broke when they delivered the first load of coal at the School and had to be repaired immediately. As it was a case of emergency I had same repaired the same day in order that coal be delivered into the yard of the School.

Cher Monsieur:-

Permettez-moi de porter a votre attention et de vous recommander l'achat immédiat de 21 feuilles de tuyau x pour l'Ecole Indienne du Village d'Oka.

Les feuilles de tuyaux en usage actuellement sont en très mauvais état étant pourris et percés a plusieurs endroits, ce qui rends le chauffage très difficile et est aussi dangereux pour le feu.

Le prix du tuyau est de 20c la feuille.

Oka, December, 16, 1933

Dear Sir,

Permit me to bring to your attention and to recommend the immediate purchase of 21 sheets or lengths of stove pipe for the Indian school of the Village of Oka.

Those in use at the present moment are in a very bad state being rotten and with ~~holes~~ holes in many places, this makes the heating difficult and very dangerous for the fire.

The price of the pipe is 20¢ per length.

Ottawa, August 24th, 1934.

Sir,-

The Department is in receipt of your Voucher 954, for \$40.00, in favour of Aqueduc Municipal d'Oka, Oka, Que., covering the cost of the water service for the Oka Village Indian Day School from May 1st, 1934, to May 1st, 1935.

In past years, the Department has only allowed either \$6.00 or \$7.00 for water service for this school, the last voucher received from you being No. 925, for \$6.00, covering the period May 1st, 1933, to April 30th, 1934. This voucher was issued in favour of Seminaire de St. Sulpice, Oka, Que.

The Department does not appear to have any previous correspondence on file regarding the large increase in the cost of the water service for this school. Please let me know on whose authority the water is, apparently, being obtained from Aqueduc Municipal d'Oka. You should, also, state why they ask \$40.00 a year instead of the amount previously allowed. Payment of the account will be withheld until your reply is received.

OFFICE OF
INDIAN AGENT 20-2-5

Oka, August 27, 1934.

Dear Sir:-

I beg to acknowledge the receipt of your letter of the 24th instant in connection with Voucher No.954, for \$40.00, in favour of Aqueduc Municipal d'Oka., covering the cost of the water service for the Oka Village Indian Day School from May 1st, 1934 to May 1st, 1935.

You asked me some informations relative to the increase of the cost of the water service pointing out that the Department had only been paying from \$6.00 to \$7.00 for the same service in the past years.

In reply I beg to inform you that since the foundation of this Village and untill May last, the water had been supplied by the Seminaire of St-Sulpice, who were the owner of the aqueduc. Last year, however, as the water service was insufficient for the needs of this locality, the aqueduc was bought by the Municipal Council from the Seminaire, and the whole system had to be built entirely anew, which necessitated an expense of over \$45.000. Owing to the considerable expenses encountered in the acquisition and the building up of a new system for the water the Council had to set up a new scale of rates for all the customers.

The commercial and the public buildings were charged \$40.00 a year for the service of water and the private houses are being charged three times the price they were paying to the Seminaire when on the old system.

However I beg to say that this considerable raise in the cost of water could not be avoided as it was automatically transferred from the Seminaire to the Aqueduc Municipal when the latter took possession of the water service on an order from the Public Utility Commission of the Province of Quebec.

Sir:

I have to acknowledge receipt of the voucher which you forwarded, in favour of the Shawinigan Water & Power Company, St. Therese, P. Q., covering the cost of the electric light service at the Oka Village Indian Day School for the months of June, July and August, last.

The Department does not understand the manner in which the accounts for electric light service from this company are rendered. In the account referred to, it is shown that the consumption during the three month period was 40 k. w. h. and the rate, 8¢ per k. w. h, while the amount charged therefor is only \$1.20. There is also claimed \$2.00 arrears. It is thought that, instead of showing arrears and if the rate as mentioned above is correct, the account should be \$3.20 instead of \$1.20, thus dispensing with arrears. The account shows that a discount of 1¢ per k. w. h. consumed - 10 days - is allowed. On the enclosed account, the discount is shown as 20¢. Should not the discount be 60¢, that is, 1¢ for 40 k. w. h.?

Please take this matter up with the Company and obtain a corrected account, which you should attach to proper voucher forms, certify in the usual manner and forward for payment. The vouchers which you submitted are returned herewith.

Sir:-

I have your letter of the 6th instant returning me the account amounting to \$3.20 in favor of the Shawinigan Water & Power Co., for light at the Oka Ind. Vill. Day School for the months of June, July and August, last, and in which you state that the Department does not understand the manner in which the account from the company is rendered.

In reply I beg to let you know that the explanation of the company is as follow.

- 1...That the 40 k.w.h. were spent during the month of June last, when the School was occupied by the teacher.
- 2...It is stated that at the beginning of Juny last, when the meter reader of the company called at the School to take the June consumption, the School was closed as the teacher had left for the Summer.
- 3...The meter reader called again at the School at the beginning of August, last, but the teacher was still absent. Mrs Tupper only came back at the beginning of this present month.
- 4...The Company claims that they do charge a minimum of \$1.00 a month, and that in any case no discount is allowed that would bring the total under one dollar for any one month.
- 5...In the present case the account being of \$3.20 for the three months, the discount of .20c allowed bring the total to \$1.00 a month as stated in printing on the account.
- 6... I am explained by the Company that if their account submitted was allowing the .60c of discount the cost of the three months would be as follow \$3.20 for 40 k.w.h. less .60c discount-\$2.60 and \$1.00 a month for July and August \$2.00 as minimum for rent of the meter, bringing the total to \$4.20 instead of \$3.20 as presently charged.

Mrs Tupper teacher of the Indian Village Day School called at my office last night about the floor in the school.

This morning I have been with Mr Marinier carpenter to look the logs below the floor, seven (7) of those are all rotten, it is very emergency to replace those logs in a couple days by the fact that ~~the~~ floor is almost sink down in the class and they can hardly pass on, and if we do not repair soon they will be oblige to make a new floor. later.

Please answer me soon if you authorized me to make that floor repair because it is very dangerous for the children to walk on a such floor.

Probably that you will find that I ask much and often for clothing and material for houses. the Indian are all asking for clothing and material, in that case I will like if the Inspector Mr McCooking can pass on the Reserve soon, by the fact I Am a new Agent I do not like to make too many recommendation, and I think it will be better if it is possible for Mr McCooking to come for both satisfaction.

I have your letter of the 8th instant regarding the condition of the floor at the Oka Village Indian Day School

In reply I beg to let you know that three of the four logs are all rotten, and all the joists are also rotten, and the second floor is absolutely out of service, and the floor in the class is not very good, by the fact that the floor is sinking down, and we will be obliged to make two little window in the cement to be able to bring the timber in the cellar and also for the air, the others are too small, that for why we have so many trouble the amount will be around \$350.00.

Marinier the undertaker told me that the reparation will give work to six men for one week, in that case I think we are better put temporarily logs, and make the new floor in the Christmas holiday, if you authorize to do it.

Mrs Tupper teacher of the Oka Village Day School applied for the following material, one cord of dry wood 1 broom, 1 mop one doz laundry soap for cleaning school.

Dear Sir,-

I beg to refer to my letter of the 23rd ultimo, with reference to the Oka village Day School.

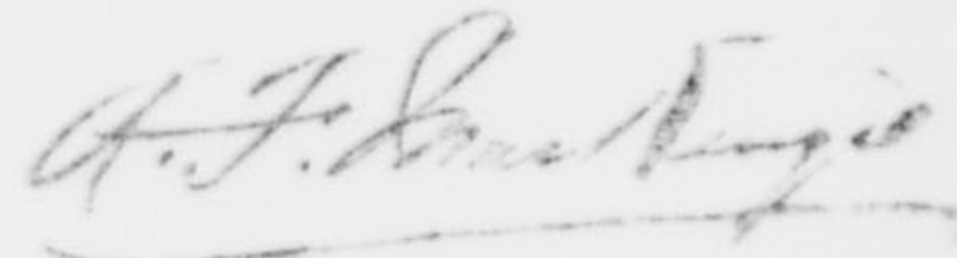

It has been impossible for the Architect of the Department to spare the time to proceed to Oka.

Mr. Ernest Cree of Oka called at the office the other day and from the information gathered it is thought that for the present temporary supports and braces should be installed under the floor of the classroom. This will make this portion of the building safe until next summer, when arrangements will be made to install a new floor.

I would ask you to arrange with Mr. Cree to do this work during the Christmas Holidays.

As this is a temporary arrangement kindly see that the cost is kept as low as possible, and that only supports that are absolutely necessary to maintain the safety of the building are provided.

Ottawa, June 1, 1935.

Sir:

I have to acknowledge receipt of the voucher which you forwarded in favour of the Aqueduc Municipal D'Oka, covering their charge for water service for the Oka Village Indian Day School for the period from May, 1934, to May, 1935, to the amount of \$40.

In this connection I have to say that in August, last, your predecessor forwarded a voucher for the same period, and a cheque was sent the above Company. I would refer you to official letter dated August 24, 1934, and reply of Mr. F. Brisebois, the former Agent, of the 27th of the same month. The voucher which you submitted is returned herewith, as payment for the period stated thereon has been made.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:

I have to acknowledge receipt of the voucher which you returned in favour of the Aqueduc Municipal D'Oka, covering water charges for the Village Day School from May, 1935, to May, 1936, to the amount of \$40.

I am again returning this voucher, as the Representative of the Treasury will not accept same until the above Company state on the account the exact period for which payment is requested. You should have the Company prepare a new account, giving the exact dates between which payment for the water service is requested. If payment is for the period from May 1, 1935, to April 30, 1936, it should be so stated on the account.

Dear Sir,-

The Department finds it necessary to return the account which you recently submitted in favour of The Shawinigan Water and Power Company, for light supplied to the Oka Village Indian Day School. This account reads as follows:-

<u>Consumption</u>	<u>Amount due</u>
86	\$5.82
Less Minimum	1.00
	<u>\$4.82</u>
Discount	.58
Balance	<u>\$4.24</u>

From the information given on the account, the Department considers that the charges should be paid, as follows:-

Service charge	.33
60 kwh @ 6¢	3.60
26 kwh @ 2 1/4¢	<u>.59</u>
T o t a l	\$4.52
Less 10%	<u>.45</u>
Balance	<u>\$4.07</u>

Please check up this matter with The Shawinigan Water and Power Company with a view to ascertaining if the Department's computation of this account is correct. If so, the account should be reduced by the amount of 17¢.

If the company's statement is correct, I would appreciate receiving full particulars showing how they arrived at the amount, as we consider their computation incorrect due to the information given on the account regarding charges for electric current.

Yours truly,

A. F. MacKenzie.

P.Q.

Dear Sir:-

Further to your letter of Feb. 8th 1936 regarding the light account for the Dept. of Indian Affairs, Oka, for the school, we are attaching hereto bill to the amount of \$1.00 covering minimum for the month of January. Three copies as requested in your letter. And also a bill to the amount of \$3.62 covering your light bill for the month of February.

This bill for the month of February has been basis on two months due that we have not been able to take reading of the meter in January, and for your own informations we like to say that this bill is made as follows:-

A service charge of 33¢ per month, 2 mths	.66
The 1st 60k. per month at 6¢, or all the consumption -	66 @ 6¢
	<u>3.96</u>
	4.62 ✓

Less \$1.00 already charged for minimum in January	\$ 1.00
	<u>\$3.62</u>

Regarding those minimum bills, we like to inform you that at certain month when the house being closed during the collection it is impossible to get the reading of the meter. We send you a bill for the minimum, but on the next month when we made out your bill we always deduct minimum already charged. And if this minimum is not paid yet we report the balance as arrears.

Expecting the above informations will be satisfactory,

Yours very truly,

Dear Sir:-

Please find enclosed your light bill
to the amount of \$3.13 covering your light bill for
the month of May.

This bill covers your bill for the month
of May amounting to \$2.13 and also \$1.00 as arrears,
giving a total of \$3.13

This \$1.00 covers minimum charged for the
month of January. On February's bill we have billed you
for \$3.62. But the consumption being 66 kwh. for 2 mths
gives \$4.62, due that we have already charged you \$1.00,
minimum for the month of January, we charged you only
\$3.62 for the month of February.

Expecting the above informations will help
you to understand your bill for the month of January and
February, and payment will be received in a near future.

Yours very truly,

A.D. Lanouette,
District Accountant.

Ottawa, July 7, 1936.

Dear Sir:

I wish to inform you that you may arrange to have the exterior of the Oka Village Indian Day School building painted. The cost, including material and labour, should not exceed, approximately, the sum of \$75.00. You should utilize Indian labour in carrying out the work. I understand Mr. Orr, Architect, of this Department, who recently visited Oka, discussed this matter with you and informed you of the amount of painting that should be performed. Please arrange for the purchase of the paint, from a firm on the approved list, and see that Indians who are competent to do the work are employed.

You should obtain itemized accounts, in triplicate, covering the cost of the paint and other materials used, and also keep proper time sheets, in triplicate, of the labour. These time sheets should show the number of days or hours employed and the rate paid.

I would request that you arrange to have this painting completed during the present summer holidays.

Yours truly,

A. F. MacKenzie,
Secretary.

EX'D.

Dear Sir:-

I have your letter of the 7th, instant in connection with the painting of the Oka Indian Village Day School

In reply I beg to tell you that I put three men at work Monday morning at the cost of 0.20 per hour, and I bought the paint at the Chene's Store at Oka, paint is \$3.85 per gallon, and I must tell you that the amount authorized is not enough to paint that school and there is a little shed near the school that I will like to paint too, and there is few things that I will oblige to repair like the gallery and the inside doors, etc, and with the amount of \$75.00. I can not make all those things, and with that said amount I will not get enough to paint the roof of the school, I will like if the Dept, can vote me another amount like \$40.00 more to do that work.

Ottawa, September 23, 1936.

Dear Sir:

The Department finds it necessary to return the voucher which you submitted, in favour of the Shawinigan Water and Power Company. Please obtain a correct account from this firm. I would point out that the charge of \$4.35, for electricity consumed, is incorrect. Please have the firm compute this correctly.

The item of arrears of \$1.00 should not appear on the account, as this has already been paid. The item "less minimum charged \$2.00", should also be deleted from the account.

Yours truly,

Further to your letter of October 2nd 1936, regarding light bill for Dept. of Indian Affairs at Oka, we are attaching hereto new bills for the month of August to the amount of \$1.00, for the month of September to the amount of \$2.35 and for the month of October to the amount of \$3.09. And also a detailed statement to the amount of \$6.44

For your own informations, we like to say that the bill for the month of August was made for \$1.00 minimum, due of not being able to take reading of the meter.

On September 's bill there is a consumption of 56 kilowatts which represents the consumption for three months, July, August and September.

56 kwh. for 3 mths amount to \$4.35 less minimums charged for July and August, \$2.00, leaving a net bill to be charged \$2.35

Add your bill for the month of October is \$3.09

We hope the above informations will help you to understand your bill and payment will be received in a near future.

Yours very truly,

A.D. Lanouette,
District Accountant.

Dear Sir:

The agent and myself made a personal inspection of the school and residence. As regards the furnishings of the residence we found that a mattress for the bed is necessary. In addition two locks are needed and three shades are needed for the windows. Half a dozen bulbs are needed for the residence and classroom.

On the classroom the thing most needed for sanitary reasons is a covered drinking fountain. A fire shovel and a coal scuttle are needed for the stove in the classroom.

These requests have been pared down to the vitally necessary and as a result I beg your consideration.

Dear Sir,-

In reporting on his inspection of the Oka Village Indian Day School on the 9th ultimo, Inspector McGookin recommends the supplying of eight (8) single desks for pupils aged fourteen to sixteen years, also one covered drinking fountain.

Please let me know the name of the manufacturer of the desks at present in the school. You should, also, let me have an estimate of the cost of the drinking fountain required.

Yours truly,

R. A. Hoey.

Dear Sir:-

In reply to your letter of the 2nd. inst.,
I beg to say that the desks actually in the Oka Village
Indian Day School are from the W.F. Vilas Co. Ltd, of
Cowansville Que.,

As to the fountain required, I beg to say
that I had the following estimate from A. Chene, as follows:

3 gallons capacity	\$ 5.25
4 gallons capacity	\$ 5.75
6 gallons capacity	\$ 6.90

I think that the 4 gallons size would be
the one required for the school.

Dear Sir:-

In the beginning of March, when Mr. Inspector visited this Reservation, he stated that a general and special cleaning ought to be done at the Oka Village Indian Day School.

The janitor, Adam Montour would be ready to perform the work of such cleaning.

As this is rather an urgent thing to be done I would recommend that you authorize same at your earliest convenience.

Dear Sir:

Enclosed you will find your request for a quotation, Requisition 15262-18-38, duly filled in and we trust that you may see your way clear to favour us with this business.

As we do not believe you have a copy of our latest catalogue in your files, we are mailing one to your Department under separate cover this morning, and would ask you to turn to page 4 where you will find illustration and descriptive matter pertaining to the desks on which we have quoted.

You will note that all Imperial desks which we manufacture are fully set up at our factory ready to attach to the floor while Movable Chair desks and Harvard desks, on account of space in shipping, are shipped partially set up and are easily assembled at their destination.

Ottawa,
April 1, 1938.

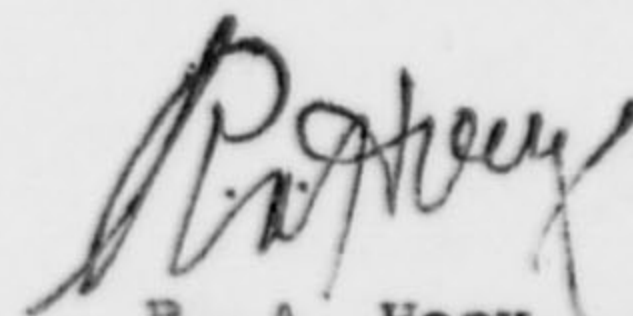

Dear Sir:

The Department finds it necessary to return the voucher which you submitted in favour of Joseph Carriere in connection with the repairs to the floor of the Oka Village School.

As you request payment of the full amount of \$23.30 to Joseph Carriere it will be necessary to attach to the voucher receipts from Henri and Alfred Carriere acknowledging receipt of the amounts due each of them. You will also have to attach a receipted account for the lumber which apparently cost \$2.80.

The exact dates on which Joseph, Henri and Alfred Carriere were employed should also be shown on the voucher.

Yours truly,

R. A. Hoey,

The Indian Agent,
Oka, Que.

Dear Sir:

The condition of the furniture in the residence, of the Village School, makes it necessary for me to ask for replacements. As far as I know the living-room furniture - never very abundant - has never been replaced or added to at any time since the school was built and furnished. From this an inference may be drawn as to the actual condition of the furniture

added from living room
The thing necessary for the living room is a study set. That I think is the ideal arrangement to correct the state of affairs in the living room.

R In the kitchen, new stove pipes are needed and a metal shield to place directly behind the stove to avoid any fire hazard from that source.

I hope these requests are attended to as soon as possible because they are very much needed.

Dear Sir:-

In connection with your letter of the 13th of August last, regarding the furniture needed for the living room at the Oka Village Indian Day School, I beg to say that I just visited this school to-day and it is a pity to see the furniture on the teacher's residence side.

In the living room there are a little sideboard a table and two wooden chairs and a rocker; the whole in very poor condition. I would recommend the supply of a small studio set and also a linoleum rug 9' x 10½'.

The kitchen stove does not work good; it smokes terribly; I am going to have the new stove pipes put up, and both the chimney and the stove cleaned up and I shall make report.

I would insist on the fact that the studio set and the rug be supplied immediately, because they are a necessity. A door mat on the school side is also needed.

Your obedient servant, *J. H. Coats*

Dear Sir:-

I beg to acknowledge receipt of your letter of the 1st. instant, authorizing the purchase of a studio set for the Oka Village School, to an amount not exceeding \$45.00.

I beg to say that as the teacher was going to Montreal last week, I told him to see about a set of the price above mentioned. As I told you in my previous letter nothing could be purchased for less than \$65. (3 piece set) and what the teacher could get for \$44.00 was one only couch, as you can state by the slip attached to the present letter.

This order has not been confirmed yet, as I wanted to have your approval, that is to say, if you agree to purchase only one piece for the amount of \$45.00; as I know that only one piece would not be sufficient and before long we will be asked for some more furniture. Perhaps could you find something in Ottawa for the price authorized.

I would appreciate very much your prompt answer in this case, and would ask you to return the attached slip.

Dear Sir:

With reference to your letter of the 8th instant, I may say that \$45.00 is the total amount that we can allow for furnishing the living room of the teacher's residence at the Oka Village School.

If it is not possible to secure a studio couch and chairs for this amount, it is considered that a cheaper couch would be suitable. At any rate, as stated above, \$45.00 is all that the Department can allow.

Oka Village #5
20-2-5

Montreal, Quebec,
February 6th, 1939.

Memorandum:

Mr. Christianson
Mr. Phelan

Re Oka Village School

Upon my visit to Oka, Quebec, on the 1st instant, I made a special visit to the above school, and beg to report as follows:

Floor: Beams supporting floor appear to have rotted, although this is rather a new building. Insufficient ventilation has certainly caused timber to spoil. There is no cellar, foundations are of concrete with very small openings to ventilate. To put the floor in safe condition for the next school year would necessitate the expenditure of about \$200.00. The Agent had some supports set under the floor for the time being.

Classroom: Desks should be set on runners to keep them in line; this is not an expensive thing to do. 24 desks have not seen any varnish for a long time and should receive a coat or two to preserve them.

An extra blackboard 10 or 12 feet long is also needed.

The children should be supplied with individual drinking cups. Three dozen enamel cups should be supplied.

The stove in use is obsolete and should be replaced at once; I consider it is a fire menace. It is too bad to keep taking a chance with this one; it would be cheaper to purchase a coal stove than to build a new school. This matter requires immediate attention.

Residence: The walls of one room, 10' x 12' approximately, in the residence, are in great need of varnish, as well as the stairs which were previously painted white. The teacher, Mr. Morley Oke, has offered to put on varnish and paint if it is supplied to him. May I recommend the purchase of one gallon of varnish and three pints of white paint, to cover desks, walls and stairs.

Dear Sir:

In a recent report regarding his inspection of the Oka Village school Inspector Thibault states that the stove in use is in bad condition.

Apparently we have had no report from you regarding this stove and the Department cannot understand why you have not written if it is in as bad condition as the Inspector states. Please let me know if it is not possible to make some minor repairs to this stove in order that it will last for the balance of the current winter without being a fire menace. You should also let me have an estimate of the cost of supplying a new stove but our funds are so limited at the present time that it is unlikely that any such expenditure can be incurred between now and the end of the fiscal year.

Your account for electric service at the above noted school has been passed for payment at \$4.59. This will pay your account dated January 1, 1939, being a minimum charge of \$1.00 and also your account dated February 1, 1939.

In connection with the balance of \$12.43, we have to advise you that items marked "arrears" may not be paid unless supported by a statement giving details as to how these amounts are calculated, in other words copies of your regular monthly accounts in triplicate will have to be supplied. In future, to avoid confusion, will you please forward your accounts monthly and in triplicate to our Indian Agent, F. Harbour, Oka, Que.

I am returning herewith your statement dated February 6th. Please note that your account for April, 1938 is charged at \$1.17 whereas the credit is entered as \$1.05. The difference of .12¢ being discount should also be credited which would leave a balance outstanding of \$12.31.

I am enclosing herewith copy of a letter addressed to the above noted firm. From this you will note that details are required in submitting accounts of this nature. Most of the items are minimum charges of \$1.00, which will not require further details but when the item is for more than this amount then details such as meter readings and rates are required. This will apply particularly to the items of November 1937 and March and December, 1938. Your attention is especially directed to the advice to the Company with reference to items marked "arrears" and also to the rendering of accounts monthly and in triplicate.

The No. 23 Hecla Warm Air Furnace

Showing the No. 23 Hecla as supplied for Halls, School Rooms, Churches, etc., where basement space is not available.

Where there is no basement, and the heating plant must be set up in the space to be heated, this installation of the No. 23 Hecla will prove eminently satisfactory.

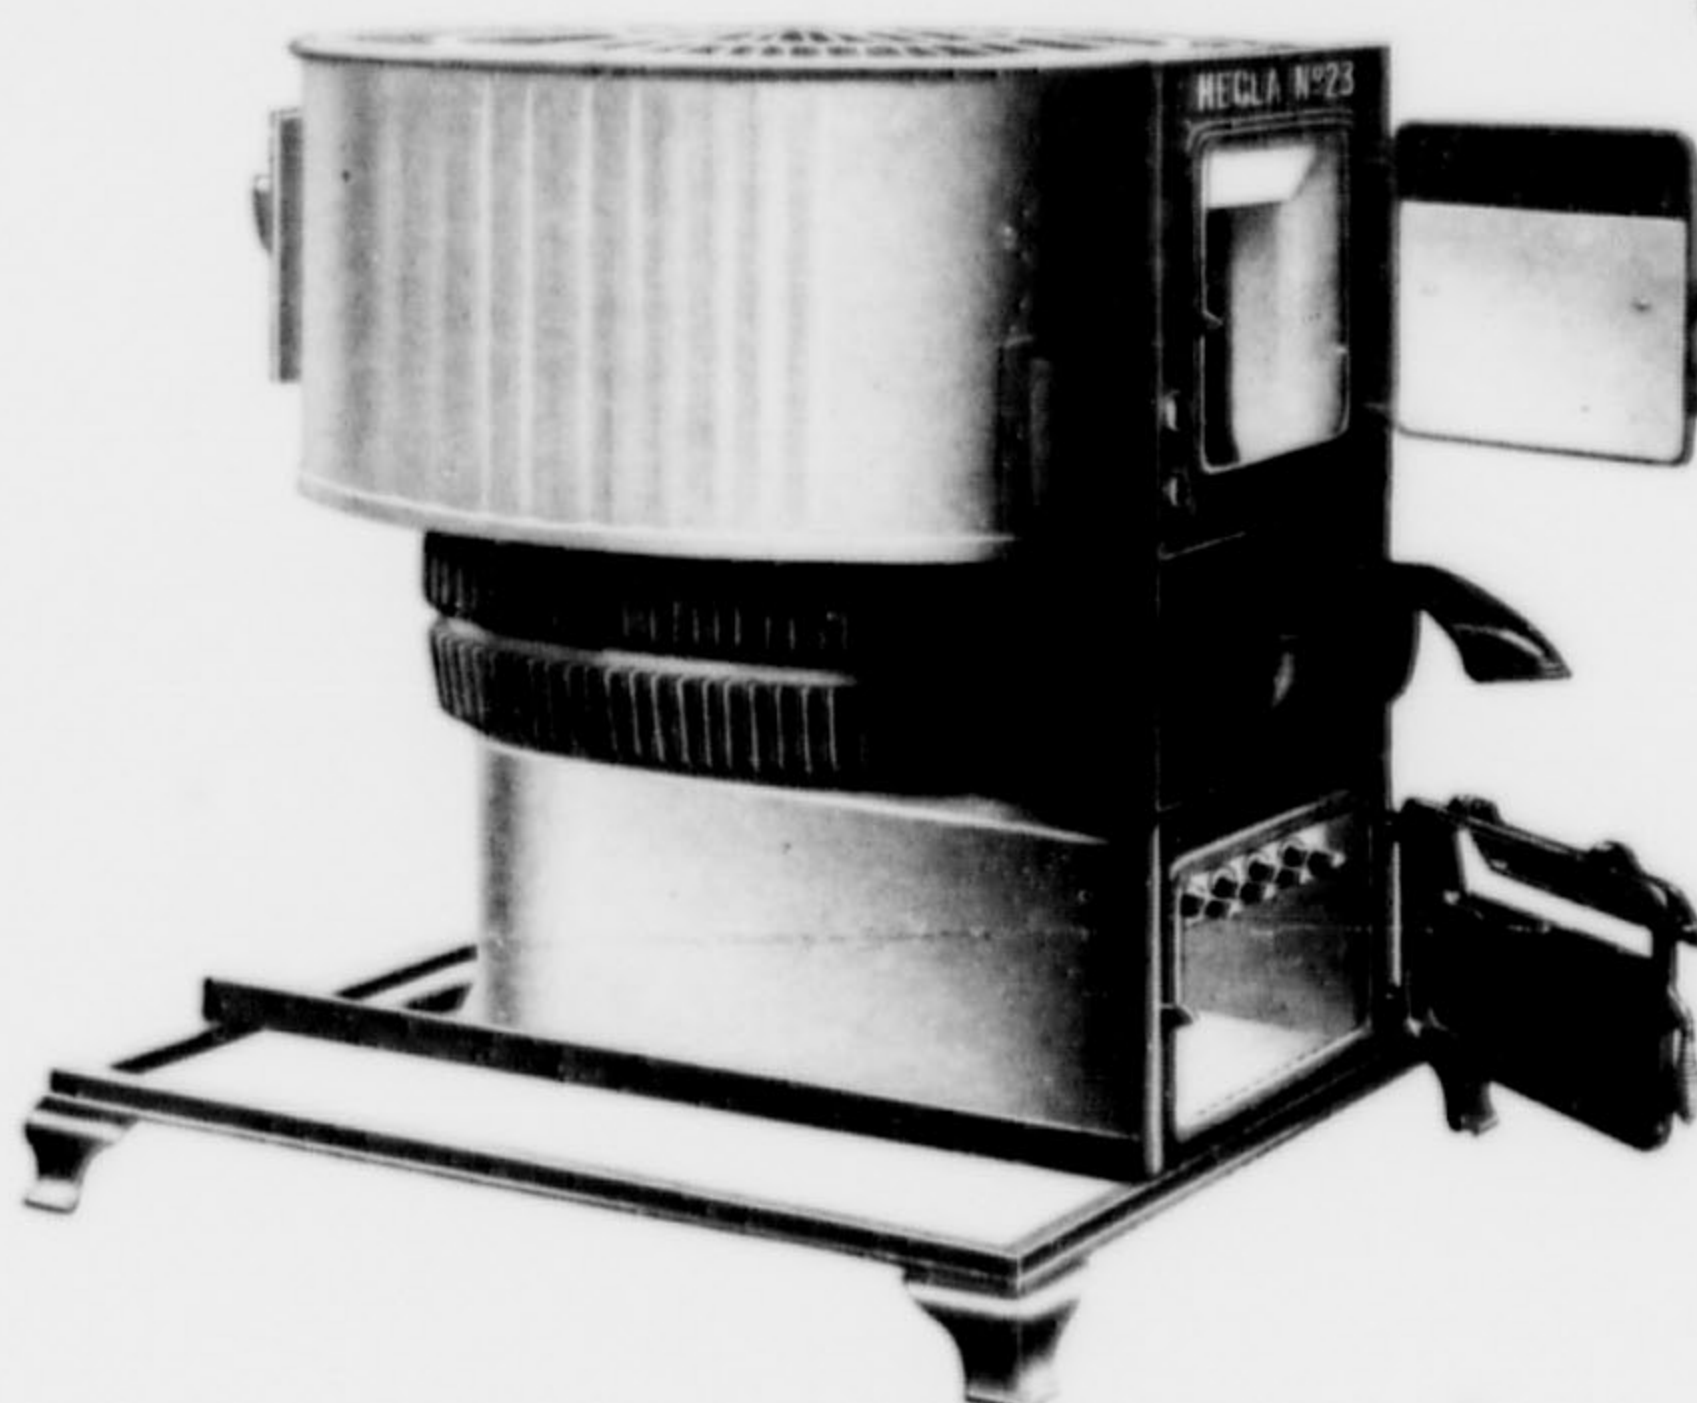

The heater is set up on legs, so as to draw the cold air off the floor, and the warm air is delivered through the flues in the top of the casing. The side casings are fluted to give the necessary strength to withstand the rough usage that school room heaters sometimes get. The casings are nicely finished and the whole appearance of the heater is neat and pleasing. With its free and even distribution of heat, neat appearance and simplicity of operation, the No. 23 Hecla School Room Heater will be found thoroughly efficient and satisfactory in every way.

Dear Sir :-

With reference to your letter of the 15th of February last, I beg to say that we have been able to pass the balance of the winter with the old stove in the Oka Village Indian Day School, but it will be necessary to have a new one for next winter.

As to the estimate of the cost of a new stove, I suppose that it will not be necessary to send it in now, but during the coming summer holidays so that we may have the new stove installed for the re-opening of the schools.

I had an estimate some time ago from the firm Lagare Limitee, 1200 Amherst street Montreal for a heater specially adapted for schools etc., where basement space is not available, and it is our case here, as we have no basement underneath the school house. I am sending you the picture and specifications herewith. The price of this heater is now, \$261.50 delivered and installed.

MINISTERE DE LA SANTE

May 12th, 1939.

Mr. Francois Harbour,
Federal Agent for the
Oka Indian Reserve,
OKA.

Dear Sir:

I am reporting on unsanitary conditions existing in both Country and Village Indian Schools. In the Country School, the outside privies are repulsing and the adjoining lot is used as a dumping ground. In the village, the privies outside are also in a very bad condition. I cannot see the reason why these children are not given modern facilities by adopting for these schools inside chemical toilets. And surely cleanliness should be strictly in force in these establishments.

The Law and our Provincial Rules demand that no child should be admitted in school if not vaccinated against smallpox. Out of 66 pupils only one is vaccinated. It is my duty to ask you to see that vaccination will be made in a very near future. I will make a control visit in eight days, after which the person in charge of the schools shall refuse to admit any child not vaccinated.

Very truly yours,

P.S. A copy of this letter is sent to Mr. R.A. Hoey,
Supt. of Welfare and Training, Ottawa.

Dear Sir:

The Department is just in receipt of a copy of a letter dated the 12th instant from Dr. Jean Louis Faille, D.H.P. The first paragraph of this letter reads as follows:

"I am reporting on unsanitary conditions existing in both Country and Village Indian Schools. In the Country School, the outside privies are repulsing and the adjoining lot is used as a dumping ground. In the village, the privies outside are also in a very bad condition. I cannot see the reason why these children are not given modern facilities by adopting for these schools inside chemical toilets. And surely cleanliness should be strictly in force in these establishments."

Please make immediate arrangements for cleaning the toilets at both the Oka Village and Oka Country schools.

It is difficult to understand why you have permitted conditions to become such that Dr. Faille finds it necessary to make the report shown above, especially in view of the very large number who are on relief in the Oka Agency. There is no reason why work of the nature required should not be done by those on relief.

The Department will expect to hear from you within a week that the conditions about which Dr. Faille complains have been fully rectified.

Yours truly,

P. Harbour, Esq.,
Indian Agent,

Dear Sir:-

The seats on the Village Indian Day School should be put on runners for the children are always moving them and it would be far more convenient for the cleaning of the classromm and also it would prevent breakage of the seats.

I have a man who is available just now, an Indian, and I would recommend that this work be done immediately. The cost of same would go to around \$7.00

Dear Sir:

In your letter of April 4, you suggested the installation of a heater in the Oka Village Day School at a cost of \$261.50. When the Department considered the cost was too great, you made further enquiries and in your letter of May 30 you recommended a McClary furnacette, which you stated could be secured at a price of \$91.50.

The Purchasing Branch has been able to secure the McClary furnacette at a cost of \$58.75. In view of the very reasonable cost at which the stove has now been purchased, the Department desires you to explain why you apparently considered it advisable to recommend a very much larger expenditure.

Yours truly,

Philip Phelan

Dear Sir:-

In reply to your letter of the 30th. ultimo,
I beg to say that when it was spoken about having a
new stove installed into the classroom at the Oka
Village Indian Day School, I have asked to a represen-
tative of the firm LEGARE of Montreal, to see the
classroom and give me an estimate for a stove that would
heat the room.

He gave me a first estimate which was found
too expensive and then on your request I asked for ano-
ther estimate for a less expensive stove; this man then
gave me an illustration of the stove together with his
price which I sent you, thinking it was recommendable, as
the Legare representative told me this stove was the
one to heat the classroom; personally, I know nothing
about stoves, and I recommended the Furnacette thinking
it was the one to be purchased.

Extract from Inspector Brady's report on the
Oka Village Indian day school visited on October
3, 1939.

1. Some class room windows should open at top for better ventilation.
2. The boys' toilet is dirty. Hydro-septic toilets would be much more sanitary.
3. The floors are poor in some places. I believe that new sills or girders are needed.
4. The school room is too dull as the windows are on the North. I suggest painting the ceiling white.
5. A 12 ft. blackboard for the side wall, new globe, a mirror and a first-aid kit are needed.

EXD.
A.

Dear Sir:

Reporting on his inspection of the Oka Village school on October 3 Inspector Brady writes as follows:

"Some class room windows should open at top for better ventilation.

"The boys' toilet is dirty. Hydro-septic toilets would be much more sanitary.

"The floors are poor in some places. I believe that new sills or girders are needed.

"The school room is too dull as the windows are on the North. I suggest painting the ceiling white."

Please let me have an estimate of the cost of carrying out the improvements suggested in paragraphs 1, 3 and 4.

With reference to paragraph 2 you should have the boys' toilet cleaned immediately. It is considered that you should inspect the toilets whenever you visit the school and see that they are kept in a cleanly condition.

Yours truly,

Mr. F. Harbour,
Indian Agent,
Oka, Que.

Schools

Dear sir,

Last year, when I made a report on the sanitary conditions existing in the Indian Schools, I asked to give modern facilities to the children by adopting in these schools some kind of inside toilets: chemical or others. I regret to report now that the conditions are still bad, and that the outside privies are causing a nuisance. I hope to receive a letter from the Department stating the date when I can make a visit of control. Surely, this situation cannot always be tolerated.

Yours truly,

J. Louis Faille, D.H.P.

*He should

P.S. A copy of this letter is sent to Mr. R. A. HOEY, Spt. of Welfare and Training, Ottawa.

Dear Sir:

The Department is in receipt of a letter from Dr. Jean-Louis Faille, D.H.P., regarding the conditions of the toilets at the Oka Village and Oka Country Schools.

He suggests the installation of chemical toilets. The Department has no funds available for this purpose at the present time.

It is our desire, however, that the outside toilets at these schools should be kept in a cleanly condition and you should inspect these toilets at the earliest possible date and make certain that they are properly looked after.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

OKA RESERVE

The school in the village was visited. The school teacher reported that many of the children were away with colds, and that the school was very cold. As a result, attendance had been very poor. Apparently, the floor in the school needs repairing. The sills have rotted away and the floors have sunk, leaving cracks through which cold air blows, and it makes it impossible to keep the building warm with a stove, unless some repair work is done. Cod liver oil is being sent to the school.

The other school was not visited as the roads were impassible.

Dear Sir:

When forwarding a requisition for supplies for the Oka Village School the teacher writes as follows:

"Kitchen door needs to be rehinged (strap); platform in rear house really dangerously rotten; girls' porch floor sagging badly. (Important)"

On the occasion of your next visit to Oka it would be appreciated if you would go to the Village School and let me know the approximate cost of the repairs that are required.

Yours truly,

Dear Sir:

With reference to requisition dated the 16th instant you may purchase for use at the Oka Village Day School the following articles:

- 1 Axe
- 1 Tin fly poison & spray
- 1 Tin rat poison or trap

You may also purchase a pair of hinges and make the necessary repairs to the two doors which do not close properly.

I understand that Mr. Doucet discussed with you the necessity of placing a joyst under a certain portion of the building in order to prevent the floor from sinking. You may arrange to have the necessary work done and it is expected that you will keep the cost as low as possible.

Yours truly,

Dear Sir:-

re: Oka Village School.

I wish to refer to your letters dated October 17th and 22nd dealing with repairs needed at the above School and in this connection to advise that at my last visit at Oka I made a throughout inspection of the building.

May I say that since the visit of Mr. Doucet other joists gave away with the result that not only the floor of the girl's and boy's entrance are sagging badly but also the floor of the class and that of the teacher's quarters.

The side beams supporting the joists are all rotten, the main beam is broken in the middle and the rough floor has rotten. The joists are almost all rotten and the only support to the building are the posts which have been put from time to time to support the floors. The only thing left is the hard wood floor and it is feared for the safety of the pupils as the floor might give way at any time.

In view of the condition of this building I would strongly suggest that an official of the Branch be sent to Oka in order to make the necessary suggestions.

It is believed that the repairs needed will cost a few hundreds of dollars.

Yours very truly

Re: Oka Country Indian Day School,
Oka Indian Agency, Electoral
District of Laval-Two Mountains.

The Acting Indian Agent reports that the side beams supporting the joists are rotten and the main beam is broken in the middle. As a result the floor is sagging badly and the condition has become so aggravated that it is really dangerous.

I should appreciate it if you would let me know as soon as possible the name of a competent carpenter who could be secured to make the necessary repairs.

Dear Sir:-

Oka Village School.

You will find herewith an account of \$13.11 in favour of A. Chene, General Merchant, Oka, Que., for articles supplied for use at Village School. You will note that your letter of October 22nd, last, is quoted as authority.

In addition to the articles of the requisition I wish to say that it was found necessary to supply this school with a few lengths of stove pipe, window panes, a broom, a mop etc., and also with a bag of lime for disinfecting the outside toilets.

Yours very truly

Messrs:

As I have been assigned by the Indian Agent in Oka to make a complete inspection of the Indian School, in order to make the necessary repairs and a report of all the detailed expenses.

After a good examination of that school, to my best knowledge, I mention, lower, in detail, the necessary repairs:

They are as follows:

Sink to be repaired	15.00
One new water closet	100.00
Draining-well to be digged, pipe of 50 feet by 6 inches to be put in	100.00
One porch to be made completely new	17.00
2 straps-hinges and door repaired	4.00
To repair floor of the woodshed	3.00
New door and white-wash boys' toilet also repair and white-wash girls' toilet	25.00

As for the floor, it is completely out of order it has to be renewed all over, it requires new lumber.

Price including works and materials amounts.. 524.00

Total \$788.00

Dear Sir:-

re: repairs at Oka Vill., School.

Your telegram dated the 17th, instant, and reading as follows, has been received:-

" Employ Mr. Boileau carpenter Oka make necessary repairs Oka Country School Department will depend on teacher and yourself to keep cost as low as possible"

In connection with this matter I may say that Mr. Boileau was interviewed this morning while I was at Oka and we visited the School together- incidentally your telegram was referring to the Country School but it is doubtless an error as previous correspondence was about the Village School-. Due to the extent of the repairs to be made and to the fact that the School will have to be closed it is suggested that more than one carpenter be employed. Mr. Boileau states that it is not possible for a man to work alone on this repair job and it is suggested that one or two other carpenters be employed.

As this work will be made by the day I would appreciate being advised where the necessary materials such as lumber, nails, tar paper etc., will be purchased. Also to be given the name or names of other men who should be employed and also let me know if the Department will attend to all repairs mentioned in the estimates remitted to Mr. Phelan at his last visit here.

Mr. Boileau informs me that his price per hour is of \$0.81 which he says is the regular price paid in the region and also on Defence projects.

I was also informed by the teacher that every winter the school and the residence ^{are} without water. This is stated to be due to the fact that the pipe connecting the building with the main pipe in the street is only 3½ feet underground instead of being 5 feet.

Kindly send me your instructions at your earliest convenience. If deemed necessary or advisable the visit of Mr. Thibeault, Inspector, would be appreciated in order to complete arrangements for the above.

DEPUTY MINISTER

Re: Oka Country Indian Day School,
Oka Indian Agency, Electoral
District of Laval-Two Mountains.

As Mr. Phelan informed Mr. Pratt by telephone, Indian Agent Brisebois has just forwarded tender received from R. Dancause offering to make all necessary repairs at the above-mentioned school at a total cost of \$788.00.

Mr. Brisebois considers Mr. Dancause fully capable of handling this work and that the price quoted by him is reasonable.

From reports received it is evident that this building must be repaired immediately and consequently Indian Agent Brisebois is being authorized to have Mr. Dancause proceed at once.

Dear Sir:-

re: Oka Agency

I have your letter of the 26th ultimo dealing with the repairs to be made at the Oka Village School and in reply to let you know that the work was started immediately and is proceeding satisfactorily.

In that connection I wish to advise that at my last visit at Oka, Mr. Wilkinson, teacher, requested me to communicate with you in order to ask that a bath and a wash basin be installed at the same time as the toilet. It was pointed out that while the men are to install the toilet it would not necessitate a much more considerable expense. The teacher claims that at the present time he has to use the kitchen wash basin which is inconvenient.

Mr. Wilkinson also suggested that a water tap and a basin be installed in the classroom for the use of the children. Presently the children have to go into the private quarters of the teacher in order to wash or get drinking water.

It would be appreciated if a reply could be sent at your earliest convenience, while the men are still at work.

Dear Mr. Hoey:

Three weeks ago tomorrow Mr. Brisebois showed me your wire to go ahead with repairs on our School building. I was to supervise with him ^{in person} to keep, as your message said, "The costs low." Repairs started last Saturday week, November 29th, 1941.

Tile pipe has been laid ^{c. 30 ft.} and cemented. The cement job was done after my insisting the sand would block the whole system if the joints were not covered over. I did, however, suggest iron pipes, with couplings, but the Contractor said it was more expensive and he could not lose money. He is a nice chap.

The 30 ft. of tile pipe laid was put down from 6' to 1' below the surface. As the length of pipes ^{in question} was still uncovered I suggested that ^{as} Mr. Brisebois

was in town they should leave the lower end (of shallower depth) uncovered till he had inspected it. In my humble judgment backed up by others of whom I sought information on such matters 1 ft. of depth was only courting disaster; that since the frost goes 3' into the ground such pipes ought to go down 4' anyway.

Furthermore, I added, during the observance of Arbor Day in our schools throughout the Dominion a pickaxe would very likely accomplish what the frost in your judgment apparently would not do. For good measure, in my admittedly poor French, I said to the workmen: The next trachea here may be a married man and want every foot of soil to cultivate for vegetables to raise his family. He brings in now a horse & plow. What is the answer now but possibly splintered pipes? because such a plow will likely go down more than a foot.

The pipes were covered up before M. Brinbois had arrived. He assured me, on my recital to him of these

necessary precautions, that the work was "guaranteed", & if it did not work right they would have to do the job right later on. But now is the time I told him.

Perhaps Mr. Brisbois has already told you of my repeated efforts to have the water pipe put down deeper. It freezes every year because it is only down 3 ft. The Contractor's argument was that the fact the tracher could draw out the pipe showed that the pipes under the street, or rather the pipe from the street was not frozen. I rejoined, it would have frozen but the tracher had got busy at the other end and did not give it a chance to freeze up the entire length. He had no reply to that.

May I again repeat what Mr. Brisbois knows that in case of freezing up not only is the sewage system useless but at once a fire hazard is created. And that place would go up in smoke in a few minutes. It were criminal negligence to let this go and I know you will see it as I do.

Furthermore, the water-pipe from the street should go down 5' anyway and should be boxed in saw dust from the ground to the floor of the house. I would like your authorization regarding this when the present work contract is finished. I would suggest that the Indians should be given this work, as is the ^{rule is the} paint work on the school, which the present ^(French) workmen have discussed with M. Brisebois for next spring.

I hope I may be permitted to add one thing more regarding our fuel needs. Every wood-shed in the Village I pass seems pretty well stocked up for the winter. Why has ours been kept so low in wood? The janitor asks for dry wood & gets Green. Two weeks ago there was no kindling for the morning ^{session}. I gave my own personal cheque for a cord of dry wood (\$2.50). That is not good enough. In my kitchen I have a 20-year old brick-lined Quebec heater that simply will not warm a pot of tea unless filled up with combustibles, and is patched up like a boiler with adhesive tape. This is another fire hazard because of a crack in it.

Dear Sir:-

re: Oka Village School repairs.

I have your letter of the 11th instant enclosing a communication sent to Ottawa by Mr. Wilkinson, teacher, in which he complained against the work being presently done at the School where he is teaching.

You will note that the Contractor had submitted an estimate of eight different items for a total of \$788.00. The work has been done satisfactorily and is now terminated with the exception of a bath and water basin in the teacher's residence also a water tap and basin in the classroom which are now being installed.

Relative to the complaint about the tile pipe laid from the cesspool to ~~the~~ the back of the school yard I may say that the teacher had insisted with the contractor that iron pipe be used instead of tile. As you know tile is always used for such purpose and the price of this work was based on tile not on iron pipe. As to its depth into the ground it runs from three feet to one and one half foot. It was not possible to put it deeper owing to the ground level of the yard and also of the surrounding properties. The contractor assures that this work is fully guaranteed and that if this cesspool does not function well it will be made anew free of charge to the Department.

As to the possibility of a teacher planting vegetables at the School, it is not to my knowledge that schoolyards are used as such, but as playgrounds.

Mr. Wilkinson apparently caused trouble to the contractor in asking him to do additional work than that contracted for. For instance he wanted the pipe (water) from the main pipe in the

street.

to the building to be lowered from its present depth, which he claims is three and one half feet, to five feet. The distance from the main pipe to the school is of about 60 feet and this work was not contracted for. He also wanted the bath and wash basin as ~~the~~ well as the water in the class room installed immediately, that is before it was authorized.

The contractor had been informed not to incur any additional expenses nor do other work in addition to his contract before getting the proper authorization.

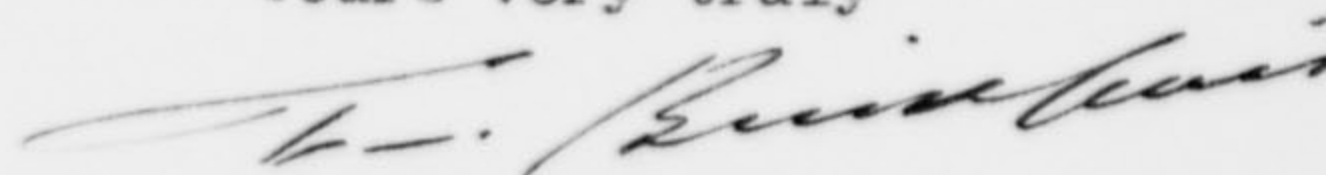

As to showers for the pupils I may say that this might be quite well in a residential school for the teacher should realize that his is a day school and that ^{most} mostly all his suggestions have been approved he ought to be satisfied. The present outside toilets have completely been repaired and are in good condition. At all events due to the present conditions this cannot be recommended.

May I say that the recent attitude of the teacher is not well understood. He left Oka on Saturday, last, and left no key for the contractor and apparently none, or gave orders, to the janitor not to give the key to any one with the result that the work could not be terminated on Saturday as the men could not get into the building. On my trip to Oka on Monday, last, the 15th, I called for the key and the janitor stated not to have any, that the teacher had left with same and was still away.

I had to use one of my keys to gain entrance to the building and gave instructions for the work to be proceeded with. It is not well understood why the teacher went away and took such an attitude. The water might have frozen thus causing damages and at the same time it delayed the completion of the work for two days. When I left Oka on Tuesday evening the teacher had not yet returned.

Mr. Wilkinson's letter is herewith enclosed.

Yours very truly

Dear Sir:-

I have your letter of the 18th instant in which you enclosed the original of a communication from Mr. Wilkinson, teacher, at the Oka Village School.

In reply I wish to inform that at my last trip to that Reserve, the teacher could not be interviewed as he was away from Oka.

I am keeping the letter transmitted you until my next trip to this Reserve when it will be returned together with another report.

Yours very truly

Dear Mr. Hoey:

Two am. today I wired you as follows:

Regret inform you suspended Oka School repairs December 13 most serious reasons. Contractor with assistant trucked away Dec. 6, without permission, hard wood flooring in excellent condition. December 11 gave Contractor strict orders to bring back wood taken away and take nothing in future. Same occasion, Dec. 11, I revealed to him work in cellar unsatisfactory because four rotten beams left in place thus proving sooner or later detrimental to stability of building. December 12 both individuals repeated same kind offence

even unlocking our wood shed for little remainder from repair job. Agent Brisebois had promised us the wood from repairs. Community watching developments. Letter follows. Suggest Federal Police and Engineers look over ground. (Sgd.) George Williamson.

At 3 p.m. today I wired you again as follows:

Re Oka School repairs. Message number two. Immediate recovery wood from Contractor etc. absolutely essential name law and order as well as Manual Training needs fuel requirements as per Agent Brisebois promise re wood. Moreover, chronic wood shortages constitute threat to this little school, menace teacher pupils health, imperil good relations between sufferers and responsible parties, besides inviting public enquiry to throw spot light on nigger in wood-pile. Collecting clothing Montreal for pupils sold \$20. worth Xmas wreaths. Seeking develop Oka initiative in spirit Govt policy (Sgd.) George Williamson.

Now to elaborate a little on the situation created by ^{this} thieving.

The Town is asking, what shall be done to these men (the Contractor is the policeman ^{here}!)? Indians go to jail for Theft, why not these Frenchmen?

The Indians suffered all manner of persecution last century. They ask, Is our School likewise to suffer in 1941? —

Personally I think an attempt might be made by certain elements here to create an "incident." I tell you and all those handling our affairs that if ^{the necessary} precautions are ^{if there is trouble} not taken, I will have no stone unturned to bring to justice the nigger in the wood-pile, long in hiding. Only a firm hand can meet successfully this situation which at present is a village blacksmith, on Saturdays playing the role of Justice, now turned Government Contractor. As an individual he is not a bad egg and is easily frightened, as I did when I talked to him in my kitchen last Thursday about his rotten work and Theft. I had

gone on all fours the night before to inspect their work in the cellar. At first he had the nerve to contradict but when I mentioned no 3 beam from the hatch as rotten from the wall to the mid-section of the building he gave up the ghost, and promised to do it for nothing extra. They were then laying the top flooring of hard wood.

I persisted with him: "Why are you not using the hard wood your men took up instead of all new hard wood?" It was "splintered" he said. I denied it. "There was a great deal that could have been used," I added.

"Where is this hard wood gone? Have you taken it?" "Yes," he admitted. "And your men the other?" "Yes." "Mr. Brinkley's promised me that wood to have it sawn up....."

He offered several "alibis" at this time: The wood taken was his "profit"; that it was "out in the rain"; that the "boys would have taken it"; and when I replied to all this nonsense and ordered him

to return it at once saying that if he dared to steal wood from his own Catholic school he would soon have to bring it back he retorted he would put it up for "public auction". "Who owns this wood, you or the school?" no reply.

Later on he had the nerve to threaten me with being discharged "if I believed all the Indians said." I am not anti-Truch, anti-Catholic, mark you; but I know my rights, and will stand up for them against any or all. That's that.

When I cautioned, in my miserable Truch, his assistant boss to take nothing more he mumbled in Truch and turned away showing his deep resentment at being caught red-handed. That was on a Thursday, Dec. 11th.

I instructed Ben our janitor to pick up all the old wood lying about the yard as our ^{dry} wood was about out, and put it in the woodshed. The following day, Friday, Dec. 12, on my return from the pines where some half-dozen young Indians were learning the

art of wreath-making from an old Indian woman, our school janitor informed me that during my absence the Contractor & assistant had taken away all the new wood (hard wood etc) left over from the job & had even unlocked our wood shed and stolen what he had piled there the day before. I had given him orders to stop anybody going away with any more wood. He confessed he could not "trust himself" to go out and confront the thieves. He is an Iroquois, a Returned Man. I need add nothing more as to what might have happened.

I thereupon ordered the doors to be kept locked; to inform them, if they came back next day, Saturday, Dec. 13, I had gone out of town and was waiting for instructions from Ottawa before permitting them to continue with the job.

You will also recall, Sir, that these men did not obey instructions from me not to cover up those sewage pipes until Mr. Brischois could see them. The trouble is

they think they can get away with it.
If I may make a suggestion:
A letter from you to the Contractor pointing out our disappointment at not getting what Brinsbois had promised, that opening up our shed, taking out our wood puts him under Criminal law (as a lawyer told me yesterday), and that the Dept. even if it permits him finishing the job, has it in its power to deduct for the value of the hard wood at least, which could have been used again; and that he is not stealing from the teacher but the Public Treasury and is guilty of contempt of law (since I represented the Ottawa Govt.) would undoubtedly have a salutary effect. Also, to see this man, or men, bringing some of the stuff back would also have a most salutary effect on the nerves of the Community.
An R.C. M.P. official for a good sound talking to would have ever-lasting beneficial effects on him and his kind about here. He is a weakling. Make the most of it.

Dear Sir:-

I beg to acknowledge the receipt of your letter of the 18th ultimo enclosing a communication from Mr. Wilkinson, teacher at the Oka Village School which contained serious accusations and complaints against the contractor doing the work at the above School.

In reply I wish to inform you that after having investigated it has been found that the statements made by the teacher were erroneous. The contract was conducted according to the price submitted and not one iota was neglected, on the contrary the contractor made several other minor repairs in order to please the teacher, without any charge.

Mr. Wilkinson was interviewed and could not substantiate any of his statements but merely stated that he wrote you because I was only going to the Reserve once a week and stated that his letters only contained informations which he thought in order (he did not know that his letters had been forwarded back to me). He also stated to be quite pleased with the improvements authorized and the work done.

The teacher was apparently under the influence of the janitor of that School, Adam Montour, who used to be a recognised drunkard and had once been arrested by the contractor, who is also the Village Constable. The letter is herewith returned.

Dear Sir:-

I have your letter of the 15th of January, last, returning the accounts for the installation of a bathroom in the residence of the teacher at the Oka Village School in which you request explanation regarding the labor charged.

In reply I wish to let you know that after having interviewed the contractor I was informed that this bathroom which was installed on the second story of the residence required more work than on an ordinary job. It is stated that the mostly all the water pipes in the cellar had to be replaced owing to the fact that it was badly rusted and that if this had not been done early trouble would have been encountered as the pipes were leaking at several places, which accounted for the fact that the water was freezing every winter for the past few years. The work in the cellar, it was stated, was difficult as it is very low.

The bathroom was installed in a closet adjoining the teacher's room upstairs. There was no window in it and one had to be opened as well as a ventilator and a new floor made. The electricity also had to be installed and a linoleum put on the floor.

x and paid

All the above was supplied by the contractor who charged it in labor instead of having separate accounts sent. The accounts also cover the water tap in the class room.

I have your letter of the 6th instant with reference to the installation of a bathroom in the residence of the teacher at the Oka Village School. I note that Mr. Dancausse's account covers both material supplied and labour performed. In view of this I regret that the account cannot be accepted in the manner in which it has been prepared. As payment is requested in favour of Mr. Dancausse, it will be necessary to prepare a new voucher showing the cost of the material supplied and to the voucher should be attached receipts from the firm from whom the materials were obtained. The second item on the account should show the exact number of hours that labour was performed, also the exact dates on which the men worked.

ENCLOSURES.

Caughnawaga, Que.,
March 26, 1942.

Dear Sir:-

I have your letter of the 12 instant dealing with the installation of a bathroom etc., in the teacher's residence at the Oka Indian Village School and in reply I beg to enclose herewith a voucher showing the number of hours and the dates when the labour was performed.

Also enclosed are receipts for a conglomerate rug and repairs made to the electric system enclosing the installation of a switch in the bathroom.

Yours very truly

(Frs. Brisebois)

Avis à nos clients

Extraits de l'Ordonnance no. 77 de la
Régie des Services Publics en date du
24 novembre, 1943.

Service Domiciliaire.—Lorsque le compteur est lu mensuellement, tous les services sont donnés sans paiement pour la période finissant à la date indiquée à la facture.

Lorsque le compteur est lu tous les deux mois, tous les services sont facturés sur la base de la moitié du taux mentionné, pour la période finissant à la date indiquée à la facture.

Service Général, de Force Motrice et d'Eclairage des Rues, —jusqu'à 250 C.V.—Lorsque le compteur est lu mensuellement, tous les services sont facturés sur la base de la moitié du taux mentionné, pour la période finissant à la date indiquée à la facture.

Lorsque le compteur est lu tous les deux mois, tous les services sont facturés sur la base des trois-quarts du taux mentionné, pour la période finissant à la date indiquée à la facture. Ceci équivaut à une facture rendue à moitié prix, pour un mois.

Notice to our customers

Extracts from the Public Service
Board Order No. 77
dated November the 24th, 1943.

Domestic Service.—Where meters are read monthly, all services are given without charge, for the period ending as shown on the bill.

Where meters are read bi-monthly, all services are billed on the basis of one-half of the rate applicable, for the period ending as shown on the bill.

General, Power and Street Lighting Service, —up to 250 H.P.—Where meters are read monthly, all services are billed on the basis of one-half of the rate applicable, for the period ending as shown on the bill.

Where meters are read bi-monthly, all services are billed on the basis of three-quarters of the rate applicable, for the period ending as shown on the bill. This is equivalent to one-half month without charge.

July 25, 1944.

Mr. F. Brisebois, Indian Agent, Caughnawaga, Que.

I have your letter of the 12th instant, regarding the report from Doctor Leonard Milot regarding the Oka Schools. As you know, we have already authorized the painting of the Oka Country School. If you consider it necessary to paint the interior of the Oka Village School, you should let me have an estimate of the cost.

It is not our intention to install, at the present time, the type of toilets recommended by the Medical Officer. However, you should make certain that the toilets at present in use are clean and re kept in that condition throughout the academic year.

If it is possible to change the seating arrangement in the school in order to have the light from the left side, you should do so.

If any repairs are required to the walls at the schools the Department approves your arranging for the necessary work.

R.A. Hoey,
Supt. of Welfare & Training.

Philip Phelan Esq., Chief, Training Division, Indian Affairs Branch,
Ottawa, Ont.

I wish to transmit you herewith voucher no. 883, in the amount of \$86.40 for labour in the painting of the classroom of the Oka Village School.

On receipt of your letter of the 25th of July, last, estimates were asked for the cost of the above work. Two estimates were received from Painting Contractors; one was for \$200.00 the other for \$183.40. This was thought too high and the prices declined.

In the middle of August, Mr. Paul Jacobs offered to take this job by the hour and to do it for approximately \$85.00, material excluded. This price was accepted and the work completed for the beginning of September or in time for the opening of the School.

Three coats of paint were put on, one coat of flat and two coats of gloss paint. The ceiling was painted white and the walls in a light green color. The floor was also washed, cleaned and oiled.

The above work was necessary as the classroom was too dark. It is finished with B.C. Fir and the walls and ceiling had not been touched since the school was built. The windows are on the north side and there is never any sun in that class. The bright colors applied have brightened the building considerably.

(Frs. Brisebois)
Indian Agent.

Re;- Votes Nos. 76691 & 76693

You will note that \$350.00 has been stated
in the estimates 1946-47 towards the painting of the
Oka Village School.

Your records will show the last time this
School was painted.

At present this building is badly in need
of paint and it is believed that three coats of paint
will be needed to make a fair job.

Please give this item your consideration.

Mr. F. Brisebois, Indian Agent,
Caughnawaga, Que.

I have your letter of the 28th ultimo, in which you state you are including an item of \$350.00 in the estimates for 1946-47 for the painting of the Oka Village School. Your recommendation in this regard will receive every possible consideration when the estimates are being prepared.

October 5, 1945.

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

I have your letter of the 2nd instant in which, among other matters discussed, you state that the Estimates for 1946-47 for the Oka Agency have not been received at the Branch.

In this connection I may say that these have been sent together with those of Caughnawaga. The estimates for both Reserves were mailed in the same envelope together with letters of comments also concerning the painting of the Schools for Oka and Caughnawaga. A reply relative to the painting of the Oka Village School has already been received signed by Mr. Phelan-file 20-2-5 dated October 3rd, 1945, in which my communication of the 28th ultimo, sent with the estimates, is quoted.

If the estimates for Oka have not been received or mislead please advise me when a copy of same will be forwarded you. In that event kindly send me the necessary forms.

Re:- Oka Indian Village School.

I wish to bring to your attention the matter of
the water supply at the above School.

The pipe connecting the Municipal main in the
street, from the School building, is only located at a
depth of three feet in the ground. Every year this system
freezes which causes considerable inconvenience to the
teachers who have to get their water supply from neighbors
for their own use and that of the pupils.

May I suggest that the pipe in question be lowered
to a depth of 5½ or 6 feet and covered with boards in order to
remedy to the situation.

At my last visit at Oka, Mr. Henri Carriere, Plumber,
submitted a price for the whole work. Said price to be between
\$50.00 and \$60.00 at the most. This would comprise the digging,
connecting of pipe and also its change of location in the cellar
as it runs too near the foundation.

I would recommend that this work be undertaken at
present before the frost sets in.

The Indian Affairs Branch, Dept., of Mines and Resources,
Ottawa, Ont.

I wish to bring to your attention the bad condition of the Oka Indian Vill., School as far the paint is concerned.

The exterior of that School has not been painted for over 12 years and at the present time there is practically no paint left. What remain of the paint should all be scraped off and three coats of paint required in order to make a fair job.

This school which is located in the center of the Village was built about 20 years ago and I am informed was only painted once since its construction.

Will you kindly let me know if the Branch would approve of its painting after tenders for the job have been asked.

May I point out that the exterior has never been decorated since the school was built and is also in urgent need of paint.

The teachers of the two Indian Schools at Oka
have requested me to ask the Branch to authorize an
expenditure of \$10.00 for each School to purchase candy
etc., for their pupils for Christmas.

They claim that although the United Church is
helping them on such occasions the help received is not
sufficient for all their pupils and other little boys
and girls attending their concert.

Reference your letter of November 7th.

Due to the large number of requests that have been received in the past for such grants, the Department has ceased to make any such contributions towards Christmas parties.

It is felt that with the Department paying the entire cost of Indian Education, the Indian parents should be willing to contribute something towards these presents. It is suggested that this money could be raised from social events, concerts, etc., as is done in other day schools.

Re:- Oka Village U.C. Indian Day School.

At my last visit at Oka, the teacher at the above School, requested me to communicate with you in order to apply for the purchase of a new ice-box.

The one presently in use is old, leaking at three different places and too small for a family of four.

This ice-box was repaired two years ago but is now falling to pieces. Please give this request your kind consideration.

A metal ice-box of the Thermo type, 7 c. feet, would be priced at about \$75.00.

Re:- Oka Indian Village Day School.

I would kindly ask you to advise if provision has been made in the present fiscal year towards the painting of the above School, which as you know is badly in need of same.

As you are aware we are starting to repairs indian dwellings at that Agency and we insist that they paint and clean their houses.

It occurred to me that the painting of that School would, no doubt, created among the Indians of Oka an incentive to imitate the us.

Mr. F. Brisebois, Superintendent, Indian Agency,
Caughnawaga, P.Q.

I have your letter of the 21st
instant, with reference to painting the Oka
Village Day School.

I presume that you refer to the
exterior painting of this building. Please
obtain a quotation.

If it is your idea that Indian labour
should be employed, we feel that it would be
preferable to forward us a requisition for the
paint and we would purchase same and you could
obtain a quotation for the labour.

As soon as a reply is received the
matter will receive further consideration.

Philip Phelan,
Chief, Education Division.

ENCL.

Caughnawaga, Quebec,
July 2, 1948.

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

This will acknowledge the receipt of your letter of the 25th ultimo dealing with the painting of the outside of the Oka Indian Day School and in reply to say that according to your instructions a price was obtained for the labour and a requisition for the quantity of paint is herewith enclosed. The four walls of the School are covering an area of 4600 square feet. The roof 2000 square feet.

As paint is practically non-existent two coats will be required on the sides and the roof of this building. The sides have to be scraped with steel brushes and the knots in the clapboard touched up with shellac.

Two indian^s who are experienced painters would be available, Paul and Rodolphe Jacobs, and it is estimated that the labour for this work which will include the painting of the shed and the two outside toilets will amount approximately between \$350.00 and \$375.00. The above named painters would work by the hour and have requested to be paid regularly every week, if they are hired. In order to do so I would ask you to encumber an amount of \$350.00 so that we can accede to their request, which is reasonable.

In view of the condition of the School the price quoted for labour is quite fair. The quantity of paint is also correct. May I ask you to do your best to have the paint shipped as soon as possible so that this work is started in the course of this month.

Att.Mr.Neary.

Caughnawaga, Que.,
September 2, 1948.

The Indian Affairs Branch, Dept., of Mines and Resources, Ottawa, Ont.

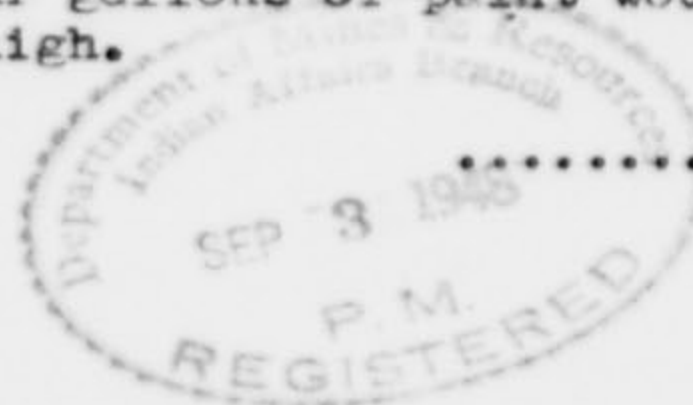

Referring to your letter of the 7th of July, last, in which you authorized the painting of the Oka Indian Village School, I wish to inform that the outside painting of that School has been terminated. A first class job was made by the two indian painters. Photos of this School will be sent you in the near future.

In connection with the above work I have to advise that twelve gallons of paint have been left over, and in this regard I would suggest that this be exchanged with the merchant who supplied same for interior paint and that the painting of the four rooms and the toilet room of the residence be undertaken.

The interior is of B.C.Fir finish and has never been varnished nor painted since the construction of the School, about twenty two years ago. It is very dark and almost impossible to keep clean. Electricity has to be used all day except for two or three hours of the day.

The painters are estimating that the twelve gallons of paint would be sufficient for the three coats of paint required on the walls and ceiling of this residence. The cost for the labour for the three coats to be of \$200.00.

In addition the boys and the girls entrance to the School which are of 15 x 12, B.C.Fir finish, could be undertaken at a price of \$40.00 for two coats. Four gallons of paint would be required. These entrances are 12 feet high.

As you are aware the classroom of this School, which was also of B.C.Fir finish, was painted a few years ago and is actually in fair condition.

If authorization for the painting of the residence and that of the entrances is given, we will have a building in first class condition and we will be a few years without having to spend any money on its upkeep.

I would kindly ask you to take the foregoing into consideration as it is considered to be necessary improvements.

In view of the information contained in your letter of the 2nd instant, the Department will allow an amount of \$200. for labour for painting the interior of the teacher's residence at the Oka Village School. We also approve an expenditure of \$40.00 for labour for painting the entrances to the school.

You may also purchase four gallons of paint that is required. It is noted that you have twelve gallons of paint on hand. You may exchange this for interior paint.

Mr. F. Brisebois, Supt. of Indian Agency,
Caughnawaga, P.Q.,

The Treasury Branch informs us
that an advance of \$350. was forwarded to
you for painting the Oka Village School
and that it has not yet been accounted for.
although your Cash Book entries show an
expenditure of \$235.20.

We are anxious to have all advances
accounted for as soon as possible and we would
appreciate receiving a Credit Voucher from you
for the amount that you have expended from the
\$350. advance.

When painting the exterior of the Oka Indian Village School, in the course of last summer, the bell of that School which had not been used for several years, was taken down and stored in the shed on the School property.

This bell would be available for transfer. It is in first class condition. Its weight being over 250 pounds.

Please advise if it would be of use elsewhere.

We have your letter of the
12th instant, with reference to the bell that
is not required at the Oka Village School.

At the present time, we are not
aware of any other school where such a heavy
bell is required. If there is any possibility
of selling it you might let us know for what
amount it could be sold and also the name and
address of the person to whom the sale could be
made. We will then be in a position to submit
the matter to the Salvage Office for approval
before completing the actual sale.

Re:- Oka Indian Village School.

Mrs. M. B. Stensrud, Teacher at the Oka Indian Vill., Day School, has requested me to communicate with you in order to inquire as to the possibility of being supplied with a piano for use at her School.

She states that it is needed towards the musical education of the children, for concerts etc.,

A new instrument is not applied for, but it might be possible to secure a reconditioned one from reliable Firms such as Lindsay (C.W.) Co., Montreal, at a reasonable price.

Will you be kind enough to take this request into consideration.

We have your letter of the 11th instant with reference to the request of the teacher of the Oka Village Indian Day School for a piano.

It is not our general practice to provide a piano to day schools. One reason in particular is that while the present teacher may be able to play the piano, it might be some time before we would have another teacher at the same school who could play it.

Caughnawaga, Que.,
September 1, 1949.

The Indian Affairs Branch, Dept., of Mines and Resources,
Ottawa, Ont.

This will refer to yours of June 7th, last,
dealing with the report submitted by the teacher of the
Oka Village School for the last fiscal year, in which
she made complaints.

The teacher's desk is in fair condition, and
a new one is not needed at present.

The school building and teacherage which were
reported cold in winter, have recently been insulated by
the Canadian Johns Manville Co., and should be comforta-
ble.

The bad odors coming from the cesspool were
due to the fact that there was no air vent.

An air vent has been installed and there is
no cause for complaint, now. As the top of the kitchen
pantry was all rusted and in bad condition, same was re-
placed at the same time the air vent was installed.

Herewith enclosed is the account for this
work.

J'ai visité cette école le cinq

29 élèves, contre 49, l'année dernière, avec
une assistance en moyenne de 22.

Cette diminution dans le

soit, n'est que qu'à des circonstances
incontrôlables, qui vont de elles-mêmes
avec la vie des Indiens, qui ont besoin
de leurs enfants pour la chasse. — &
aussi à des maladies épidémiques qui

Miss Spence being of English and

qualified by her education to teach

Roberval, 5th October, 1897.

The Deputy Minister
of Indian Affairs.

Sir,-

I sent to Mr. Marcotte, Indian Agent, the quarterly school report for the last quarter of the school year for the school on the Pointe Bleue Reserve. I have given in my resignation as teacher. It has been accepted and a young woman has been appointed in my place.

I conducted the school for ten years assisted by my daughter. I have always done my best and I have never received any reproach from the Department.

As there is no well on the school-house grounds, I was obliged to pay from two to three dollars a year for the supply of water for the school. The school was always swept by my assistant, and I had it washed several times at my own expense. Therefore, Sir, in consideration of my ten years' service I shall be very much obliged to you if you will give me one quarter's salary as a benefit.

My certificate was sent to the Department ten years ago. In it I am called Alice Descormiers and this diploma was granted at Three Rivers in 1861, I think. Be kind enough to send it to me.

I remain, etc.,

Widow Eugene Roy.

HER
I have received your letter of the 8th ultimo, referring to your resignation as teacher of the Pointe Bleue Indian school, and in reply I may say that while the Department appreciates highly the efficient service rendered by you during the ten years you have had charge of this school, it regrets very much that it does not see its way to create a precedent by granting you a gratuity on leaving its service.

Your Certificate is returned herewith as requested.

Sir:-

I beg to inform you that Miss Bessie Spence, Teacher of the Indian School at Pointe Bleue, sent in her resignation, which has been accepted. A new teacher is, therefore, required for this School. Three applications have been received for this position, one from Susan Henry Spence, formerly Miss Paradis, accompanied by a certificate from the Catholic School Board of the Province of Quebec; one from Miss Angeline Roy, who acted as assistant to her mother who formerly taught this School, and one from Miss Alice Thivierge.

The Department would like to have your opinion as to which of these three applicants you consider best fitted for the position of teacher of this School, as the School should be opened with as little delay as possible.

To the Secretary Dept. of Indian Affairs
Ottawa.

Sir, I am in receipt of yours of the 2nd inst. informing me of Miss B. Spencer's resignation and of three applications. I also have three applications from other persons desiring the position.

I thought of inquiring from Mr. Savard School Inspector, which of these he would suggest as the most fitted for the position. He is acquainted with all these teachers & I think his opinion would help me very much in securing the right party. Write him by this mail.

Vacations at this school have commenced Sept 1st, shall I let the ordinary two months vacation run out, or shall I open school as soon as the new teacher has been engaged. I understand the teacher is to hold school 214 days during the year, by observing school Sept 1st her time would be up when all the Indians are on the reserve, unless you decide to give one month's holidays at Christmas.

What shall I do regarding the opening of school.

Sir,-

I still have not received news from you this morning. I believe that the new postmaster at Roberval has forgotten that I am in the village, and that he has addressed the letter to Peribonka, so I forward you my application and ask you for your support. I shall be much obliged to you.

I think of renting the farm that I occupy to a Frenchman, and I would go by the first winter road, perhaps before, to retake the place that I have already occupied. If it be not too late, forward my application immediately to Ottawa.

I remain, etc.

Sir,

J'ai appris ces jours derniers que Mlle Marie Eliz. Girard qui avait remplacé Mme O. P. Duprene comme institutrice à l'école de la Pointe - Bleue, et qui m'avait promis de reprendre sa classe en septembre, s'était mariée dans le courant des vacances, et que, par conséquent, elle ne ferait plus l'école. Lorsqu'elle est partie le 1^{er} juillet dernier, ses retours n'étaient pas complets, de sorte qu'avant de demander son salaire, j'en ai exigé le complément.

J'ai actuellement en mains quatre applications d'institutrices pour la prochaine année scolaire. Une venant de Madame Verne Roy, de Péribonka, une autre de sa fille Angelina Roy, une autre d'une demoiselle Laetitia Gagnon, de Roberval, et enfin, une quatrième de la part de madame Joseph Cleary, de la Réserve de la Pointe - Bleue. Sur les quatre applicantes, il n'y en a que deux qui ont des diplômes, Madame Verne Roy et madame Joseph Cleary. Madame Roy est certainement une institutrice d'expérience. Son intention, si elle obtient l'école, serait de venir l'habiter avec une de ses filles; ce à quoi je crois devoir m'objecter pour les raisons suivantes: la maison d'école est trop exigüe pour offrir l'hospitalité à deux personnes, et ensuite, je crois que cela nécessiterait un surcroît dans le coût du chauffage, sans compter un danger constant pour le feu. côté, Madame Joseph Cleary, par son mariage, fait partie de la bande. Elle demeure tout près de la maison d'école. Elle est pourvue d'un diplôme et elle a déjà fait l'école pendant plusieurs années chez les blancs. Elle s'engagerait à allumer le poêle de l'école qu'une demi-heure avant la classe et à ne quitter la bâtisse qu'après que le feu fut absolument éteint. Sous les circonstances, je recommanderais son engagement de préférence aux autres. J'ai écrit à ce sujet à M. l'Inspecteur des Ecoles du comté et je crois qu'il n'y apportera aucune objection. Je crois aussi qu'il serait difficile, sans déplaire presque à la totalité de la bande, de mettre de côté l'une des leurs, aussi capable que n'importe qui sous le rapport de l'enseignement. Madame Roy voudrait absolument obtenir la classe, mais sous les circonstances, vu qu'il y a application d'une femme indienne qualifiée, je crois devoir recommander cette dernière, et j'espère recevoir sous peu l'autorisation d'engager madame Joseph Cleary.

Sir,-

I learnt a few days ago that Miss Marie Eliz. Girard, who replaced Mrs. O.P. Dufresne as teacher at the Pointe Bleue school and who promised me to retake her class in Sept., was married during the holidays and that consequently she will not teach school any more. When she left on July 1, last, her returns were not complete, so that before asking for her salary I had to demand that they be completed.

I have now in my hands four applications from teachers for the next school year; one from Mrs. (Widow) Roy, of Peribonka, another from her daughter, Angelina Roy; another from Miss Laetitia Gagnon, of Roberval, and lastly a fourth from Mrs. Joseph Cleary, of the Pointe Bleue reserve. Of the four applicants only two have diplomas, Mrs. Roy and Mrs. Joseph Cleary. Mrs. Roy is certainly an experienced teacher. Her intention, if she should get the school, would be to live in it with one of her daughters; to which I believe I ought to object for the following reasons: the school-house is too small to accommodate two persons, and then I believe that that would necessitate extra cost in heating, without taking into account the constant danger of fire.

On the other hand Mrs. Joseph Cleary by her marriage became a member of the band. She resides very near the

school-house. She holds a diploma and she has already taught school several years among white people. She would undertake to light the fire in the school-house half an hour before school opens and not to leave the building until the fire would be quite out. Under the circumstances I should recommend her appointment in preference to the other. I have written on this subject to the school inspector for the county, and I believe that he will have no objection to her appointment. I believe, also, that it would be difficult, without displeasing almost the whole band, to set aside one of themselves, as capable as any person in the matter of teaching. Mrs. Roy would like very much to obtain the school, but under the circumstances, as there is an application from a qualified Indian woman, I believe it my duty to recommend the latter, and I hope to receive, shortly, authority to engage Mrs. Joseph Cleary.

Sir,

L'ouverture des classes à l'école de la Pointe-Bleue aura lieu demain, le 13 septembre, et conformément à votre lettre j'ai reçu les services de madame Joseph Cleary, de la Réserve de la Pointe-Bleue, comme institutrice, en remplacement de mademoiselle Girard.

Vous me dites dans votre lettre d'engager madame Joseph Cleary au prix de trois cents piastres (\$300.00) par année. Or, lorsque madame Cleary a fait application pour faire cette classe, je lui ai dit que le salaire de l'institutrice était de cent cinquante piastres (\$150.00) par année, tel que payé aux autres institutrices de la Pointe-Bleue antérieurement. Il a été convenu entre elle et moi qu'elle recevrait ce salaire de \$150.00 par année et elle en a été parfaitement satisfaite. D'ailleurs, ce salaire est encore le plus élevé accordé aux institutrices dans le district de Chicoutimi. Les institutrices reçoivent généralement de \$100.00 à \$125.00 par année; quelques-unes obtiennent \$150.00, mais elles sont extrêmement rares.

Madame Cleary commence la classe demain, avec l'impression qu'elle recevra un salaire de \$150.00 par année dont elle semble parfaitement satisfaite. Je ne lui ai pas dit encore que votre Département avait augmenté le salaire de l'institutrice à \$300.00. Si c'est le désir du Département de lui payer ce montant, je l'avertirai avec plaisir de la chose aussitôt votre réponse reçue.

Sir,-

The opening of the school at Pointe Bleue will take place to-morrow, Sept. 13, and in compliance with your letter I have engaged the services of Mrs. Joseph Cleary of the Pointe Bleue reserve as teacher to replace Miss Girard.

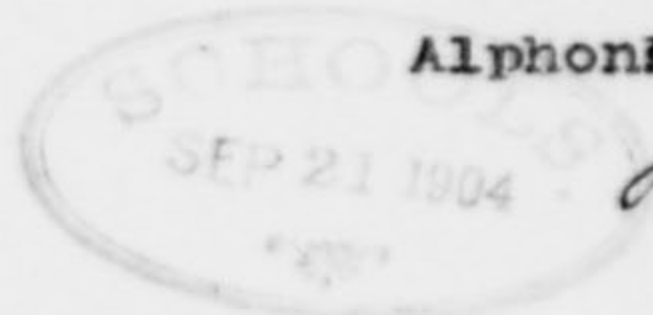

You tell me in your letter to engage Mrs. Joseph Cleary at the rate of \$300 per annum. Now, when Mrs. Cleary applied for the school, I told her that the salary of the teacher was \$150 per annum, as was paid to the other teachers at Pointe Bleue previously. It was agreed between her and myself that she should receive this salary of \$150, and she was perfectly satisfied with it. Besides, this salary is still the highest paid to teachers in the district of Chicoutimi. Teachers receive as a rule from \$100 to \$125 per annum; some get \$150, but they are very few.

Mrs. Cleary begins the school to-morrow under the impression that she is to receive a salary of \$150, with which she seems perfectly satisfied. I have not yet told her that your Dept. has increased the salary to \$300. If it is the desire of the Dept. to pay her this amount, I shall advise her with pleasure, as soon as I receive your reply.

Department of Indian Affairs,
OTTAWA, 31st July, 1905

The Deputy Superintendent General:-

With regard to Mrs Clary's letter hereunder in which she says she has received no pay as teacher of the Pointe Bleue for the whole of the year ended 30th June last, I beg to say that the reason she was not paid was because returns had not been received. The Agent was, however, written to in April last, calling his attention to this fact, but he has paid no heed to this letter. I think it a hardship for Mrs Cleary to be kept out of her money for so long, and as we know from Inspector Savard's report that the school was in operation in March last, I think the Department would be quite justified in paying her for two quarters now, the balance to be sent on the receipt of returns.

As to the informations you ask me to furnish you with, really gives me a chill; as my husband being dead was the only witness of all that I will narrate in this letter. However I will proceed with the truth.

1st I had made to Mr. A. Tessier acting Agent a verbal application for the position as teacher of this school in presence of my husband. Upon this he said I could depend upon his moral support. I understood at the time that the salary was \$150.00 yearly.

2nd About the beginning of October last Mr. Tessier asked for me to call at his office having to announce me, very interesting news.

3rd That he at last had succeeded in getting from the Department 40 cords of wood and as the school teacher's husband very likely was not overburdened with work would cut these 40 cords of wood but as to avoid superfluous accounts for the Department the school teachers

 as to the delay in getting my

 for information he finished
 by stating that he thought
 that it must have been because
 he wrote in French and that
 he had forgotten that the
 Department as a rule don't
 answer French letters.

The Deputy Superintendent General:-

Mr Agent Marcoux of Pointe Bleue has neglected to reply to letters and telegrams sent him. On the 3rd April last he was written to in connection with the Pointe Bleue school and no reply has been received. On the 31st July last he was wired to send in quarterly returns from this school, to which message he paid no attention. A telegram was also sent from the Accountant's Branch on the 10th July last, directing him to forward Cash Book returns for May and June at once and explain delay. He has paid no heed to this telegram and the returns have not yet reached the Department. They are needed to complete the year's transactions. Mr Marcoux has apparently delegated his work to a Mr Tessier, who is said to be his son-in-law, but neither of them is attending to the duties of the office. Mr Tessier's dealings with Mrs Cleary, the teacher, require explanation as he has apparently been trying to get the better of her in money matters.

***** condition of affairs in the
Agency of the Point Bleue Indian Reserve.

x x x x x

With reference to complaints of Mrs.
Joseph Cleary (The Less) contained on file number
152684-1 I beg to say that for the following reasons they
appear to be well grounded. Mrs. Cleary entered upon her
duties as School teacher on the 13th of September, 1904.
It was decided to pay her at the rate of \$300.00 per annum,
and the Agent was so informed on the 8th of September.
On the 12th of September he wrote that she agreed to serve
for \$150.00. On the 21st of the same month he was in-
structed that she was to receive \$300.00, but this informa-
tion was not imparted to her by Mr. Tessier, who it is to
be remembered was negotiating with Mrs. Cleary. She re-
mained in ignorance of the fact as she says, until the fol-
lowing August when she received the Department's letters
of the 31st in answer to her complaints. Mrs. Cleary says
that she was engaged by Mr. Tessier at \$250.00 per year,
upon the understanding that her husband would supply 40
cords of wood to Mr. Tessier, at the rate of \$1.25 per cord.
She says that 33 cords were supplied, and value in driving
Mr. Tessier, his wife and family was rendered up to the
amount of \$50.00. This was all undue profit made by Mr.
Tessier. He admits having received 28 cords of wood, and

a good deal of driving from Joseph Cleary, and upon being spoken to agrees that he was wrong in doing so, though he says he did not think so at the time. He is willing to pay the \$50.00, and I think a demand should be made upon the agent for this sum, leaving him to settle with Mr. Tessier as best he may. When this sum is received it should be transmitted to Mrs. Cleary. The only excuse Mr. Tessier offers, is that he did not think that the Dept. would ever pay \$300.00, and if it had not done so he would have paid for the wood and driving. He feels that his justification was "that he took the risk" of having to pay for the wood himself in case the Department did not pay Mrs. Cleary sufficient to cover the amount, he stipulated to pay her plus the price of the wood and driving. Mrs. Cleary (the less) states further that she paid on account of the school for

She has not receipts for these amounts, and I suppose they could not now be got. On asking Mr. Tessier why the school had not been supplied in the regular manner, he said, "perhaps he tried to save."

Sir,-

I have to inform you that Mrs. Cleary, teacher of the Pointe Bleue school, has established to the Department's satisfaction the fact that her late husband delivered thirty-three cords of wood, valued at \$1.25 per cord, to Mr. Tessier, your son-in-law, amounting to \$41.25, in addition to which Mr. Tessier and his wife and family had the use of the Cleary horse and conveyance to the amount of \$8.75, making \$50.00 in all.

Mr. Tessier admits the justice of this claim, and the Department wishes it paid at once by you, as Mr. Tessier was representing you in this transaction.

The Secretary,
Dept. of I. A.

Sir,

I have heard it said by several persons living here that Mr Poirier had told them that he wished to deprive me of my position. I do not know what reasons and motives may influence Mr Poirier to act in such a manner. As it follows up the visit that Mr Macrae paid here last month & I have good ground for thinking so.

I was engaged by Mr Poirier at the rate of \$250.00 per annum plus \$50.00 on condition that my husband should cut 40 cords of wood for the Agent. Last May I had the misfortune to lose my husband. Finding myself alone to bring up four children, and after several times presenting my claim to Mr Poirier, who told me that he had written, that it would be better to wait, that a reply would come &c., as I was in great need, I wrote to you direct - that was in July. I received a favourable reply and the news that

my salary was \$300.00 without any
conditions. Mr Macrae on the
occasion of his visit here sent for
me and asked me for particulars
about my engagement. Not
understanding English, I ~~spoke to~~^{told}
him through interpreters, among
them Mrs. Tessier, the whole truth
of the matter, - that is to say, all
that I have explained to you above.

If Mr Tessier offended with what
I said? I fear so, and I am afraid
he will not carry out his word.

Excuse me, sir, for taking this
action, I do not desire at all to
make a defence, not being at fault;
I am only thinking that I have four
children and that it will be serious
for me to lose my position owing
to an incident that I did not stir up.

If Mr Tessier has any ground for
complaining of my work or of my conduct,
I shall be ~~glad if you will~~^{glad to give you} ~~glad to give you~~^{glad to give you} information at
Pointe Neve from the Rev. Oblate

Your humble servant,
Monsieur Joseph Cleary,

Ottawa, February 23, 1906.

Macrae
The Deputy Superintendent General:-

Mrs. Cleary, teacher of the Pointe Bleue Indian school writes the Department stating that she has been informed by several persons that Mr. Tessier had told them that he is going to have her dismissed. Mr. Tessier evidently bears a spite against Mrs. Cleary on account of the investigation lately held by Mr. Inspector Macrae into his dealings with her. The poor woman seems to be much exercised over the report and is anxious to retain her position, as she has been left a widow with a family to support.

I think the Department would be quite justified in easing her mind by telling her that it has no desire to dispense with her services at present. My reason for making this recommendation is based on Mr. Inspector Savard's report on this school, of January 9, last, from which I make the following quotations:-

"This school, for the second year under the charge of Mrs. Cleary, nee Felixine Riversin, has made astonishing progress since my last visit; for many years discipline had never been so well maintained; the pupils continue to like their teacher, and out of 50 pupils 33 attend regularly."

"Mrs. Cleary gives a good careful education: I hope she may continue for several years as teacher of this school, which renders such great service to these poor Indians; besides, the present teacher has this year obtained the most satisfactory results, and the Govt. can never, I believe, entrust this school to a teacher more devoted, who has the esteem, not only of the children but of the parents as well."

I agree with the passage I have marked
in Mr. Benson's report of Feb. 23rd., re Mrs. Cleary, but think
that a much better teacher can be got for the money, and
that weight should be given to the words at present.

Mrs. Cleary cannot speak any English.

Sir,-

I have received a letter of application, which I inclose, from a young lady who has her diploma from a model school, (a model diploma) taken with great distinction.

She can also furnish a certificate of good conduct. In order not to lose any time in the class work I allowed her to take the class over with the condition that she was to submit to your decision in the matter; as there was no other application I thought this the best course to follow.

Yours &c.

Inclus vous trouverez des lettres de recommandation certifiant de la bonne conduite de Mlle Berthe Potvin, de la part de M. le Curé de Notre Dame du Lac St-Jean, du chapelain du couvent des Ursulines et de madame la Supérieure du même couvent à Roberval où Mlle Potvin a reçu son instruction et son éducation. Comme vous le constatarez, ces certificats parlent par eux-mêmes.

Sous pli séparé je vous adresse aussi son diplôme d'école modèle qu'elle a obtenu avec distinction. Ce sont certainement là les meilleurs diplômes et certificats qu'une institutrice faisant application pour l'école de la Pointe-Blanc ait pu produire. En outre Mlle Potvin a la capacité voulue pour donner un bon cours élémentaire en anglais, ce que nous n'avons encore jamais eu à la Pointe-Blanc. Après cela je ne puis faire autrement que de joindre ma propre recommandation à celles qui lui sont déjà données pour que votre Département lui accorde cette école et j'espère que vous l'engagerez définitivement. Mlle Potvin désireait que vous lui retourniez son diplôme aussitôt que cela sera possible.

Sir,-

Inclose you will find letters of recommendation and certificate of good conduct in the case of Miss Bertha Potvin, these come from the Rev. parish Priest of Notre Dame of Lac St. Jean and from the Priest at the convent des Ursulines also from the Sister Superior of the same convent, no doubt these certificates will speak for themselves

Under separate cover I send her Normal school diploma which she took with high honors. These are without a doubt the best certificates that have been presented by any teacher at this school; moreover Miss Potvin has the necessary instruction in English to give an elementary course in that tongue; and this is something that we never had in this school before.

In face of the above certificates I will join my own recommendation and hope that your Dept. will decide to give the school to her charge definitively. Miss Potvin asks that you will be kind enough to return her diploma as soon as you are through with it.

The Secretary, Dept. of Indian Affairs.

See
Act

Sir,-

As you must have learned through the Agent, I gave up teaching the Indians at Pointe Bleue on Oct. 27, last, for the sole reason that I married a man belonging to the white race; consequently I was not able to continue my class and finish my year, which was very hard upon me, for I should have liked very much to continue in your service. I shall be very grateful to you, Mr. Secretary, if I may be paid my salary for the month of Oct. and also for the forty cords of wood that my deceased husband, the late Joseph Cleary, supplied to the Agent. In the month of Jan. last, on the occasion of the visit of Mr. Macrae, I was given good hope: Mr. Macrae promised me that he would send me this money as soon as possible through the Agent and I have not learned anything since. Do not be astonished if I claim it for the first time, for I am absolutely in need of it: my late husband left me four children with nothing, and you will understand these little orphans are in need of this money to provide for their wants. All the same, I know that it is not your fault that my husband was deceived by your Agent, Mr. Tessier, for you did not give any order to cut this wood; but I ask you, Mr. Secretary, in whom ought the poor Indians to confide if not the Agent whom you have commissioned to administer to them. If the Agent selected by you is not a man to be trusted, is that the fault of the poor Indians? I think not. So, if you please, pay me this money, and I shall be very thankful to you.

Ottawa, December 5, 1906.

The Deputy Superintendent General--

Mrs. Cleary, who was teacher at the Pointe Bleue school, has remarried and resigned, and she asks the Department to obtain a settlement for her for the 40 cords of wood cut by her late husband for Mr. Tessier, son-in-law of the Agent at Pointe Bleue; while acting for his father-in-law Mr. Tessier took advantage of his position to get this wood, and it has not yet been paid for.

Mr. Macrae in his report on this transaction says that Tessier admits his indebtedness and is willing to pay \$50. He has not paid this money as yet, and it is a question whether the Agent should not be called on to pay it, leaving him to settle with Mr. Tessier.

The matter has been standing for nearly two years, and it is time something was done to bring about a final settlement.

Request Agent forward to Dept the amount of \$50.00 withheld by Tessier from the salary of Mrs. Cleary. Her husband would be supplied with wood for the value of \$41.25 and the use of horse for the value of \$8.75. The total is \$50.00. If the amount is not received from Tessier without delay, the amount is made good.

Ottawa 11th December, 1906.

Sir,

I have to direct your attention to official letter of the 10th April in which you were informed that your son-in-law, Mr Tessier, acting on your behalf, took advantage of his position in 1904 to give the school teacher, Mrs Cleary, to understand that her salary was \$250.00 a year, (not \$300.00, the amount which the Department had agreed to pay) and that her engagement as teacher was dependent upon her husband, the late Mr Cleary, furnishing Mr Tessier with 40 cords of wood, at \$1.25 per cord. It appears that 33 cords of wood were supplied under this arrangement, and value in driving Mr Tessier, his wife and family was rendered up to the amount of \$50.00.

As pointed out to you in the letter above quoted Mr Tessier admitted to the Inspector Macrae the truth ~~the~~ facts as set forth in the claim which has been made by Mrs Cleary, now Mrs Cybinus Tremblay.

Owing to your position as Indian Agent the Department holds you responsible in this matter. I have therefore to request that you will be good enough to at once forward to the Department the sum of \$50.00 in settlement of this claim. Should you fail to comply with this request the Department will, I regret to say, be obliged to withhold the amount from your salary.

 Department of Indian Affairs,

Dear Sir,

My Indians here recently have a female teacher who gets \$200.00 a year. She has been appointed when I was away, and I am told, without the missionary being consulted in the matter. Had he had a word to say, we might now have two or three for the same price. Now, we need two schools, the present one being too far away for some children to attend class there. These children number about twelve, and their parents have always shown themselves earnest about education. The plan is, therefore, to have a teacher among them, in a school house which we could get ready in a day, and with a salary of \$100.00 deducted from the exorbitant one of our present unique teacher. The other part of the plan is to have a third teacher who would get the remaining \$50.00 deducted from the first one's salary, and whose task would be teaching the children in Indian during the months of July and August, time of the Indians' stay here and of vacation for the children who are taught our language. — In making these suggestions I am afraid I may disturb the arrangement made by the Govt's Agent, whom I look upon as a friend. This is one reason why I wish to deal directly with your Dept. after having got the Indians' opinion on the matter. Please give a moment's notice to this.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 24th ult., asking that two new schools be established at Pointe Bleue, and in reply I beg to say that the Department considers that the present school is sufficient for the needs of the Indians, as it understands that none of them lives at any great distance from the school.

To the Secretary

Dept. of Indian Affairs, Ottawa, Ont.

Dear Sir, I am acknowledging the receipt of your letter of the 5th ult. They to be allowed to insist on my previous application for the two schools referred to. For the Indian Dept. seems to entertain an inaccurate idea of the needs of my Indians in connection with that question. At least half of the population of this Reserve are away in the bush for nine or even ten months of the year, i.e. from September until June. So the present school year is not for their children. Moreover, there are the families referred to in my previous letter, as being in need of another school in their vicinity: David Philpsee, Henry Conly, Joseph Boutenoin, Onésime Lepton, Etienne Lannier, Joseph Paul, David Boutenoin and Emile Paul; their aggregate children ready for school are at least twelve, and the first mentioned of them ^{which is also the nearest one,} is at least two miles from the present school house. I cannot make up my mind to cast a blame on the Indian Agent for keeping these facts out of the Department's notice, but at the same time I wonder why it is the Department has not been hitherto better informed of the state of things here. Now, they to be allowed to ask what reason you would have to refuse the schools referred to.

Do you require the Indians to sign a petition? They cannot write intelligibly enough. Do you want them to make a motion thereon in their council meeting? It is pretty hard for them to speak of that in presence of an official who secured a good job for his niece and who naturally would not favor such a move. So the only way for them how to apply for the additional schools is through the Missionary or some one of their friends. If the thing be needed, I will have the Indians sworn in, so as to testify they stand by me in sending the present petition. Please believe me, dear Sir,

Mr. Macrae,-

The Roman Catholic Missionary at Pointe Bleue has again written to the Department, complaining that a number of the Indian children receive no benefit from the Indian school there. Some of them are away constantly with their parents, hunting and trapping, while others live too far from the school to attend.

As you have visited this reserve frequently, I should like to have a report from you on the priest's letter.

Report for Mr. Pedley : -

Pointe Bleue and day schools -

There are 54 habitations on this reserve, at least three-fourths of which belong to Indians, who, as Father Lemoine says, are absent for 10 months in the year. The families with school children that are fairly regular residents on the reserve number ten or twelve and are those known as "the halfbreeds".

These are all sufficiently served by the existing school, which they are and have been attending. The distance travelled to reach it is no hardship for the twelve children for whom another school is asked reside at distances ranging from about three-quarters of a mile to two miles from the existing one and the road is a good one, well travelled.

Were a school established at the N. E. corner of the reserve to serve the few children there, who are within the distance, stated from the present school, and who have already much better facilities than many children in our back settlements, the only way to keep up an attendance that would justify its maintenance would be to permit the attendance of the children of French settlers along the St. Prime road. These could be got in considerable numbers within a distance of three-fourths to two miles from the N. E. corner and for them a school there would prove to be a great convenience.

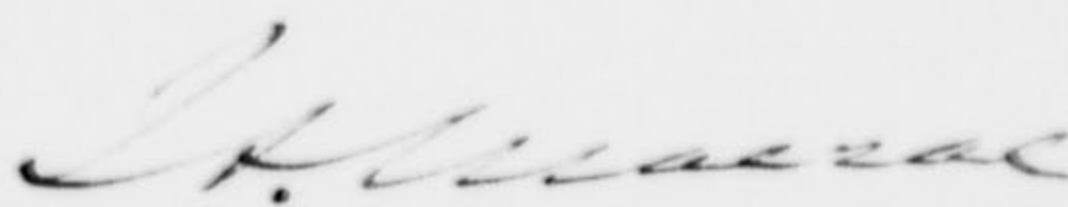

No qualified teacher could be got, of course, for any such sum as the Reverend Father indicates.

As to educating the children of resident Indians, therefore, I am of the opinion that the present

= 2 =

present school furnishes means enough.

As to educating those of the non-resident or hunting Indians, who only come in to the reserve for six weeks or two months annually, I am of opinion that to attempt to do so would be useless unless by means of a boarding school, and, favourable as I am and have always been to the education of Indian children, it seems to me that for some generations hunting and trapping will afford the best means of support to these Indians and that the best training for their children is in those pursuits.

The distance that any of the children resident on the reserve would have to walk to ^{the} school now in existence from the locality where you suggest another school should be established would be from about three-quarters of a mile to two miles and only a few would have the latter distance to go, and there is a well travelled road for their use.

This being the case, the Department cannot accede to your request.

Ensuite vous faites erreur en disant que cette distance est parcourue sur un well traveled road for their use. Il est tout simplement cruel de condamner de jeunes enfants à parcourir ce chemin deux fois par jour en automne et en hiver. Quant au nombre d'enfants qui auraient à faire ce trajet et qui ne peuvent actuellement se rendre à l'école du village, il s'élève à une douzaine au moins, répartis dans les familles de David Philippe, Henry Condy, Joseph et David Couturier, Etienne et Albert Lannier, Emile et Joseph Paul.

Nous voulons bien croire que, une fois ces faits connus, vous nous accorderiez ce à quoi nous avons droit, d'autant plus que nous ne demandons autre chose qu'une partie du salaire accordé à l'unique maîtresse de l'école actuelle, et d'autant plus que les membres de notre tribu ne s'opposent aucunement à notre demande. To the Supt. of the Dept. of Indian Affairs,
Ottawa, Ont.

Honourable Sir,-

It was with surprise and regret that we learned of the reply that you gave in a letter of Nov. 23 to the request of our missionary in regard to a new school among us. You tell him for the second time that the single school in the village is enough and that very few children are two miles away from this school. Please pardon us, but we owe it to truth and justice as well as the interest of our cause to correct the ideas of the Dept. stated above.

We, the undersigned, all reside two miles and more from the school: no matter what resident of Pointe Bleue or of Roberval may be able to say to you, and we do not know who has informed you so badly up to the present time. Then you make a mistake in saying that this distance is covered by "a well travelled road for their use". It is simply cruel to compel young children to walk this road twice a day in fall and winter. As for the number of children that have to make this journey and who cannot at present attend the village school, it amounts to a dozen at least, in the families of David Philippe, Henry Conly, Joseph and David Coutenoir, Etienne and Albert Launier, Emile and Joseph Paul.

We are quite ready to believe that, once these facts are known, you will grant us what we are entitled to, the more so as we are asking for nothing else than part of the salary granted to the single teacher

of the present school, and the more so as the members of our band are not at all opposed to our request. But be sure that we should consider a new refusal on your part as an act of injustice, especially if it is based on the reasons that you alleged in your last reply.

It is true that we are not sending this petition through the ordinary channel; but nevertheless we are ready to accept the intermediation of our missionaries or other persons well informed about Pointe Bleue and Roberval, who will be able to give you the information that you desire on the subject of this petition.

Please accept the assurance of our respect and devotion.

There is nothing in the new correspondence to alter my opinion expressed in memorandum of the 20th ultimo.

The idea of getting two or three efficient teachers for \$300.00; a reference to the reserve map, and consideration of the remark that it is "simply cruel" to ~~compel~~ ^{compel} Indian children to travel such a distance to school as is travelled daily by hundreds of white children in country parts seem to afford quite sufficient proof that the Department when it accepted my advice was right.

SIR :

Dès l'automne dernier, un sauvage du nom de David Philippe, accompagné du Révérend Père Lemoine, O.M.P., de cette réserve, sont venus à mon bureau pour me demander de faire des démarches auprès de votre Département, dans le but d'obtenir une seconde école sur la Réserve, pour les enfants habitant la partie nord-ouest. Je me suis quelque peu attiré les disgrâces du Père Lemoine, en refusant carrément et absolument de m'en occuper, car je trouvais réellement le projet insensé, et je les ai avertis que je ne pouvais, pour aucune considération, recommander la chose. Depuis, j'ai appris, non pas officiellement, mais d'une source assez autorisée, qu'on avait passé outre et qu'on s'était adressé directement au Département et à M. le député Girard pour obtenir cette école. Si tel est vraiment le cas, je dois vous dire que, pour ma part, je n'en vois aucunement la nécessité. Il n'y a que sept familles à l'endroit où l'on voulait placer cette maison d'école, et encore il n'y a des enfants que dans trois de ces familles. De plus, pour ces enfants, la distance n'est pas plus longue pour venir à l'école que presque partout ailleurs chez les blancs. Tous les sauvages résidant en cet endroit ont cheval et voiture, de sorte que, s'ils ont réellement à cœur l'instruction de leurs enfants, rien n'est plus facile pour eux, comme cela se pratique chez les blancs, de les conduire à l'école en voiture dans les mauvais temps. Dans mon rapport annuel, que je vous ai adressé ces jours derniers, je dis entre autres choses, sous le titre "Education", ce qui suit: "La maison d'école est située au centre même de la réserve, à cinq arps."

Pointe Bleue, April 2, 1908.

Sir,-

Last fall an Indian named David Philippe, accompanied by the Rev. Father Lemoine, O.M.I., of this reserve, came to my office to ask me to take steps with your Department with the object of obtaining a second school on the reserve for the children residing on the northwest part. I got myself somewhat into the bad graces of Father Lemoine by refusing squarely and absolutely to take up the matter, because I considered the subject really senseless, and I informed them that I could not for any consideration recommend the thing. Since then I have learned, not officially, but from a fairly authentic source, that they have gone beyond and have applied directly to the Department and to Mr. Girard, the Member, to obtain this school. If such is really the case, I beg to say that for my part I do not see any necessity at all. There are only seven families at the place where they wish this school to be established, and in addition to that, there are children in only three of those families. Moreover, for these children the distance to go to school is no greater than is the case almost everywhere else with white people. All the Indians residing at this place have a horse and carriage, so that if they really have the education of their children at heart, nothing is easier for them, as is done by the white people, than to take the children to school in the carriage in bad weather. In my annual report, which I sent you a few days ago, I say among other things, under the heading "Education" as follows: "The school-house is situated in the centre of the reserve, about 5 arpents from the church. By its position and its dimensions this school is amply sufficient to satisfy the

needs of the school population of this reserve, without its being necessary to think of establishing another school for several years." And I inserted those lines there on purpose in order to give you the advantage of referring to that part of my report ~~that~~ those who should ask you for a second school. I certainly should not think that they had gone so far already in this matter. In any event, I believe it to be my duty to tell you now what I think of this project. If the Department should consider that it has plausible reasons from him for acting otherwise, I shall comply in advance with its decision, which I shall respect.

The interest that you have not ceased to take in me induces me respectfully to take the liberty of applying to you under somewhat difficult circumstances. I therefore beg to ask you, confident of your kindness, to give me the class on the reserve for this year. There are many reasons that compel me to ask this favour of you. As you see, I am on the spot and one of the nation, and teaching the school is the only means I have of making a living. I am an orphan and I am in great need of earning a living. If you will be so good as to give me this class to teach, I shall be forever grateful to you.

I have a good elementary diploma. I have made inquiries, and I have been told to apply to you, and I confidently hope to succeed. I dare therefore to trust to your usual kindness and to believe that you will be kind enough to grant me this favour.

Monsieur,

Ci-joint vous trouverez le rapport trimestriel de l'institutrice de l'école de Pointe Bleue accompagné de son compte. Ci-inclus aussi la résignation de Mlle Berthe Potvin comme institutrice, dont la démission devra prendre effet le premier septembre prochain. Mlle Potvin doit se marier à l'automne et c'est là la raison de sa résignation.

Les sauvages ayant appris la résignation de l'institutrice sont venus en grand nombre me demander le 27 juin dernier de vouloir écrire à votre Département afin de demander l'engagement d'une religieuse pour la remplacer. Ils en ont aussi parlé à Mr l'Inspecteur des écoles qui a trouvé l'idée excellente. Pour ma part, je crois réellement que c'est ce qu'il y avait de mieux à faire. Une religieuse donnant l'enseignement ici imposera plus de respect à toute la bande, et je sais que l'assistance à l'école sera plus considérable, car si nous avons une religieuse comme institutrice des charrems qui passent l'hiver dans les bois prendront les moyens de laisser leurs enfants ici pour leur faire suivre les cours de l'école. Une religieuse pourra enseigner aux enfants une foule de choses qu'une jeune institutrice laïque ne se donnera pas la peine de faire, telles que la couture, le chant, la maigre. Elle pourra même réunir de temps à autres les jeunes filles de la réserve qui ne vont plus à l'école, organiser avec elles de petites soirées dramatiques, etc. Je considère qu'à

tous les points de vue une religieuse aidera considérablement par son travail à relever l'éducation parmi la tribu. Pour toutes ces considérations, je recommanderai donc fortement l'engagement d'une religieuse comme institutrice à Pointe Stene, si votre Département n'y voit aucune objection.

Presque toutes les écoles dans le district, dans les villages surtout, sont sous la direction de religieuses appartenant à l'ordre des Dames du Bon Conseil, de Chicoutimi, et toutes semblent donner la plus entière satisfaction aux intéressés sous tous les rapports.

Si le Département m'y autorise, je pourrai voir immédiatement à l'engagement d'une de ces religieuses, institutrice diplômée, au même prix payé actuellement à Mlle Pothier.

Ce serait le vœu unanime de toute la bande de voir l'institutrice démissionnaire remplacé par une de ces religieuses.

The Secretary,
Dept. of I.A.,
Ottawa.

Sir,-

Herewith you will find the quarterly report of the teacher of the Pointe Bleue school accompanied by her account. I inclose also the resignation of Miss Berthe Potvin as teacher, the discharge to take effect from Sept. 1, next. Miss Potvin is to be married in the fall and that is the reason for her resignation.

The Indians, having learned of the resignation of the teacher, came in large numbers and asked me on June 27, last, to write to the Department and ask for the engagement of a nun to fill the place. They have also spoken of the matter to the school inspector, who thought the idea excellent. For my part I really believe that this would be the best thing to be done. A nun, teaching here, would receive more respect from all the band, and I know that the attendance at the school would be greater, because if we have a nun as teacher, the hunters who spend the winter in the woods would take the opportunity of leaving their children here in order that they might follow the course at the school. A nun could teach the children many things that a young lay teacher could hardly do, such as sewing, singing, and music. She could even gather together from time to time the young girls of the reserve who no longer go to school, organize with them little dramatic evenings, &c. I consider that from all points of view a nun would assist considerably by her work in raising education in the band. For all these considerations, I would strongly recommend the engagement of a nun as teacher at Pointe Bleue, if the Department has no objection.

Nearly all the schools in the district, especially in the villages, are in charge of nuns belonging to the order of the Ladies of Good Counsel, of Chicoutimi, and all appear to give thorough satisfaction in all respects to those interested.

If the Department authorized me, I could see immediately to the engagement of one of these nuns, a certificated teacher, for the same remuneration as that at present paid to Miss Potvin.

It would be the unanimous desire of the band too see the teacher that has resigned succeeded by one of these nuns.

I have to acknowledge the receipt of your letter of the 9th instant enclosing a copy of the resignation of Miss Potvin as teacher of the Pointe Bleue school.

In reply I beg to say that this resignation is accepted and you will be good enough to advise Miss Potvin accordingly.

Your recommendation that a nun be appointed as teacher of this school is approved by the Department upon one condition, that is that she be qualified as a teacher. The Department has, in several of its Roman Catholic Schools, teaching nuns who are giving excellent satisfaction and there is every reason to believe that such a person would be able to do satisfactory work at Pointe ~~xxx~~ Bleue, however, the qualifications must be insisted upon. This is a good school ~~xxx~~ where excellent results have been obtained in the past and it is the desire of the Department to maintain the standard of the school. Any applications received by you should be forwarded at once to the Department.

The Department has approved of your appointment through Mr. Tessier, as teacher of the Pointe Bleue School at a salary of \$300.00 per annum. In connection with the work in this school I may say that a great many school teachers of Indian Schools are now taking up some branch of domestic science and the Department would like you to give instructions to the girls of your school in sewing, knitting etc. In order to do this the necessary material in the way of cloth, yarn etc. will be provided by the Department. Be good enough to state whether you are prepared to take up this work and if so, submit a list of the articles which you think would be required, at the same time stating whether you can purchase them at Pointe Bleue and if so at what prices.

Sir,-

I take the liberty of writing to you on the subject of a matter you may perhaps find strange. At the time of the last pedagogical congress, which was held at Chicoutimi a month ago, there appeared in certain newspapers articles saying that the teachers were asked to go, their expenses being entirely paid.

I, therefore, attended this congress in the interest of the local (school) where I teach. The expenses incurred on this trip were as follows:-

Carriage to Peribonka.....	\$1.00

Carriage to Roberval.....	0.25.
Fares (train)	3.80

In reply to your request I beg to inform you that the Government pays only the expenses of board of the teachers who attend the pedagogical congress, not the expenses of travel. I regret, therefore to tell you that it is not in my power to grant you your request. To do this for you would be to open the door to a number of similar claims.

Your school-board, at the example of others, would do a generous act in paying the travelling expenses of its teachers to the congress, and I advise you to make this request of them, as these meetings are held in the interest of the children of the municipality more than that of the teachers of the schools.

Mrs le Secrétaire,
Dépt des Aff. des Sauvages,
Ottawa,

Monsieur,

Inclus le rapport de l'institutrice de l'école des sauvages de Pointe Bleue pour le quart finissant le 30 septembre dernier.

Aussi inclus la réquisition pour le salaire de l'institutrice, soit \$25.⁰⁰ pour Mère M. du Sacré-Cœur à partir du 1^{er} septembre dernier, pour où elle a pris charge de l'école, jusqu'au 1^{er} octobre courant. Aussi une réquisition pour la balance de salaire due à Melle Berthe Potvin, l'ancienne institutrice, qui nous a fait parvenir en juillet dernier sa résignation pour prendre effet le 1^{er} septembre 1910, afin de donner le temps suffisant pour lui trouver une remplaçante, soit \$50.⁰⁰ pour salaire de juillet et août.

L'école marche actuellement sur un excellent pied, il n'y a pas eu une seule absence dans le courant des mois de septembre et le nombre d'élèves est plus considérable que jamais. Mère M. du Sacré-Cœur, l'institutrice, se plaît à l'école, elle aime le caractère des enfants et espère réussir à donner un enseignement de première classe. En novembre prochain, elle commencera à donner des leçons de couture et de tricot aux jeunes filles.

Melle B. Potvin, l'ancienne institutrice, à qui les portraits du roi et de la reine, ainsi qu'un cours de calisthénie, avaient été adressés, vient de me les renvoyer avec les instructions de votre Département. Je verrai à ce que les portraits soient placés, encadrés d'écorce, dans l'école, et Mère M. du Sacré-Cœur se propose de commencer ses leçons de calisthénie dès la semaine prochaine.

Sir,-

I inclose the report of the teacher of the Indian school of Pointe Bleue for the quarter ended Sept. 30, last.

I also inclose requisition for the salary of the teacher, being \$25.00 for Mother M. du Sacre Coeur for the time she has taken charge of the school from Sept. 1 to Oct. 1. I also inclose requisition for the balance of salary due Miss Berthe Potvin, the former teacher, whom you asked to resign, her resignation to date from Sept. 1, 1910, in order to give sufficient time to find a successor, being \$50.00, salary for July and August.

The school is at present making excellent progress. There was not a pupil absent during the month of September, and the number of pupils is larger than ever. Mother M. du Sacre Coeur, the teacher, is pleased with the school, she likes the character of the children and hopes to give them a first class education. In November, next, she commences to give them lessons in sewing and knitting.

Miss B. Potvin, the former teacher, to whom the portraits of the King and Queen as well as a course in calisthenics were addressed, has returned them to me, according to the instructions of the Department. I will see that the portraits are placed, framed with bark, in the school, and Mother M. du Sacre Coeur intends to commence lessons in calisthenics next week.

Monsieur,

La rougeole sévit actuellement à l'état d'épidémie en la Rivière. La maladie est très-maligne. Une grande partie des enfants fréquentant l'école en sont atteints et le Docteur Constantin prévoit que tous les autres enfants subiront aussi cette maladie. Il m'a conseillé de fermer l'école des sauvages pour quelques jours et c'est ce que j'ai fait cette après-midi; d'ailleurs il n'y avait plus ce matin que sept ou huit enfants sur une cinquantaine, et l'institutrice me déclarait tantôt que parmi ceux qui étaient à l'école deux ou trois souffraient déjà de fièvre, ils étaient abattus, et il n'y a aucun doute que ceux-là étaient déjà atteints par la maladie. J'ai eu devoir me rendre à l'avis qui m'était donné par le médecin de fermer l'école pour quelques jours et j'ose espérer que cette manière d'agir sous les circonstances ne sera pas désapprouvée par votre Département.

Sir,

Measles is raging at present as an epidemic on the reserve. The disease is very malignant. Many of the children attending the school are suffering from it, and Dr. Constantin foresees that all the other children will also suffer from this disease. He has advised me to close the Indian school for some days, and that is what I have done this afternoon. Moreover, there were not more than seven or eight children out of about fifty at the school this morning, and the teacher told me that out of those who were attending the school, two or three were already suffering from fever, they were laid up and there was no doubt that they were already affected by the disease. I thought it my duty to follow the advice given me by the physician to close the school for some days, and I hope that this course may be approved by the Department.

Sir,-

In view of the rather considerable increase in the number of children at present attending the Pointe Bleue school, I believe that the engagement of a nun as assistant to the present teacher would be opportune. Indeed a single teacher, in spite of all her good wishes, is not able to teach all the branches of the course that she ought to give to such a large number of children. The average number of pupils attending the school is about 48.

An assistant teacher would be able to take charge of the instruction of the young pupils from six to eight years of age, while the other would undertake the education of the more advanced pupils, and would be able to devote to them a larger part of her time. This certainly would be to the advantage of all the pupils, who, I am sure, would make much greater progress than they are doing at present, owing to their too great number under the control of a single teacher.

Now, before writing this letter, I applied to the Superior of the nuns of Good Counsel, the community to which the present teacher belongs, in order to ascertain what they would charge for the services of such an assistant. She asks the same amount as is received by the present teacher, namely, \$300 a year. She certainly would not have asked more than \$150 a year if the Oblate Fathers had not intervened and asked her not to ask less than \$300, giving as a reason that the Government is rich and has the means to pay good salaries to its teachers. I consider that the

amount that she demands--\$300--is really too high. Besides this teacher would have much less to do than the principal: she would have much less knowledge to display, because ~~her~~ ^{it} ~~work~~ does not call for much brain work to teach the alphabet and mental arithmetic.

I remarked to the Superior that one could obtain the services of a young girl with a diploma to act as assistant teacher for much less than \$300. She replied that she would not consent to a lay woman acting as assistant to a teacher who is a nun, that that would be against the rules of her community. She insisted on \$300 because the Oblate Fathers of Pointe Bleue told her that she would get it. For my part, if the Department should come to the conclusion to engage an assistant teacher, I believe that a salary of more than \$150 ought not to be offered, as I am persuaded that this remuneration would be absolutely fair in consideration of the work to be accomplished.

On having the services of an assistant teacher, it would be necessary to divide the school into two separate classes, one for the small children under the charge of the assistant, and the other for the more advanced pupils under the control of the principal. In order to do this it would be necessary to make a wooden partition dividing the school in two. This partition ought to be made in panels that could be put up and removed at will so that when entertainments are given by the pupils, or in other circumstances, the interior of the school could be changed into a single large hall. After obtaining information on this subject, I believe that one could have made a movable partition with panels such as mentioned above for from \$25.00 to \$30.00.

In humbly submitting the whole for the consideration of the Department,

Monsieur,

Vue l'augmentation assez considérable du nombre d'enfants qui fréquentent actuellement l'école de Pointe Bleue, je crois que l'engagement d'une religieuse comme assistante à l'institutrice actuelle serait opportune. En effet, une institutrice seule, malgré toute sa bonne volonté, n'est pas capable d'enseigner toutes les branches du cours qu'elle doit donner, à un aussi grand nombre d'enfants. La moyenne des élèves fréquentant la classe est d'environ quarante-huit.

Une institutrice assistante pourrait se charger de l'instruction des jeunes élèves de 6 à 8 ans, tandis que l'autre se chargerait de l'éducation des élèves plus avancés, et pourrait leur consacrer une plus grande partie de son temps. Ça serait certainement à l'avantage de tous les enfants qui, j'en suis certain, feraient beaucoup plus de progrès qu'ils en font actuellement, vu leur trop grand nombre sous le contrôle d'une seule maîtresse.

Maintenant, avant d'écrire cette lettre, je me suis adressé à la Supérieure des Religieuses du Bon Conseil, communauté à laquelle appartient l'institutrice actuelle, afin de savoir quel prix l'on exigerait pour les services d'une telle assistante. Elle demande le même montant que reçoit l'institutrice actuelle, soit trois cents piastres par année. Elle n'aurait certainement pas demandé plus de \$150.⁰⁰ par année si les Pères Oblats n'étaient pas intervenus pour lui dire de ne pas demander moins de \$300.⁰⁰, en disant pour raison que le gouvernement étant riche il avait le moyen de payer de forts salaires à ses institutrices.

institutiennes. Je considère que le prix qu'elle exige - trois cents piastres - est réellement très élevé. D'ailleurs cette institutrice aura beaucoup moins à faire que la principale, elle aura beaucoup moins de sciences à dispenser, car cela ne demandera pas un travail d'esprit bien considérable pour enseigner l'alphabet et le calcul mental à de jeunes enfants.

J'ai fait remarquer à cette dame supérieure qu'on pourrait obtenir les services d'une jeune fille diplômée pour agir comme sous-maîtresse à beaucoup meilleur marché que \$300.00. Elle m'a répondu qu'elle ne consentait pas à ce qu'une laïque agisse comme assistante à une maîtresse religieuse, que c'était contre les règles de sa communauté. Elle tient à obtenir trois cents piastres parce que les Pères Oblats de Sainte Beuve lui ont dit qu'elle les avait. Pour ma part, si notre Département venait à la conclusion d'engager une sous-maîtresse, je crois qu'un salaire de plus de \$150.00 ne devrait pas être offert, étant persuadé que cette rémunération serait absolument justifiée en tenant compte de l'ouvrage à accomplir.

En recourant aux services d'une assistante-institutrice, il faudrait nécessairement aussi diviser l'école en deux classes séparées, dont une classe pour les petits sous la charge de l'assistante, et l'autre pour les élèves plus avancés sous le contrôle de la principale institutrice. Pour cela il s'agirait de faire une cloison en bois divisant l'école en deux. Cette cloison devrait être faite à panneaux pouvant se poser et s'enlever à volonté, de sorte que lorsque des places sont données par les élèves, ou pour d'autres circonstances, l'on pourrait transformer l'intérieur de l'école en une seule et grande salle. Après avoir pris des informations à ce sujet, je crois qu'on pourrait faire faire une cloison à panneaux démontables telle que mentionnée ci-dessus pour de \$25.00 à \$30.00 -

En soumettant humblement le tout à la considération de votre Département, j'ai l'honneur d'être,

Sir,

I have to acknowledge the receipt of your letter of the 7th instant in reference to the appointment of an assistant teacher at the Pointe Bleue School.

In reply I beg to say that, in view of the large average attendance, the Department is of opinion that an assistant should be engaged, her services to continue so long as the attendance keeps well up. In regard to the matter of salary the Department will be prepared to pay an assistant teaching nun at least \$250.00 per annum and you may take the necessary steps to have the name of an efficient sister submitted to the Department for consideration. Should you be successful in securing the services of a teacher you may take the necessary steps at once to have a partition erected in the class-room. Your suggestion that this partition be made in panels that can be taken down at any time to throw the whole room open is approved.

J'ai dûment reçu votre lettre du 24 novembre dernier, no 152684/2, au sujet de la nomination d'une assistante à l'institutrice de l'école des sauvages de Pointe Bleue.

J'ai fait les démarches nécessaires pour trouver une religieuse institutrice compétente pour remplir cette charge, et j'ai l'honneur de vous suggérer le nom de Sœur St. Raphaël, de la Communauté du Bon Conseil, de Châteaufort. La Supérieure Générale de cette institution me dit que cette Sœur St. Raphaël est munie d'un diplôme qui lui a été octroyé par le Bureau des Examinateurs de la Province de Québec, qu'elle a déjà fait la classe pendant plusieurs années en donnant toujours satisfaction à ceux qui l'employaient, et qu'elle peut enseigner l'anglais tout aussi bien que le français. Elle est prête à faire la classe ici à Pointe Bleue comme assistante à l'institutrice principale pour la somme de \$250.00 par année. J'espère que votre Département m'autorisera à engager définitivement cette religieuse pour agir comme sous-maitresse à l'école des sauvages. Comme le quartier de l'année scolaire tire à sa fin, je suppose que l'assistante ne devra entrer en fonction qu'avec le prochain quartier, c'est-à-dire au commencement de janvier prochain.

Un ouvrier prépare actuellement tout le bois nécessaire pour diviser l'école actuelle en deux au moyen d'une cloison faite en poutres démontables et le tout sera terminé, je suppose, à la fin de la semaine prochaine.

Sir,-

I duly received your letter of Nov. 24, last, No. 152684-2, on the subject of the appointment of an assistant to the teacher of the Indian school at Pointe Bleue.

I have taken the necessary steps to find a teaching nun competent to fill this position, and I have the honour to submit the name of Sister St. Raphael, of the Community of Good Counsel, of Chicoutimi. The Superior General of this institution tells me that Sister St. Raphael holds a diploma granted her by the Board of Examiners of the province of Quebec, that she has already taught school for several years, always giving satisfaction to those who employed her, and that she can teach English quite as well as French. She is ready to teach here at Pointe Bleue as assistant to the principal teacher for the sum of \$250 a year. I hope that the Department may authorize me to engage permanently this nun to act as assistant teacher at the Indian school. As this quarter of the school year is drawing to a close, I suppose that the assistant need not enter upon her duties until next quarter, that is to say, at the beginning of January, next.

A workman is at present preparing all the lumber necessary to divide the present school-room into two by means of a partition made of panels that can be taken down, and the whole will be finished, I suppose, by the end of next week.

Mr. the Secretary,

Knowing in advance the kindness with which you deal with the demands made to you and the eagerness with which you answer to correspondence addressed to you, gives me the hope that I will be well received.

I therefore very respectfully submit the following. You are indeed aware of the fact that we have two of our Sisters who are engaged by the department of Ottawa to teach the Indians of Pointe Bleue, and as they have not received any pay for their services of 1911-12 (scolar year) I would be glad to receive some information about this matter. Some explanations on this subject would render us great service. We are so much more astonished of this deficiency, that our Sisters of Bersiamits receive their salary regularly every three months. Were the poor teachers of Pointe Bleue forgotten or would it be negligence on the part of the Agent. We know nothing of it. What we do know is that our \$450.00 that we should have received, we have nothing yet and as we are very poor, we would be at ease if our sisters were paid.

I am really under the impression that Mr. the Secretary, who is always so zealous for the cause of education, that you are not aware of these facts, It is the reason why I am bringing this matter to your attention with

Messieurs,

Je vous écris d'ici, Papineauville, où je fais la classe cette année pour savoir si vous serez indulgents jusqu'à la fin avec moi.

Lorsque j'eus de l'argent pour des arbres de Noël à la Pointe-Blanc j'achetai les choses nécessaires pour vêtement de Santa-Claws et décoration pour l'arbre; ces choses ne me paraissant d'aucune utilité à l'école je les gardai. J'écrivis par la suite à l'Agent pour savoir ce que je devais en faire et il ne m'a pas répondu. Je les ai encore en ma possession. J'ai utilisé les vêtements pour moi-même. Veuillez donc me dire une dernière fois si vous me donnez ces choses pour lesquelles je crains d'engager ma

Gentlemen,-

I write you from here, Papineauville, where I am teaching school this year, to find out whether you will be indulgent to the end with me.

When I had money for the Christmas tree at Pointe Bleue, I purchased the things necessary for clothing Santa Claus and decorating the tree. These things not appearing to me to be of any use at the school, I kept them. I wrote afterwards to the agent to learn what I ought to do with them, and he has not replied. I still have them in my possession. I have used the clothing for myself. Will you please tell me for the last time whether you will give me these things, about which my conscience is troubling me. I shall be very much obliged to you.

Believe me, Sir,

Your humble servant,

Berthe Potvin

ROBERVAL, 8 août 1913.

Monsieur le Surintendant,

J'ai l'honneur de vous présenter mon rapport général pour l'année 1912-13.

Il n'y a eu, dans le cours de cette année, aucun événement saillant. Les progrès se continuent. Au point de vue éducatif comme au point de vue agricole, industriel, ou commercial, le Lac-St-Jean se développe et se transforme sous la poussée vigoureuse et féconde de ses habitants et... du gouvernement sans doute, par les généreux octrois qu'il accorde chaque année.

Dans toutes les municipalités, les salaires ont été augmentés de 15 à 20%. Pour les écoles élémentaires, la moyenne des salaires est de \$145.00 contre \$128.12 en 1911-12; pour les écoles modèles, cette moyenne n'est que de \$165.00 contre \$162.00 l'année dernière, parce que la plupart de ces écoles sont tenues par des religieuses ou d'anciennes institutrices, qui sont moins attachées à l'argent qu'à leurs chers élèves; probablement aussi parce que le gouvernement, pour ces écoles, n'a fixé aucun minimum, ce qui aurait dû être fait. Mais je suis heureux de vous dire qu'à l'avenir ces salaires seront portés à deux cents piastres et plus.

J'inscris dans un tableau d'honneur la liste des municipalités qui ont accordé un salaire minimum de \$150.00 à leurs institutrices, savoir: Saint-Gédéon, Saint-André, Sainte-Edwidge, Saint-Jérôme, village, Roberval, paroisse, Saint-Prime, Rivière-au-Doré, Sainte-Lucie-d'Albanel, Saint-Edouard-de-Péribonka et la Pointe-de-la-Savanne. Cette liste aurait été beaucoup plus longue si au dernier moment quelques-unes des municipalités les mieux disposées n'avaient pas été obligées d'engager quelques institutrices non-diplômées et sans référence.

Il est regrettable que notre comté soit aussi pauvre en institutrices. Cinquante-huit écoles ont été tenues par des jeunes filles sans diplôme. Quelques-unes de ces personnes ont certes de bonnes dispositions, et celles-là, je les engage à se présenter, mais c'est le petit nombre; la masse ne donne point satisfaction. En certains cas, il vaudrait autant laisser les écoles fermées.

La solution de ce problème du personnel enseignant est très éloignée, tant que l'enseignement ne sera point devenu une carrière enviée, par conséquent, tant que les salaires n'auront pas atteint au moins le double de ceux d'aujourd'hui. D'autre part, cette augmentation est intimement liée à la compétence des institutrices.

Un beau mouvement cependant qui se manifeste depuis deux ou trois ans, et que je suis heureux de vous signaler, c'est l'établissement de six nouvelles écoles modèles dans les paroisses de Saint-Michel-de-Mistassini, Saint-André, Rivière-au-Doré, Saint-Prime, Saint-Edouard-de-Pérignon et Sainte-Lucie-d'Alban, ce qui en porte le nombre à treize.

Ces nouvelles classes, en effet, tout en relevant le niveau de l'instruction, contribueront à nous préparer un plus grand nombre de jeunes filles à l'enseignement. Une maille manquait à la chaîne. Dans un trop grand nombre de paroisses, il y avait un vide, entre la petite école élémentaire et le couvent ou l'école normale, que bien peu songeait à franchir, — les parents étant ou trop pauvres ou pas assez convaincus des aptitudes de leurs enfants pour entreprendre de plus fortes dépenses.

Il me fait plaisir de constater que ces classes sont bien suivies. Des enfants qui avaient abandonné la petite école pour toujours sont retournés à l'école modèle : que dis-je, des institutrices, non diplômées sans doute, sont descendues de la tribune pour aller s'asseoir aux rangs des élèves afin de continuer des études, qu'elles n'auraient jamais reprises sans l'accès facile de ces classes.

Ce cours qui était suivi par 177 élèves en 1910 l'est maintenant par 227, ce nombre ne devra qu'augmenter.

Ainsi donc, ces écoles, tout en répandant une instruction plus solide et plus avancée, permettront au Lac Saint-Jean d'avoir ses institutrices, de compter sur ses propres forces.

Sur les six écoles nouvelles construites en 1912, je n'en ai reçu que deux. Les autres ne sont pas terminées ou devront subir d'importantes améliorations avant de pouvoir l'être.

A l'avenir je vais inviter les municipalités à montrer plus de prudence dans l'octroi des contrats, et à solder moins promptement la note des entrepreneurs.

Aucune école ne devrait être reçue que six mois après la fin des travaux. Une retenue de dix à quinze pour cent devrait être aussi faite pour couvrir les risques des municipalités.

Je vous recommande comme méritant une prime, les municipalités suivantes :

Saint-François-de-Sales, construction de deux écoles et ameublement.....	\$60 00
Saint-Henri-de-Taillon, construction d'une école et ameublement.....	50 00
Saint-Louis-de-Métabetchouan, construction d'une école.....	40 00
Saint-Prime, construction d'une école.....	35 00
Saint-André, réparations à l'école No 2.....	30 00

Les primes de succès pour l'enseignement ont été méritées par Mlles Attala Simard, Hermance Boies, Mme Léontine St-Pierre, Antonia Boulay, Marie Lavoie, Nellie Pelletier, Julie Renaud, Mme Robert Fortin, Eva Bouchard, Marie-Anna Fortin, Hélène Lindsay, Lénora Coulombe, Maria Maltais, Florestine Villeneuve et Jeanne Lebrun.

Se sont également distinguées dans l'enseignement : M. Stéphane J. Beaubien, Bernadette Turcotte, Anna Lapointe, Virginie Desbiens, Laurette Coulombe, Jeanne Coulombe, Mme Adélard Boulay, Marie-Louise Bouchard, Alma Bouchard, Corinne Michaud, Aimée Ménard, Alberta Côté, Rosanna Gilbert, Emélie Tremblay, Claudia Giguère, Alice Audet, Virginie Gagnon, Jeanne Bilodeau, Mmes Jean Fradet, Emélie L'Abbé Juneau, Alberta Vézina.

Les écoles tenues par des religieuses et des religieux ont obtenu d'excellents résultats.

Le couvent des Ursulines de Roberval a été fréquenté par 366 élèves. Il est à désirer qu'une école normale soit bientôt annexée à cette maison, car les vingt-cinq à trente jeunes filles diplômées qui sortent tous les ans de celle de Chicoutimi ne sont pas assez nombreuses pour combler les vides dans quatre comtés comme ceux du Lac Saint-Jean, Chicoutimi, Saguenay et Charlevoix.

L'école des Indiens de la Pointe-Bleue compte 113 élèves. C'est la plus forte inscription qui se soit jamais vue. Je constate que l'emploi de la

The Indian school at Pointe Bleue has 113 pupils. This is the highest enrolment that has ever been seen. So secure that the use of the method called 'maternal' for teaching the French language to these little Indians obtains magnificent results.

méthode dite maternelle pour l'enseignement de la langue française à ces petits sauvages obtient de magnifiques résultats.

A Vauvert, près de Péribonka, trente-trois orphelins reçoivent l'instruction et les soins des bons Frères Saint-François Régis. Dans un de mes précédents rapports, j'ai déjà dit un bon mot de cet orphelinat, qui est appelé à rendre de précieux services à cette région. L'œuvre se développe et elle est de mieux en mieux appréciée du public.

L'inscription aux écoles est de 5,163 élèves sur un total de 6,520 enfants en âge de fréquenter les écoles, soit 79%. La présence moyenne est de 75%.

Un ami de France, qui a vécu quelque temps au milieu de nous et qui a laissé un excellent souvenir, a eu la gracieuseté de m'adresser cent cinquante volumes de "La Douce France" de René Bazin, pour en distribuer un exemplaire dans chaque école. C'est une pensée généreuse, car ce charmant petit livre, écrit pour les écoliers de France, n'en est pas moins très intéressant pour un petit Canadien français. Il lui apprendra à mieux connaître et à mieux aimer la vraie France.

En nous faisant remettre des livres de récompense canadiens, votre département donne un exemple qui sera suivi, je l'espère, des municipalités. Ces livres ont été très appréciés des élèves et des parents.

Les octrois accordés à même le fonds des écoles pauvres ne sont pas très élevés. Une augmentation de ce chef serait bien vue des municipalités intéressées. Ces municipalités pauvres s'imposent de réels sacrifices pour le soutien de leurs écoles et l'on ne saurait trop les aider. Voici les noms de celles que je vous recommande: Saint-Edouard-de-Péribonka, Saint-Amédée-de-Péribonka, Mistassini, Albanel, Saint-Méthode, Rivière-au-Doré, Saint-Edwidge, Saint-Thomas-d'Aquin, Saint-François-de-Sales, Saint-André, Saint-Nazaire, Saint-Henri, Honfleur et Doucet.

Honorable Boucher de LaBruère,

Surintendant de l'Instruction publique,
Québec.

Monsieur le Surintendant:-

J'ai l'honneur de vous transmettre mon rapport de la visite que j'ai faite à l'école des sauvages de la Pointe-Bleue, mardi le 30ième jour de décembre dernier, en compagnie du Révérend Père Boyer, curé de la mission et de M. Armand Tessier, agent de cette réserve.

L'examen a porté sur toutes les branches du cours jusqu'à la 5ième année inclusivement. Les progrès depuis le commencement de l'année sont excellents et il m'a fait plaisir de féliciter les deux bonnes sœurs Marie-Antoinette et St-Raphaël de leurs succès. L'ordre le plus parfait et la plus grande propreté règnent partout.

Le département des Affaires Indiennes a fait faire durant les vacances d'importantes améliorations à la maison d'école. Je note particulièrement un système de ventilation parfait et que je voudrais voir dans toutes les écoles. Je dois féliciter ce département de sa sollicitude envers ces sauvages.

Comme ce rapport lui sera transmis, permettez-moi d'attirer son attention sur le besoin de clôturer l'emplacement de cette école afin de permettre aux bonnes institutrices d'y faire un jardin scolaire. Autour de cet emplacement on pourrait fort bien planter une belle rangée d'arbres.

Je ne puis terminer ce rapport sans dire un bon mot à l'égard de monsieur l'Agent. Depuis que cette réserve a été placée sous sa surveillance, nous constatons que son activité s'exerce partout et pour le bien de pauvres Indiens.

J'annexe à ce rapport mon rapport personnel
Votre obéissant serviteur.

Monsieur,

Inclus le rapport trimestriel de l'école des sauvages de Pointe Bleue, ainsi qu'une réquisition pour le salaire des institutrices, une réquisition pour livres d'école et un compte pour lavage des planches des deux classes de l'école.

Je regrette d'avoir à vous dire que la maladie a forcé la Sœur St. Rose à se retirer de l'enseignement. Elle s'est tombée malade aux premiers jours d'octobre dernier et s'étant fait remplacer temporairement par la Sœur St. Marie Antoinette. Comme la Sœur St. Rose ne pourra retourner à sa classe cette année, la Sœur Antoinette lui a succédé définitivement. C'est une excellente institutrice qui nous donne absolument satisfaction et qui saura remplacer avantageusement la Sœur St. Rose. D'ailleurs, j'ai eu devoir prendre des informations à son égard et je vous inclus la lettre de M. l'Inspecteur des Ecoles Bailely relative-ment à ses capacités comme institutrice.

Je joins aussi à la présente lettre pour l'information du Département les rapports de M. l'Inspecteur Bailely au Superintendent de l'Instruction Publique à Québec, l'honorable M. De la Breyère, au sujet de l'école de ma réserve, laquelle en tout et pour tout a remporté la note "excellente", qui, j'en l'espère, rejoindra les officiers du Département qui se consacrent au développement de l'éducation et de l'instruction chez les sauvages -

Sir,-

I have the honour to transmit herewith my report of the visit that I made to the Indian school at Pointe Bleue on Tuesday, the 30th day of December, last, in company with the Rev. Father Boyer, parish priest for the Mission, and Mr. Armand Tessier, agent of that reserve.

The examination ^{was} conducted in all the branches of the course up to the fifth year inclusively. The progress since the beginning of the year is excellent, and it gave me pleasure to congratulate the two good sisters, Marie Antoinette, St. Raphael, on their success. Order was perfect and the greatest neatness prevailed everywhere.

The Department of Indian Affairs during the holidays had important improvements made to the school-house. I note particularly a perfect system of ventilation, which I should like to see in all the schools. I ~~must~~ must to congratulate that Department on its solicitude in regard to the Indians.

As this report will be transmitted to that Department, permit me to call its attention to the need of fencing ~~the~~ the school site in order to allow the good teachers to make a school garden there. Around this lot a nice row of trees might be planted.

I cannot finish this report without saying a good word in regard to the agent. Since this reserve has been placed under his care, we have observed that his activity is exercised everywhere for the good of these poor Indians.

I annex hereto my general report.

Sir,-

I inclose the quarterly report on the Indian school at Pointe Bleue as well as a requisition for the salary of the teachers, a requisition for school books, and an account for scrubbing the floors of the two classrooms.

I regret to have to say that illness has compelled the Rev. Sister Mary of the Holy Rosary to retire from teaching. She became ill in the early part of October, last, and was replaced temporarily by the Rev. Sister Marie Antoinette. As Sister Mary of the Holy Rosary will not be able to resume her class this year, Sister Marie Antoinette has taken her place permanently. She is an excellent teacher, giving us thorough satisfaction, and she will replace Sister Mary of the Holy Rosary to advantage. Besides, I thought it well to obtain information in regard to her, and I inclose herewith a letter from Mr. Boily, school inspector, in respect to her ability as a teacher.

I attach also to this letter, for the information of the Department, reports from Inspector Boily to the Supt. of Public Education at Quebec, the Hon. Mr. De la Bruyere, on the subject of the school on my reserve, which bears the note 'excellent' everywhere, which I hope will please the officers of the Department, who devote themselves to the development of education and instruction among the Indians.
